Correction

Need and Uses: Executive Order 12862 directs Federal agencies to provide service to the public that matches or exceeds the best service available in the private sector. In order to work continuously to ensure that the Department of Commerce (DOC) programs are effective and meet our customers’ needs we use a generic clearance process to collect qualitative feedback on our service delivery. This collection of information is necessary to enable DOC to garner customer and stakeholder feedback in an efficient, timely manner, in accordance with our commitment to improving service delivery. The information collected from our customers and stakeholders will help ensure that users have an effective, efficient, and satisfying experience with the programs. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between DOC and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

We continue to solicit public comments to permit the Department/ Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and

Pursuant to section 766.24 of the Export Administration Regulations, 15 CFR parts 730–774 (2021) ("EAR" or "the Regulations"),¹ I hereby grant the request of the Office of Export Enforcement ("OEE") to renew the temporary denial order ("TDO") issued in this matter on December 13, 2022. I find that renewal of this order is necessary in the public interest to prevent an imminent violation of the Regulations.

¹ On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which includes the Export Control Reform Act of 2018, 50 U.S.C. 4801–4852 ("ECRA").
