SUPPLEMENTARY INFORMATION:

Background

The section 515 Rural Rental Housing program loan portfolio includes nearly 14,000 Multifamily Housing (MFH) properties in rural areas nationwide. Approximately 80 percent of units financed with a section 515 loan also receive section 521 Rental Assistance (RA), a project-based tenant rent subsidy. By statute, when a section 515 mortgage matures or is terminated, the property is no longer eligible to receive section 521 RA, adversely impacting residents and creating an elevated risk of loss of affordable units in the section 515 portfolio. Between 2023 and 2033, approximately 137,000 affordable housing units will be lost due to maturing section 515 mortgages, with a potential to lose approximately 333,000 units by the year 2050.

For owners willing to continue providing affordable housing upon mortgage maturity, the agency is currently limited to debt modifications and deferrals to keep the section 515 mortgages in place, which enables the

continued availability of RA. However, maintaining the section 515 mortgage with currently available preservation tools may adversely impact the property by discouraging critical investments from other local, State, and Federal sources or create a lack of equity for further recapitalization.

Decoupling of section 515 from section 521 Rental Assistance is a tool for preservation of rural multifamily housing properties. It will allow for the continuation of the project-based RA to MFH tenants, who had an average annual household income of approximately \$13,000 in Fiscal Year 2022, while also encouraging new third-party investment and recapitalization of the aging MFH portfolio.

Meeting Agenda

The Fiscal Year 2023 President's Budget included a request to decouple section 521 RA from section 515 loans to facilitate the rehabilitation and preservation of the Multifamily Housing loan portfolio. Congress directed USDA to conduct a series of stakeholder meetings and provide a report on how decoupling would be implemented. Therefore, RHS MFH is seeking stakeholder input on how decoupling might impact the current section 515 and section 521 policies, program requirements and operations. In addition to participating in the listening sessions, stakeholders may provide written comments to the agency on MFH decoupling until July 31, 2023. Comments may be submitted to Decoupling@usda.gov.

After the listening sessions, a report will be developed for Congress summarizing stakeholder input and identifying strategies for implementation of MFH decoupling.

Administrator, Rural Housing Service.

The period of investigation is April 1, 2022, through September 30, 2022. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable June 15, 2023.

FOR FURTHER INFORMATION CONTACT: Laurel LaCivita or Matthew Palmer, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4243 or (202) 482–1678, respectively.

Scope Comments

In accordance with the preamble to Commerce’s regulations,³ the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).⁴ Northern Tool + Equipment, Inc. (NTE) commented on the scope of the investigation, requesting the addition of exclusion language to the scope as it appeared in the *Initiation Notice*.⁵ FNA Group, Inc. Methodology

Commerce is conducting this investigation in accordance with section 731 of the Act.
