SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the

floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after

FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at https://www.floodsrp.org/pdfs/srp_overview.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

DEPARTMENT OF HOMELAND SECURITY

[Docket Number DHS-2023-0013]

Agency Information Collection Activities: DHS Individual Complaint of Employment Discrimination, 1610-0001

AGENCY: Department of Homeland Security (DHS).

ACTION: 30-day notice and request for comments; generic clearance for formative data collections for evaluations, research, and evidence building.

SUMMARY: The Department of Homeland Security, DHS will submit the following information collection request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995. DHS previously published this information collection request (ICR) in the **Federal Register** on 03/21/2023, for a 60-day public comment period. No comments were received by DHS. The purpose of this notice is to allow additional 30-days for public comments.

DATES: Comments are encouraged and will be accepted until July 17, 2023. This process is conducted in accordance with 5 CFR 1320.10.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent

within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

SUPPLEMENTARY INFORMATION: This form provides information necessary for processing formal complaints of employment discrimination in accordance with EEOC Management Directive (EEO-MD) 110, and 29 CFR part 1614. It is the policy of the Government of the United States to provide equal opportunity in employment for all persons, to prohibit discrimination in employment because of race, color, religion, sex (including pregnancy, gender identity, and sexual orientation), national origin, age,

disability, protected genetic information, or status as a parent, and to promote the full realization of equal employment opportunity (EEO) through a continuing affirmative program in each agency.

Persons who claim to have been subjected to these types of discrimination, or to retaliation for opposing these types of discrimination or for participating in any stage of administrative or judicial proceedings relating to them, can seek a remedy under title VII of the Civil Rights Act (title VII) (42 U.S.C. 2000e *et seq.*) (race, color, religion, sex (including pregnancy, gender identity, and sexual orientation), national origin), the Age Discrimination in Employment Act (ADEA) (29 U.S.C. 621 *et seq.*) (age), the Equal Pay Act (29 U.S.C. 206(d)) (sex), the Rehabilitation Act (29 U.S.C. 791 *et seq.*) (disability), the Genetic Information Nondiscrimination Act (GINA) (42 U.S.C. 2000ff *et seq.*) (genetic information), and Executive Order 11478 (as amended by Executive Orders 13087 and 13152) (sexual orientation or status as a parent).

The Department of Homeland Security (DHS), Office for Civil Rights and Civil Liberties (CRCL) adjudicates discrimination complaints filed by current and former DHS employees, as well as applicants for employment at DHS. The complaint adjudication process for statutory rights is outlined in the Equal Employment Opportunity Commission (EEOC) regulations found at title 29, Code of Federal Regulations, part 1614, and EEOC Management Directive 110. For complaints alleging discrimination prohibited by Executive Order 11478, DHS follows procedures similar to the procedures for statutory rights, to the extent permitted by law.

The recordkeeping provisions are designed to ensure that a current employee, former employee, or applicant for employment claiming to be aggrieved or that person's attorney provide a signed statement that is sufficiently precise to identify the aggrieved individual and the agency and to describe generally the action(s) or practice(s) that form the basis of the complaint. The complaint must also contain a telephone number and address where the complainant or the representative can be contacted. The complaint form is used for original allegations of discrimination but also for amendments to underlying complaints of discrimination. The form also determines whether the person is willing to participate in mediation or other available types of alternative dispute resolution (ADR) to resolve their complaint; Congress has enacted

legislation to encourage the use of ADR in the Federal sector and the form ensures that such an option is considered at this preliminary stage of the EEO complaint process.

A complainant may access the complaint form on the agency website and may submit a completed complaint form electronically to the relevant Component's EEO Office. The complaint form can then be directly uploaded into the DHS EEO Enterprise Complaints Tracking System, also known as "iComplaints."

There is no change or adjustment to the burden associated with the collection of information associated with the DHS complaint form. DHS is not proposing to make any changes to the DHS complaint form. This request is a renewal of the current ICR collection expiring in 60 days.

This is a renewal of the ICR request.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.

Based on an average of the formal EEO complaints filed at DHS during Fiscal Years 2014 through 2021, there are approximately 1,200 respondents each year. Of the 1,200 respondents, 1,064 are Federal employees who are exempt (noted below). We estimate the information collection to take approximately 30 minutes.

136 respondents \times ½ hour = 68 hours

3. Enhance the quality, utility, and clarity of the information to be collected; and

This information collection is conducted in manner consistent with the guidelines in 5 CFR 1320.5(d)(2).

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submissions of responses. A complainant may access the complaint form on the agency website and may submit a completed complaint form electronically to the relevant Component's EEO Office. The complaint form can then be directly uploaded into the DHS EEO Enterprise

Complaints Tracking System, also known as "iComplaints."
