SUPPLEMENTARY INFORMATION:

A. Background

The Commission has promulgated several standards under section 4 of the Flammable Fabrics Act (FFA; 15 U.S.C. 1193) to prohibit the use of dangerously flammable textiles and related materials in wearing apparel. Clothing and fabrics intended for use in clothing (except children's sleepwear in sizes 0 through 14) are subject to the Standard for the Flammability of Clothing Textiles (16 CFR part 1610). Clothing made from vinyl plastic film and vinyl plastic film intended for use in clothing (except children's sleepwear in sizes 0 through 14) is subject to the Standard for the Flammability of Vinyl Plastic Film (16 CFR part 1611). This standard prescribes a test to ensure that articles of wearing apparel, and fabrics and film intended for use in wearing apparel, are not dangerously flammable because of rapid and intense burning. (Children's sleepwear and fabrics and related materials intended for use in children's sleepwear in sizes 0 through 14 are subject to other, more stringent flammability standards codified at 16 CFR parts 1615 and 1616.)

Section 8 of the FFA (15 U.S.C. 1197) provides that a person who receives a guaranty in good faith that a product complies with an applicable flammability standard is not subject to criminal prosecution for a violation of the FFA resulting from the sale of any product covered by the guaranty. The CPSC uses the information compiled and maintained by firms that issue these guaranties to help protect the public from risks of injury or death associated with flammable clothing and fabrics and vinyl film intended for use in clothing. In addition, the information helps the CPSC arrange corrective actions if any products covered by a guaranty fail to comply with the applicable standard in a manner that creates a substantial risk of injury or death to the public. Section 8 of the FFA requires that a guaranty must be based on "reasonable and representative tests." The testing and recordkeeping requirements for firms that issue guaranties are set forth under 16 CFR part 1610, subpart B, and 16 CFR part 1611, subpart B.

B. Burden

The CPSC estimates that approximately 1,000 firms issue guaranties. Although the CPSC's records indicate that approximately 675 firms have filed continuing guaranties with the Commission, staff believes

additional guaranties may be issued that are not filed with the Commission, because continuing guaranties are not required to be filed with the Commission. Accordingly, staff has rounded the estimated number of firms upwards to 1,000 to account for those additional guaranties. Staff has estimated the burden hours based on an estimate of the time for each firm to conduct testing, issue guaranties, and establish and maintain associated records.

- **Burden Hours per Firm**—An estimated 5 hours for each test series per firm, using either the test and conditioning procedures in the regulations or alternate methods. Although many firms are exempt from testing to support guaranties under 16 CFR 1610.1(d), CPSC staff does not know the proportion of those firms that are testing versus those that are exempt. Thus, staff has included testing for all firms in the burden estimates.

- **Guaranties Issued per Firm**—On average, 20 new guaranties are issued per firm per year for new fabrics or garments.

- **Estimated Annual Testing Time per Firm**—100 hours per firm (5 hours for testing × 20 guaranties issued = 100 hours per firm).

- **Estimated Annual Recordkeeping per Firm**—1 hour to create, record, and enter test data into a computerized dataset; 20 minutes (= 0.33 hours) for annual review/removal of records; 20 minutes (= 0.33 hours) to respond to one CPSC records request per year; for a total of 1.7 recordkeeping hours per firm (1 hour + .33 hours + .33 hours = 1.7 hours per firm).

- **Total Estimated Annual Burden Hours per Firm**—100 hours estimated annual testing time per firm + 1.7 estimated annual recordkeeping hours per firm = 101.7 hours per firm.

- **Total Estimated Annual Industry Burden Hours**—101.7 hours per firm × 1,000 firms issuing guaranties = 101,700 industry burden hours. The total annual industry burden imposed by the flammability standards for clothing textiles and vinyl plastic film and enforcement regulations on manufacturers and importers of garments, fabrics, and related materials is estimated to be approximately 101,700 hours (101.6 hours per firm × 1,000 firms).

- **Total Annual Industry Cost**—The hourly wage for the testing and recordkeeping required by the standards is approximately \$72.91 (for management, professional, and related occupations in goods-producing industries, Bureau of Labor Statistics, September 2022), for an estimated

annual cost to the industry of approximately \$7.4 million (101,700 × \$72.91 per hour = \$7,414,947).

Abstract: The College Cost Reduction and Access Act (Pub. L. 110–84) (the CCRAA) established the Teacher Education Assistance for College and Higher Education (TEACH) Grant Program under Part A of the Higher Education Act of 1965, as amended (the HEA). The regulations governing the TEACH Grant Program are in 34 CFR 686. The Department of Education (the Department) is requesting extension without change of this information collection for the TEACH Grant regulations under 34 CFR 686.43.

The TEACH Grant Program provides grants of up to \$4,000 per year to undergraduate and graduate students who are completing, or who intend to complete, coursework necessary to begin a career in teaching. In exchange for receiving a TEACH Grant, a grant recipient must agree to complete a teaching service obligation and must regularly provide documentation of his or her progress toward satisfying the service obligation. If a grant recipient fails to complete the service obligation or does not meet requirements for documenting the service obligation, the TEACH Grants that the individual received are converted to a Direct Unsubsidized Loan that must be repaid, with interest charged from the date of each TEACH Grant disbursement.

The regulations govern when a TEACH Grant will be converted to a Direct Unsubsidized Loan, as well as provide for annual notifications from the Secretary to the recipient regarding the status of a recipient's TEACH Grant service obligation. Under the regulations, a TEACH Grant recipient can request conversion if the recipient decides not to fulfill the TEACH Grant obligations for any reason or if the recipient fails to begin or maintain qualifying teaching service within a timeframe to complete the service obligation in the requisite eight-year period. Additionally, the regulations describe the notifications the Secretary will annually send to all TEACH Grant recipients regarding the service obligation requirements.
