of the information being collected to the public.

DOL experience shows that the number of applicants to our public data services will vary considerably but will almost certainly exceed 10 or more persons (ref: 5 CFR 1320.3(c)(4)(ii)), so DOL seeks to obtain and maintain PRA clearance to conduct this information collection.

II. Desired Focus of Comments

OASP is soliciting comments concerning an information collection of user registrations to access a public Application Programming Interface providing machine readable subsets of public data generated by DOL programs and activities. OASP is particularly interested in comments that:

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information has practical utility;
- Evaluate the accuracy of OASP's estimate of the burden related to the information collection, including the validity of the methodology and assumptions used in the estimate;
- Suggest methods to enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the information collection on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Background documents related to this information collection request are available at https://regulations.gov and at DOL-OASP, located at Office of the Assistant Secretary for Policy, Room S2312, 200 Constitution Avenue NW, Washington, DC 20210. Questions about the information collection requirements may be directed to the person listed in the FOR FURTHER INFORMATION CONTACT section of this notice.

III. Current Actions

This information collection request concerns user registrations to access a public Application Programming Interface providing machine readable subsets of public data generated by DOL programs and activities.
