SUPPLEMENTARY INFORMATION:

I. Background

FDA is announcing the availability of a draft guidance for industry entitled "Formal Dispute Resolution and Administrative Hearings of Final

Administrative Orders Under Section 505G of the Federal Food, Drug, and Cosmetic Act.” This draft guidance provides recommendations for industry and review staff on the formal dispute resolution and administrative hearings procedures for resolving scientific and/or medical disputes between CDER and requestors¹ and sponsors² of drugs that will be subject to a final order under section 505G of the FD&C Act (21 U.S.C. 355h).

Section 505G of the FD&C Act was added by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) (Pub. L. 116–136), which was enacted on March 27, 2020. After FDA issues a final order in accordance with section 505G(b)(2) of the FD&C Act, FDA must afford eligible requestors or sponsors the opportunity for formal dispute resolution (FDR) and hearings on disputes over the final order. This draft guidance describes the FDR procedures for eligible requestors or sponsors that wish to appeal a scientific and/or medical issue related to a final order. This draft guidance also outlines the procedures for an administrative hearing related to a final order. Finally, as required by section 505G(l)(4) of the FD&C Act, this draft guidance describes the procedures for consolidated proceedings for FDR and hearings to resolve the scientific and/or medical disputes.

In support of the CARES Act, FDA agreed to specific performance goals and procedures described in the document “Over-the-Counter Monograph User Fee Program Performance Goals and Procedures—Fiscal Years 2018–2022,” commonly referred to as the OMFUA commitment letter (the document can be accessed at <https://www.fda.gov/media/106407/download>, and the document with updated goal dates for fiscal years 2021–2025 can be accessed at <https://www.fda.gov/media/146283/download>). The OMFUA commitment letter specifies that FDA will revise the guidance for industry and review staff entitled “Formal Dispute Resolution: Sponsor Appeals Above the Division Level” (existing FDR guidance), available at <https://www.fda.gov/media/126910/download>, to include circumstances and procedures under which FDR may be used with respect to

¹ Requestor is defined in section 505G(q)(3) of the FD&C Act as any person or group of persons marketing, manufacturing, processing, or developing a drug.

² Sponsor is defined in section 505G(q)(2) of the FD&C Act as any person marketing, manufacturing, or processing a drug that is listed pursuant to section 510(j) of the FD&C Act and is or will be subject to an administrative order under section 505G of the FD&C Act.

final orders under section 505G of the FD&C Act. In addition, consistent with the statutory requirement under 505G(l)(4), the OMFUA commitment letter explains that FDA will issue guidance on its views regarding best practices for consolidated proceedings for appeals.

For administrative efficiency, rather than amend the existing FDR guidance to include FDR procedures for final orders and issue a separate guidance for consolidated proceedings for appeals, FDA is issuing this single draft guidance. This draft guidance addresses the process for resolving scientific and/or medical disputes of final orders, including FDR, administrative hearings, and consolidated proceedings. FDA has incorporated recommendations from the existing FDR guidance as appropriate.

This draft guidance is being issued consistent with FDA’s good guidance practices regulation (21 CFR 10.115). The draft guidance, when finalized, will represent the current thinking of FDA on “Formal Dispute Resolution and Administrative Hearings of Final Administrative Orders Under Section 505G of the Federal Food, Drug, and Cosmetic Act.” It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations.

II. Paperwork Reduction Act of 1995

Under section 505G(o) of the FD&C Act, the Paperwork Reduction Act of 1995 does not apply to collections of information made under section 505G of the FD&C Act. The information collections made in this guidance implement the provisions of the following subsections of 505G:

(1) Section 505G(l)(4), which requires FDA to issue guidance that specifies the consolidated proceedings for appeal and the procedures for such proceedings where appropriate;

(2) Section 505G(b)(2)(A)(iv)(III), which requires that FDA afford requestors of drugs that will be subject to final administrative orders the opportunity for formal dispute resolution up to the level of the Director of CDER;

(3) Section 505G(b)(3) and section 505G(b)(4)(E), which allow persons who participated in each stage of FDR with respect to a drug to request a hearing concerning a final administrative order with respect to such drug. Under Section 505G(b)(3)(C)(ii), a single hearing may be conducted if more than one request is submitted with respect to the same administrative order; and

(4) Section 505G(j), which requires that all submissions must be in electronic format.

Therefore, clearance by the Office of Management and Budget under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3521) is not required for these collections of information.

In addition, this guidance does refer to previously approved FDA collections of information. The previously approved collections of information are subject to review by OMB under the PRA. The collections of information for OTC monograph products, OTC monograph order requests, and the OTC Monograph User Fee Program have been approved under OMB control number 0910–0340.
