

- Upon agreement between OMB and the agency all or a subset of information may be released as part of A–11, Section 280 requirements only on *performance.gov*. Additionally, summaries of customer research and user testing activities may be included in public-facing customer journey maps and summaries.

- Additional release of data must be done coordinated with OMB.

This clearance will help the Agency to establish a process where customer experience is regularly monitored and measured. The results will assist the Agency in the planning and decision-making processes to improve the quality of the Agency's products and services.

Results from feedback activities and surveys will be used to measure against established baseline standards and for measuring the Agency's progress toward defined goals.

There are neither legal nor technical obstacles to the use of technology in these information collection activities. The determination to use technology, and which technology to use, will be based on the type of information collected and the utility and the availability of specific technology to each respondent in a proposed customer research activity or feedback survey.

The information collected in these surveys will represent the minimum burden necessary to evaluate customer experience with the Agency's programs and processes. The Agency will minimize the burden on respondents by sampling as appropriate, asking for readily available information, and using short, easy-to-complete information collection instruments.

Without regular mechanisms for collecting and generating customer insights, the Agency is not able to provide the public with the highest level of service. These activities will be coordinated to ensure that most individual respondents will not be asked to respond to more than one survey instrument per transaction or to participate in more than one qualitative feedback or testing activity.

Activity and survey instructions will provide all necessary assurances of confidentiality to the respondents. Although there is no requirement for such an assurance in statute, the quality of this type of information requires respondent candor and anonymity.

There are no changes to the burden or information being collected.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the

functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-6401-N-01]

Proposed Changes to the Methodology Used for Calculating Fair Market Rents

AGENCY: Office of the Assistant Secretary for Policy Development and Research, HUD.

ACTION: Notice of proposed changes for calculating Fair Market Rents (FMRs).

SUMMARY: The United States Housing Act of 1937 (USHA) requires the Secretary to publish FMRs periodically, but not less than annually, adjusted to be effective on October 1 of each year. The primary uses of FMRs are to determine payment standards for the Housing Choice Voucher (HCV) program, to determine initial renewal rents for some expiring project-based Section 8 contracts, and to serve as rent ceilings for rental units in both the HOME Investment Partnerships Program and the Emergency Solutions Grants Program and a primary rent standard option for the Housing for Opportunities for Persons With AIDS (HOPWA) program. HUD also uses FMRs in the calculation of maximum award amounts for Continuum of Care grantees and in the calculation of flat rents for Public Housing units. To better determine payment standards and related parameters for HUD programs, HUD proposes changes in how FMRs are calculated in this notice and seeks public comment on the proposed changes. This notice also responds to public comments that were submitted on the publication of Fiscal Year 2023 FMRs.

DATES: *Comment Due Date:* July 24, 2023.

ADDRESSES: HUD invites interested persons to submit comments regarding the proposed changes to the calculation of the FMRs to the Regulations Division, Office of General Counsel, Department of Housing and Urban Development, 451 7th Street SW, Room 10276, Washington, DC 20410-0001. Communications must refer to the above docket number and title and should contain the information specified in the "Request for Comments" section.

There are two methods for submitting public comments.

1. *Submission of Comments by Mail.* Comments may be submitted by mail to the Regulations Division, Office of General Counsel, Department of Housing and Urban Development, 451 7th Street SW, Room 10276, Washington, DC 20410-0500. Due to security measures at all Federal agencies, however, submission of comments by mail often results in delayed delivery. To ensure timely receipt of comments, HUD recommends that comments submitted by mail be submitted at least two weeks in advance of the public comment deadline.

2. *Electronic Submission of Comments.* Interested persons may submit comments electronically through the Federal eRulemaking Portal at <http://www.regulations.gov>. HUD strongly encourages commenters to submit comments electronically. Electronic submission of comments allows the commenter maximum time to prepare and submit a comment, ensures timely receipt by HUD, and enables HUD to make them immediately available to the public. Comments submitted electronically through the <http://www.regulations.gov> website can be viewed by other commenters and interested members of the public. Commenters should follow instructions provided on that site to submit comments electronically.

Note: To receive consideration as public comments, comments must be submitted through one of the two methods specified above. Again, all submissions must refer to the docket number and title of the notice.

No Facsimile Comments. *Facsimile (FAX) comments are not acceptable.*

Public Inspection of Public Comments.
