Needs and Uses: DFARS 211.274–6 prescribes the use of the clause at DFARS 252.211–7007, which requires contractors to report data to the DoD Item Unique Identification (IUID) Registry on all serially-managed Government-furnished property (GFP), as well as contractor receipt of non-serially managed items, unless an exception applies. “Serially managed item” means an item designated by DoD to be uniquely tracked, controlled, or managed in maintenance, repair, and/or supply systems by means of its serial number. The clause provides a list of specific data elements contractors are to report to the IUID registry in the GFP module, as well as procedures for updating the registry. DoD needs this information to strengthen the accountability and end-to-end traceability of GFP within DoD. Through electronic notification of physical receipt, DoD is made aware that GFP has arrived at the contractor’s facility. The DoD logistics community uses the information as a data source of available DoD equipment. In addition, the DoD organization responsible for contract administration uses the data to test the adequacy of the contractor’s property management system.

SUPPLEMENTARY INFORMATION:

Title and OMB Number: Defense Federal Acquisition Regulation Supplement (DFARS), Part 204, Administrative Matters and Related Clause at 252.204; OMB Control Number 0704–0225.

Affected Public: Businesses or other for-profit and not-for profit institutions.

Respondent’s Obligation: Required to obtain or retain benefits.

Frequency: On occasion.

Number of Respondents: 236.

Responses per Respondent:
Approximately 1.56.

Annual Responses: 369.

Average Burden per Response:
Approximately 3 hours.

Annual Burden Hours: 1,107.

Needs and Uses: DFARS 204.404–70(a) prescribes use of DFARS clause 252.204–7000, Disclosure of Information, in contracts that require the contractor to access or generate unclassified information that may be sensitive and inappropriate for release to the public. The clause requires the contractor to obtain approval of the contracting officer before release of any unclassified contract-related information outside the contractor’s organization, unless the information is already in the public domain. In requesting this approval, the contractor must identify the specific information to be released, the medium to be used, and the purpose for the release. Upon receipt of a contractor’s request, the Government reviews the information provided by the contractor to determine

if it is sensitive or otherwise inappropriate for release for the stated purpose.

Annual Responses: 44.

Average Burden per Response: 8 hours.

Annual Burden Hours: 352.

Needs and Uses: Administrative contracting officers use this information in making decisions to approve or disapprove a contractor's purchase system. The disapproval of a contractor's purchasing system would necessitate Government consent to individual subcontracts and possibly prompt a financial withhold or other Government rights and remedies. DFARS 244.305, Granting, Withholding, or Withdrawing Approval, provides policy guidance for administrative contracting officers to determine the acceptability of the contractor's purchasing system and approve or disapprove the system, at the completion of the in-plant portion of a contractor purchasing system review, and to pursue correction of any deficiencies with the contractor. DFARS clause 252.244-7001, Contractor Purchasing System Administration, requires the contractor to respond within 30 days to a written initial determination from the contracting officer that identifies significant deficiencies in the contractor's purchasing system. The contracting officer will evaluate the contractor's response to this initial determination and notify the contractor in writing of any remaining significant deficiencies, the adequacy of any proposed or completed corrective action, and system disapproval if the contracting officer determines that one or more significant deficiencies remain. If the contractor receives the contracting officer's final determination of significant deficiencies, the contractor has 45 days to either correct the significant deficiencies or submit an acceptable corrective action plan.

Needs and Uses:

• DFARS 252.232-7007, *Limitation of Government's Obligation*. The data submitted by contractors enables contracting officers to calculate

improved financing opportunities that will provide benefit to both industry (prime contractor and subcontractor level) and the taxpayer. DFARS 252.232-7007 is prescribed for use in solicitations and resultant incrementally-funded fixed-price contracts. Paragraph (c) of the clause requires a written notification from the contractor that: (1) states the estimated date when the total amount payable by the Government, including any cost for termination for convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable items; (2) states an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds or to a mutually agreed upon substitute date; and (3) advises the contracting officer of the estimated amount of additional funds that will be required for the timely performance of the items funded pursuant to the clause, for a subsequent period as may be specified in the allotment schedule or otherwise agreed to by the parties to the contract.

• DFARS subpart 232.10, *Performance-Based Payments, 252.232-7012, Performance Based Payments—Whole Contract Basis, and 252.232-7013, Performance Based Payments—Deliverable-Item Basis*. Contracting officers use the information provided by contractors to create a cash-flow model for use in evaluating alternative financing arrangements. The analysis tool calculates improved financing opportunities that will provide benefit to both industry (prime contractor and subcontractor level) and the taxpayer. DFARS subpart 232.10 requires the contracting officer, when considering performance-based payments, to obtain from the contractor a proposed performance-based payments schedule which includes all performance-based payments events, completion criteria and event values along with the expected expenditure profile.

DFARS 252.232-7012 requires contractors to report the negotiated value of all previously completed performance-based payments; negotiated value of current performance-based payment events; cumulative negotiated value of performance-based payment events completed to date; total costs incurred to date; cumulative amount of payments previously requested; and the payment amount requested for the current performance based payment. DFARS 252.232-7013 requires contractors to report the negotiated value of current performance-based payment events; cumulative negotiated value of
