

Title of Collection: RSA–509, Annual Protection and Advocacy of Individual Rights Program Performance Report.

OMB Control Number: 1820–0627.

Type of Review: A revision of a currently approved ICR.

Respondents/Affected Public: State, local, and Tribal Governments.

Total Estimated Number of Annual Responses: 57.

Total Estimated Number of Annual Burden Hours: 912.

Abstract: The Annual Protection and Advocacy of Individual Rights (PAIR) Program Performance Report (Form RSA–509) will be used to analyze and evaluate the PAIR Program administered by eligible protection and advocacy (P&A) systems in states and the P&A serving the American Indian Consortium. These systems provide services to eligible individuals with disabilities to protect their legal and human rights. RSA uses the form to meet specific data collection requirements of section 509(k) of the Rehabilitation Act of 1973 (Rehabilitation Act), as amended by title IV of the Workforce Innovation and Opportunity Act (WIOA), 29 U.S.C. 794e(k), and its implementing Federal regulations at 34 CFR 381.32. The data reported by PAIR grantees using the form include demographic information about the individuals served, information describing the types of issues addressed through individual and systemic advocacy, and information about the results of these activities. PAIR grantees must report annually using the form that is due on or before December 30 each year.

The collection of information through Form RSA–509 is necessary for RSA to furnish the President and Congress with data on the provision of PAIR services, as required by sections 13(a) and 509(k) of the Rehabilitation Act. Data reported by PAIR grantees through the RSA–509 have also helped RSA to establish a sound basis for future funding requests. RSA also uses data from the form to evaluate the effectiveness of eligible systems within individual States and the PAIR serving the American Indian Consortium in meeting annual priorities and objectives, pursuant to section 13(b) of the Rehabilitation Act. Last, RSA has found the RSA–509 data useful in projecting trends in the provision of services from year to year.

Several respondents are private not-for-profit organizations. RSA included the respondents and the national organization that represents them (National Disability Rights Network (NDRN)) in the initial development of this collection of information in an effort to ensure that the information

requested could be provided with minimal burden to the respondents.

Nuclear Energy Advisory Committee

AGENCY: Office of Nuclear Energy, Department of Energy.

ACTION: Notice of amendment.

SUMMARY: Pursuant to the Federal Advisory Committee Act, and following consultation with the Committee Management Secretariat, General Services Administration, notice is hereby given that the Nuclear Energy Advisory Committee's charter has been amended to include a regular Government employee designation.

FOR FURTHER INFORMATION CONTACT: Robert Rova, Alternate Designated Federal Officer at (301) 903–9096; email: robert.rova@nuclear.energy.gov.

SUPPLEMENTARY INFORMATION: The Committee continues to provide advice and recommendations to the Assistant Secretary for Nuclear Energy and advise on national policy and scientific aspects of nuclear issues of concern to DOE; provide periodic reviews of the various program elements within DOE's nuclear programs and recommendations based thereon; ascertain the needs, views, and priorities of DOE's nuclear programs, and advise on long-range plans, priorities, and strategies to address more effectively the technical, financial, and policy aspects of such programs; and advise on appropriate levels of resources to develop those plans, priorities, and strategies.

Additionally, the Nuclear Energy Advisory Committee has been determined to be essential to conduct Department of Energy business and to be in the public interest in connection with the performance of duties imposed upon the Department of Energy, by law and agreement. The Committee will continue to operate in accordance with the provisions of the Federal Advisory Committee Act, adhering to the rules and regulations in implementation of that Act.

Notice of Extended Deadline for Comments to the Notice of Intent and Request for Information: Designation of National Interest Electric Transmission Corridors; Extension of Comment Period

AGENCY: Grid Deployment Office, Department of Energy.

ACTION: Extension of public comment period.

SUMMARY: On May 15, 2022, the U.S. Department of Energy (DOE or the Department) announced the availability of a Notice of Intent and Request for Information for the Designation of National Interest Electric Transmission Corridors (NIETC) Program pursuant to the Federal Power Act (FPA). The Notice of Intent and Request for Information provided a comment period deadline for submitting written comments and information by June 29, 2023. The Department received a request from the National Association of Regulatory Utility Commissioners (NARUC) seeking a 30-day extension of the public comment period. DOE has reviewed this request and is granting an extension of the public comment period for 32 days to allow public comments to be submitted on or before July 31, 2023.

DATES: The comment period for the Notice of Intent and Request for Information for the Designation of National Interest Electric Transmission Corridors published in the **Federal Register** on May 15, 2022 (88 FR 30956) is extended. Written comments and

information are now requested on or before July 31, 2023.

ADDRESSES: Interested parties may submit comments through the Federal eRulemaking Portal at www.regulations.gov.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information may be sent to: NIETC@hq.doe.gov. Questions about the Notice of Intent and Request for Information may be addressed to Molly Roy at (202) 586–2006.

SUPPLEMENTARY INFORMATION: On May 15, 2022, DOE published in the **Federal Register** a Notice of Intent and Request for Information for the Designation of NIETC Program pursuant to the FPA, 88 FR 30956. DOE seeks comments from the public and interested parties on these identified program elements and any additional program elements that should be included to assist in developing final guidelines, procedures, and evaluation criteria for the applicant-driven, route-specific NIETC designation process.

On June 7, 2023, the Department received a request from NARUC for a 30-day deadline extension to the submission deadline comments in response to the Notice of Intent and Request for Information. In its request, NARUC explained that many NARUC member commissions most interested in filing comments have limited staff to devote to federal issues with competing priorities for their time. Furthermore, NARUC stated that there is an upcoming NARUC Summer Policy Summit that could be used by members to discuss relevant issues and develop positions to submit to DOE if the comment period were extended. DOE has reviewed the request and has decided to extend the deadline to allow additional time for the public to submit their comments. A limited extension of the deadline for comments to the Notice of Intent and Request for Information will not prevent the Department from advancing the NIETC designation program in a timely fashion. Therefore, the Department is extending the comment period for the Notice of Intent and Request for Information to July 31, 2023, to provide the public additional time to prepare and submit comments.
