Title: Emergency Capital Investment Program.

OMB Control Number: 1505-0267.

Type of Review: Extension of a currently approved collection.

Description: The Consolidated Appropriations Act, 2021, signed into law on December 27, 2020, added section 104A of the Community Development Banking and Financial Institutions Act of 1994 (the "Act"). Section 104A authorizes the Secretary of the Treasury to establish the Emergency Capital Investment Program (Program) to support the efforts of low- and moderate-income community financial institutions to, among other things, provide loans, grants, and forbearance for small businesses, minority-owned businesses, and consumers, especially in low-income and underserved communities, including persistent poverty counties, that may be disproportionately impacted by the economic effects of the COVID-19 pandemic by providing direct and indirect capital investments in low- and moderate-income community financial institutions.

Applications, a state regulator response form, and eligible applicant intent to participate form were previously approved under OMB Control Number 1505-0267. Following review of the applications, Treasury will enter into letter agreements (agreements) with participating financial institutions. These agreements contain standardized information collection necessary for the legal closing process. The agreements collect information from applicants in two general categories: (1) administrative information needed to

facilitate payments and notifications and (2) disclosures to Treasury (e.g. litigation or exceptions to representations and warranties). Participants are the only parties that can provide information of this type to Treasury. Treasury will publish this form on the Treasury website. Based on this publication, Treasury will provide an opportunity for eligible applicants to review the terms and conditions of the investments prior to indicating to Treasury whether the institution intends to participate in the Program.

Affected Public: Private sector, businesses or other for-profits, non-profit institutions.

Estimated Number of Respondents: 372 respondents.

Frequency of Response: Once, annually.

All comments will become a matter of public record. Comments are invited on: (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services required to provide information.
