#### SUPPLEMENTARY INFORMATION:

#### Alcohol and Tobacco Tax and Trade Bureau (TTB)

1. *OMB Control Number:* 1513–0059.

*Title:* Usual and Customary Business Records Relating to Tax-Free Alcohol.

*TTB Recordkeeping Number:* TTB REC 51503.

*Abstract:* In general, the IRC at 26 U.S.C. 5001 imposes Federal excise tax on distilled spirits produced in or imported into the United States. However, under the IRC at 26 U.S.C. 5214(a)(2) and (a)(3), distilled spirits may be withdrawn free of tax for nonbeverage purposes for use by Federal, State, and local governments, and for use by certain educational

organizations and institutions, research laboratories, hospitals, blood banks, sanitariums, and nonprofit clinics, subject to regulations prescribed by the Secretary. In addition, the IRC at 26 U.S.C. 5275 requires persons that procure or use distilled spirits withdrawn free of tax under sections 5214(a)(2) and (a)(3) to keep records and make reports regarding the receipt and use of such spirits as the Secretary requires by regulation. Under that IRC authority, in order to account for tax-free spirits and prevent their diversion to taxable beverage use, the TTB regulations in 27 CFR part 22 require tax-free alcohol users to maintain certain usual and customary business records regarding the receipt, loss, shipment, destruction, return, consignment, and inventories of such alcohol. Such accountability is necessary to protect the revenue.

*Current Actions:* There are no program changes or adjustments associated with this information collection, and TTB is submitting it for extension purposes only.

*Type of Review:* Extension of a currently approved collection.

*Affected Public:* Businesses and other for-profits.

*Number of Respondents:* 5,600.

*Average Responses per Respondent:* 1 (one) per year.

*Number of Responses:* 5,600.

*Average per-response and Total Burden:* This information collection consists of usual and customary records kept by respondents during the normal course of business, regardless of any regulatory requirement to do so. As such, under 5 CFR 1320.3(b)(2), this information collection imposes no additional burden on respondents.

2. *OMB Control No:* 1513–0119.

*Title:* Certification of Proper Cellar Treatment for Imported Natural Wine.

*Abstract:* Under the IRC at 26 U.S.C. 5382, importers of natural wine produced after December 31, 2004, must provide the Secretary with a certification, accompanied by an affirmed laboratory analysis, that the practices and procedures used to produce the wine constitute proper cellar treatment. That IRC section also contains alternative certification requirements or exemptions for natural wine produced and imported under certain international agreements, as well as for such wine imported by an owner or affiliate of a domestic winery. In addition, the Federal Alcohol Administration Act (FAA Act) at 27 U.S.C. 205 vests the Secretary with authority to prescribe regulations regarding the identity and quality of

alcohol beverages. Under those authorities, the TTB wine labeling regulations in 27 CFR part 4 and its alcohol beverage import regulations in 27 CFR part 27 implement the proper cellar treatment certification requirement for imported natural wine.

*Current Actions:* There are no program changes associated with this information collection at this time, and TTB is submitting it for extension purposes only. As for adjustments, due to a change in agency estimates, TTB is decreasing the number of annual responses, responses, and burden hours associated with this information collection.

*Type of Review:* Extension of a currently approved collection.

*Affected Public:* Businesses and other for-profits.

*Number of Respondents:* 20.

*Average Responses per Respondent:* 1 (one) per year.

*Number of Responses:* 20.

*Average per-response Burden:* 20 minutes.

*Total Burden:* 7 hours.

3. *OMB Control Number:* 1513–0138.

*Title:* Tax Class Statement Required on Hard Cider Labels.

*Abstract:* In general, the IRC at 26 U.S.C. 5041 imposes six Federal excise tax rates on wine based on a wine's alcohol and carbon dioxide content, and the lowest of those rates is the hard cider tax rate, as listed in section 5041(b)(6). The IRC at 26 U.S.C. 5368(b) also provides that wine can only be removed in containers bearing the marks and labels showing compliance with chapter 51 of the IRC as the Secretary may by regulation prescribe. Beginning January 1, 2017, section 335(a) of the Protecting Americans from Tax Hikes Act of 2015 (PATH Act, Public Law 144–113) modified the definition of hard cider in IRC section 5041(g) to broaden the range of products eligible for the hard cider tax rate. However, under the authority of the Federal Alcohol Administration (FAA) Act, TTB's wine labeling regulations in 27 CFR part 4 allow the term "hard cider" to appear on the labels of products that do not meet the IRC's definition of "hard cider" for tax purposes. In light of that difference, in order to adequately identify products eligible for the hard cider tax rate, the TTB regulations in 27 CFR parts 24 and 27 provide that the tax class statement, "Tax class 5041(b)(6)," appear on containers of domestic and imported wines, respectively, which are eligible for that tax rate. The placement of such a statement on such labels evidences compliance with the IRC's statutory

requirements and identifies the Federal excise tax rate the taxpayer is applying to the product.

*Current Actions:* There are no program changes associated with this information collection, and TTB is submitting it for extension purposes only. As for adjustments, due to changes in agency estimates, TTB is decreasing the estimated number of annual respondents, responses, and burden hours associated with this collection, but is increasing the estimated number of responses per respondent.

*Type of Review:* Extension of a currently approved collection.

*Affected Public:* Businesses or other for-profits.

*Number of Respondents:* 20.

*Average Responses per Respondent:* 2 per year.

*Number of Responses:* 40.

*Average per-response Burden:* 1 hour.

*Total Burden:* 40 hours.

*Authority:* 44 U.S.C. 3501 *et seq.*
