

CFR 351.302, that extraordinary circumstances exist. Parties should review Commerce's regulations concerning the extension of time limits and the *Time Limits Final Rule* prior to submitting factual information in these investigations.⁵⁵

Certification Requirements

Any party submitting factual information in an AD or CVD proceeding must certify to the accuracy and completeness of that information.⁵⁶ Parties must use the certification formats provided in 19 CFR 351.303(g).⁵⁷ Commerce intends to reject factual submissions if the submitting party does not comply with the applicable certification requirements. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.⁵⁸

Notification to Interested Parties

Interested parties must submit applications for disclosure under APO in accordance with 19 CFR 351.305. Parties wishing to participate in these investigations should ensure that they meet the requirements of 19 CFR 351.103(d) (e.g., by filing the required letter of appearance). Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.⁵⁹

This notice is issued and published pursuant to sections 732(c)(2) and 777(i) of the Act, and 19 CFR 351.203(c).

Dated: June 20, 2023.

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Appendix

Scope of the Investigations

The products within the scope of these investigations are paper shopping bags with handles of any type, regardless of whether there is any printing, regardless of how the top edges are finished (e.g., folded, serrated, or otherwise finished), regardless of color,

and regardless of whether the top edges contain adhesive or other material for sealing closed. Subject paper shopping bags have a width of at least 4.5 inches and depth of at least 2.5 inches.

Paper shopping bags typically are made of kraft paper but can be made from any type of cellulose fiber, paperboard, or pressboard with a basis weight less than 300 grams per square meter (GSM).

A non-exhaustive illustrative list of the types of handles on shopping bags covered by the scope include handles made from any materials such as twisted paper, flat paper, yarn, ribbon, rope, string, or plastic, as well as die-cut handles (whether the punchout is fully removed or partially attached as a flap).

Excluded from the scope are:

- Paper sacks or bags that are of a 1/6 or 1/7 barrel size (i.e., 11.5–12.5 inches in width, 6.5–7.5 inches in depth, and 13.5–17.5 inches in height) with flat paper handles or die-cut handles;
- Paper sacks or bags with die-cut handles, a grams per square meter paper weight of less than 86 GSM, and a height of less than 11.5 inches; and
- Shopping bags (i) with non-paper handles made wholly of woven ribbon or other similar woven fabric and (ii) that are finished with folded tops or for which tied knots or t-bar aglets (made of wood, metal, or plastic) are used to secure the handles to the bags.

The above-referenced dimensions are provided for paper bags in the opened position. The height of the bag is the distance from the bottom fold edge to the top edge (i.e., excluding the height of handles that extend above the top edge). The depth of the bag is the distance from the front of the bag edge to the back of the bag edge (typically measured at the bottom of the bag). The width of the bag is measured from the left to the right edges of the front and back panels (upon which the handles typically are located).

This merchandise is currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 4819.30.0040 and 4819.40.0040. The HTSUS subheadings are provided for convenience and customs purposes only; the written description of the scope is dispositive.

Certain Aluminum Foil From the People's Republic of China: Extension of Deadline To Certify Certain Entries

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On March 22, 2023, the U.S. Department of Commerce (Commerce) published in the **Federal Register** a notice of preliminary affirmative

circumvention determinations with respect to the Republic of Korea (Korea) and Kingdom of Thailand (Thailand), concerning the antidumping duty (AD) and countervailing duty (CVD) orders on certain aluminum foil from the People's Republic of China (China) (*Preliminary Determinations*). On March 28, 2023, Commerce published a correction to the *Preliminary Determinations*. This notice informs parties that Commerce has extended the deadline for certain exporters and importers to certify entries of certain aluminum foil exported from Korea and Thailand that were entered, or withdrawn from warehouse, for consumption on or after July 18, 2022, through March 22, 2023.

DATES: Applicable May 3, 2023.

FOR FURTHER INFORMATION CONTACT: Michael J. Heaney or Mark Flessner, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4475 and (202) 482–6312, respectively.

SUPPLEMENTARY INFORMATION:

Background

In the *Preliminary Determinations*, Commerce established a certification program and a deadline for certain exporters and importers to certify that entries of certain aluminum foil exported from Korea or Thailand that were entered, or withdrawn from warehouse, for consumption on or after July 18, 2022 (the date of initiation of these circumvention inquiries), through the date of publication of the *Preliminary Determinations* (i.e., March 22, 2023), are not subject to the suspension of liquidation or the collection of cash deposits based on the inputs used to manufacture such merchandise.¹ The original deadline for exporters and importers to complete these certifications was 45 days after the publication of the *Preliminary Determinations*, i.e., May 6, 2023. On March 28, 2023, Commerce published the *Preliminary Correction* in the **Federal Register**.² On May 3, 2023,

Commerce issued a memorandum via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (*i.e.*, ACCESS) notifying interested parties that Commerce was extending the deadline to submit certifications for entries of certain aluminum foil exported from Korea or Thailand that was entered, or withdrawn from warehouse, for consumption on or after July 18, 2022, through March 22, 2023, by 75 days, for a total of 120 days after the date of publication of the *Preliminary Determinations*.³

Extension

With this notice, we notify the public that, for all aluminum foil from Korea and Thailand that was entered, or withdrawn from warehouse, for consumption during the period July 18, 2022 (the date of initiation of these circumvention inquiries), through March 22, 2023 (the date of publication of the *Preliminary Determinations* in the **Federal Register**), where the entry has not been liquidated (and entries for which liquidation has not become final), the relevant certification should be completed and signed as soon as practicable, but not later than 120 days after the date of publication of the *Preliminary Determinations* in the **Federal Register**, *i.e.*, no later than July 20, 2023. For such entries, importers, and exporters each have the option to complete a blanket certification covering multiple entries, individual certifications for each entry, or a combination thereof. The exporter must provide the importer with a copy of the exporter certification within 120 days of the date of publication of the *Preliminary Determinations* in the **Federal Register**.

On June 15, 2023, Commerce posted instructions to U.S. Customs and Border Protection (CBP) notifying CBP of the extended deadline.⁴ We note that Sankyu Thai Co., Ltd., the single company which Commerce precluded from participating in this certification program in the *Preliminary Determinations*, is still precluded from participating in the certification

Correction identified the proper AD and CVD cash deposit rates, which the *Preliminary Determinations* had misstated.

³ See Memorandum, "Circumvention Inquiries on Aluminum Foil from the People's Republic of China—Republic of Korea and Kingdom of Thailand: Extension of Deadline to Certify Certain Entries of Aluminum Foil," dated May 3, 2023. This memorandum inadvertently stated the relevant entry date as July 17, 2022; however, July 18, 2022 is the correct date.

Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Form NIST–366A: Request for Personal Radiation Monitoring Services

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on April 4, 2023, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Institute of Standards and Technology (NIST), Commerce.

Title: Form NIST–366A: Request for Personal Radiation Monitoring Services.

OMB Control Number 0693–0086.

Form Number(s): NIST–366A.

Type of Request: Regular.

Number of Respondents: 600.

Average Hours per Response: 15 minutes.

Burden Hours: 150 hours.

Needs and Uses: This request is to extend clearance for the collection of routine information requested of individuals (including but not limited to federal employees, visitors, contractors,

associates) who work with or around sources of ionizing radiation on the NIST campus.

The information is collected for the following purposes:

(1) NIST is required by 10 CFR 20.1502 to monitor individuals who may be exposed to ionizing radiation above specific levels. This form will be used to collect information associated with this monitoring and to determine the type of monitoring required.

(2) NIST is required by 10 CFR 20.2106 to maintain records of radiation exposure monitoring. This form will be used to ensure the exposure information collected is properly associated with the individual using unique identifiers. In addition, NIST must provide reports to the monitored individuals when requested and to the NRC annually. This form will be used to ensure the correct information is provided to the individual.

Affected Public: Individuals.

Frequency: On occasion.

Respondent's Obligation: Mandatory.

Legal Authority: 10 CFR 20.1502 and 10 CFR 20.2106.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0693–0086.
