

Commerce issued a memorandum via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (*i.e.*, ACCESS) notifying interested parties that Commerce was extending the deadline to submit certifications for entries of certain aluminum foil exported from Korea or Thailand that was entered, or withdrawn from warehouse, for consumption on or after July 18, 2022, through March 22, 2023, by 75 days, for a total of 120 days after the date of publication of the *Preliminary Determinations*.³

Extension

With this notice, we notify the public that, for all aluminum foil from Korea and Thailand that was entered, or withdrawn from warehouse, for consumption during the period July 18, 2022 (the date of initiation of these circumvention inquiries), through March 22, 2023 (the date of publication of the *Preliminary Determinations* in the **Federal Register**), where the entry has not been liquidated (and entries for which liquidation has not become final), the relevant certification should be completed and signed as soon as practicable, but not later than 120 days after the date of publication of the *Preliminary Determinations* in the **Federal Register**, *i.e.*, no later than July 20, 2023. For such entries, importers, and exporters each have the option to complete a blanket certification covering multiple entries, individual certifications for each entry, or a combination thereof. The exporter must provide the importer with a copy of the exporter certification within 120 days of the date of publication of the *Preliminary Determinations* in the **Federal Register**.

On June 15, 2023, Commerce posted instructions to U.S. Customs and Border Protection (CBP) notifying CBP of the extended deadline.⁴ We note that Sankyu Thai Co., Ltd., the single company which Commerce precluded from participating in this certification program in the *Preliminary Determinations*, is still precluded from participating in the certification

Correction identified the proper AD and CVD cash deposit rates, which the *Preliminary Determinations* had misstated.

³ See Memorandum, "Circumvention Inquiries on Aluminum Foil from the People's Republic of China—Republic of Korea and Kingdom of Thailand: Extension of Deadline to Certify Certain Entries of Aluminum Foil," dated May 3, 2023. This memorandum inadvertently stated the relevant entry date as July 17, 2022; however, July 18, 2022 is the correct date.
