

ACTION: Notice of public meeting.

SUMMARY: The New England Fishery Management Council (Council) is scheduling a public meeting of its On-Demand Gear Conflict Working Group via webinar to consider actions affecting New England fisheries in the exclusive economic zone (EEZ).

Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

DATES: This webinar will be held on Tuesday, July 18, 2023, at 9 a.m.

ADDRESSES: Webinar registration URL information: <https://attendee.gotowebinar.com/register/6667813875842822745>.

Council address: New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT: Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465-0492.

SUPPLEMENTARY INFORMATION:

Agenda

The On-Demand Fishing Gear Conflict Working Group will meet to discuss the working group's goals, timeline and deliverables. They will also review and approve Terms of Reference as well as receive updates from Greater Atlantic Regional Fisheries Office on Atlantic Large Whale Take Reduction Team efforts and ongoing on-demand experimental fisheries. They will also receive an update from the Northeast Fisheries Science Center gear research team. Other business may be discussed, as necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465-0492, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: June 22, 2023.

Key Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; National Sea Turtle Stranding and Salvage Network Stranding and Gear Interaction Data Collection

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on July 5, 2022 (87 FR 39806) during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic & Atmospheric Administration (NOAA), Commerce.

Title: National Sea Turtle Stranding and Salvage Network Stranding and Gear Interaction Data Collection.

OMB Control Number: 0648-0496.

Form Number(s): None.

Type of Request: Regular submission, revision and extension of approved collection.

Number of Respondents: 750.

Average Hours per Response: STSSN Stranding Report form: 15 minutes; Gross Necropsy form (2 page version): 10 minutes; Gross Necropsy form (4 page version): 15 minutes; Cold Stun form and Cold Stun batch form: 10 minutes; Fishing Gear Identification form: 10 minutes; Incidental Capture Intake form: 5 minutes; Entanglement form: 15 minutes.

Total Annual Burden Hours: 1,682 annually.

Needs and Uses: This is a request for revision and extension of collection 0648-0496 entitled "Reporting of Sea Turtle Entanglement in Fishing Gear or

Marine Debris". We request to revise the name of the collection from "Reporting of Sea Turtle Entanglement in Fishing Gear or Marine Debris" to "National Sea Turtle Stranding and Salvage Network Stranding and Gear Interaction Data Collection" and to add new forms to the collection to be inclusive of all forms used by Sea Turtle Stranding and Salvage Network (STSSN).

NOAA's National Marine Fisheries Service (NOAA Fisheries) and the U.S. Fish and Wildlife Service (USFWS) share federal jurisdiction for the conservation and recovery of sea turtles. In accordance with the 1977 Memorandum of Understanding between NOAA Fisheries and USFWS, which was reaffirmed in 2015, NOAA Fisheries serves as the lead for and coordinator of the STSSN. The STSSN currently responds to, and documents, sick, injured and dead (*i.e.*, 'stranded') sea turtles that are found in coastal areas under U.S. jurisdiction along the Atlantic Ocean and Gulf of Mexico. NOAA Fisheries Office of Protected Resources coordinates the STSSN. The Sea Turtle Disentanglement Network (STDN) is a part of the STSSN. The STSSN is a cooperative effort of authorized Federal, State, and private partners working to inform causes of morbidity and mortality in sea turtles by responding to and documenting stranded sea turtles. Information is collected in a manner sufficient to inform sea turtle conservation management and recovery. The STSSN accomplishes this through (1) collection of data in accordance with STSSN protocols; (2) improved understanding of causes of death and threats to sea turtles; (3) monitoring of stranding trends; (4) provision of initial aid to live stranded sea turtles; (5) provision of sea turtle samples/parts for conservation-relevant research; and (6) availability of timely data for conservation management purposes. To facilitate this data collection, the STSSN uses several standardized data collection forms. To ensure all data collected by the STSSN are in the same collection, we propose adding the following forms to 0648-0496: STSSN Stranding Report form, Gross Necropsy forms (2 page and 4 page versions), Cold Stun Event individual and batch forms, Fishing Gear Identification form, and Incidental Capture Intake form (currently approved in collection 0648-0774, expiring December 31, 2024).

All species of sea turtle found in U.S. waters are listed as endangered or threatened under the Endangered Species Act (ESA). NOAA Fisheries and the USFWS share federal jurisdiction for the conservation and recovery of sea

turtles. Section 4(f) of the ESA (16 U.S.C. 1531–1544) provides for the creation of Recovery Plans for endangered and threatened species and provides NOAA Fisheries and USFWS with authority “to procure the services of appropriate public and private agencies and institutions and other qualified persons” in order to implement those plans. To advance the conservation and recovery of listed sea turtles, each sea turtle recovery plan developed jointly by NOAA Fisheries and USFWS identifies and highlights the need to maintain an active stranding network. Both NOAA Fisheries and USFWS have promulgated regulations that provide an exception to the prohibitions on take and allow for coordinated response to stranded sea turtles in water and on land, based on their specific jurisdictional responsibility.

Affected Public: Individuals or households; Not-for-profit institutions; State, local, or Tribal government; Federal Government.

Frequency: As needed as sea turtle strandings occur and are reported.

Respondent's Obligation: Voluntary.

Legal Authority: Collection of these data to inform causes of morbidity and mortality in sea turtles is necessary to fulfill statutory requirements of the Endangered Species Act (16 U.S.C. 1531 *et seq.*).

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0496.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

[RTID 0648–XD098]

Mid-Atlantic Fishery Management Council (MAFMC); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The Mid-Atlantic Fishery Management Council’s (Council) Scientific and Statistical Committee (SSC) will hold a meeting.

DATES: The meeting will be held on Wednesday, July 12, 2023, from 1 p.m. through 4 p.m. See **SUPPLEMENTARY INFORMATION** for agenda details.

ADDRESSES: The meeting will take place over webinar using the Webex platform with a telephone-only connection option. Details on how to connect to the webinar will be available at: www.mafmc.org/ssc.

Council address: Mid-Atlantic Fishery Management Council, 800 N State Street, Suite 201, Dover, DE 19901; telephone: (302) 674–2331; website: www.mafmc.org.

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council, telephone: (302) 526–5255.

SUPPLEMENTARY INFORMATION: During this meeting, the SSC will review the draft Fisheries Climate Governance Policy developed by NMFS. The draft policy is intended to provide guidance on the process and evaluation criteria to determine if a designation change in Council authority is necessary due to geographic changes in stock distribution pursuant to section 304(f) under Magnuson Stevens Act. The SSC will provide feedback and advice on the policy’s scientific, socioeconomic, and management implications. The Council will review SSC feedback at their August 2023 meeting as part of its process to help develop comments on the draft policy for NMFS consideration. A detailed agenda and background documents will be made available on the Council’s website (www.mafmc.org) prior to the meeting.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aid should be directed to

Shelley Spedden, (302) 526–5251, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: June 22, 2023.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Fisheries of the South Atlantic; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 82 South Atlantic Gray Triggerfish Assessment Webinar 4.

SUMMARY: The SEDAR 82 assessment of the South Atlantic stock of gray triggerfish will consist of a data workshop, a series of assessment webinars, and a review workshop. See **SUPPLEMENTARY INFORMATION**.

DATES: The SEDAR 82 South Atlantic Gray Triggerfish Assessment Webinar 4 is scheduled for July 19, 2023, from 9 a.m. until 1 p.m., Eastern. The established times may be adjusted as necessary to accommodate the timely completion of discussion relevant to the assessment process. Such adjustments may result in the meeting being extended from or completed prior to the time established by this notice.

ADDRESSES: The meeting will be held via webinar. The webinar is open to members of the public. Registration for the webinar is available by contacting the SEDAR coordinator via email at Kathleen.Howington@safmc.net or online at: <https://attendeegotowebinar.com/register/5188891571800377946>.

SEDAR address: South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N Charleston, SC 29405; www.sedarweb.org.

FOR FURTHER INFORMATION CONTACT: Kathleen Howington, SEDAR Coordinator, 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405; phone: (843) 571–4371; email: Kathleen.Howington@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and
