Agency Information Collection Activities; Submission to the Office of Management and Budget; Northeast Region Alaska Native Handicrafts

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act, we, the U.S. Fish and Wildlife Service, are proposing to renew an information collection without change.

DATES: Interested persons are invited to submit comments on or before July 31, 2023.

ADDRESSES: Written comments and recommendations for the proposed information collection should be submitted within 30 days of publication of this notice at <https://www.reginfo.gov/public/do/PRAMain>. Find this particular information collection by selecting “Currently under Review—Open for Public Comments” or by using the search function. Please provide a copy of your comments to the Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS: PRB (JAO/3W), 5275 Leesburg Pike, Falls Church, VA 22041–3803 (mail); or by email to Info_Coll@fws.gov. Please reference “1018–0168” in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT:

Madonna L. Baucum, Service Information Collection Clearance Officer, by email at Info_Coll@fws.gov, or by telephone at (703) 358–2503. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access

telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act (PRA; 44 U.S.C. 3501 *et seq.*) and its implementing regulations at 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

On March 20, 2023, we published in the **Federal Register** (88 FR 16660) a notice of our intent to request that OMB approve this information collection. In that notice, we solicited comments for 60 days, ending on May 19, 2023. In an effort to increase public awareness of, and participation in, our public commenting processes associated with information collection requests, the Service also published the **Federal Register** notice on [Regulations.gov](https://www.regulations.gov) (Docket No. FWS–R7–MB–2023–0001) to provide the public with an additional method to submit comments (in addition to the typical *Info_Coll@fws.gov* email and U.S. mail submission methods). We received two comments in response to that notice; however, they did not address the information collection requirements. No response to those comments is required.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) How might the agency minimize the burden of the collection of

information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The Migratory Bird Treaty Act of 1918 (16 U.S.C. 712(1)) authorizes the Secretary of the Interior, in accordance with the treaties with Canada, Mexico, Japan, and Russia, to “issue such regulations as may be necessary to assure that the taking of migratory birds and the collection of their eggs, by the indigenous inhabitants of the State of Alaska, shall be permitted for their own nutritional and other essential needs, as determined by the Secretary of the Interior, during the Alaska spring and summer migratory bird subsistence harvest seasons so as to provide for the preservation and maintenance of stocks of migratory birds.” Article II(4)(b) of the Protocol between the United States and Canada amending the 1916 Convention for the Protection of Migratory Birds in Canada and the United States (Protocol) provides a legal basis for Alaska Native people to be able to sell handicrafts that contain the inedible parts of birds taken for food during the Alaska spring and summer migratory bird subsistence harvest. The Protocol also dictates that sales would be allowed in strictly limited situations, pursuant to a regulation by a competent authority in cooperation with management bodies. The Protocol does not authorize the taking of migratory birds for commercial purposes.

In 2017, we issued a final rule (July 24, 2017, 82 FR 34263), developed under a co-management process involving the Alaska Department of Fish and Game and Alaska Native representatives, that amended the permanent migratory bird subsistence harvest regulations at 50 CFR 92.6 to enable Alaska Native people to sell authentic native articles of handicraft or

clothing that contain inedible byproducts from migratory birds that were taken for food during the Alaska migratory bird subsistence harvest season. Article II(4)(b) of the Protocol dictates that sales will be under strictly limited situations. The sale by Alaska Native people of a limited number of handicrafts containing inedible migratory bird parts provides a small source of additional income that we conclude is necessary for the “essential needs” of Alaska Native people in predominantly rural Alaska. This limited opportunity for sale is consistent with the language of the Protocol and is expressly noted in the Letter of Submittal dated May 20, 1996, for the Treaty Protocol, specifically Article II(4)(b) of the Protocol, to be consistent with the customary and traditional uses of Alaska Native people. The activity by Alaska Native people is also consistent with the preservation and maintenance of migratory bird stocks.

Alaska Native artists will show eligibility with a Tribal enrollment card, Bureau of Indian Affairs card, or membership in the Silver Hand program. The State of Alaska Silver Hand program helps Alaska Native artists promote their work in the marketplace and enables consumers to identify and purchase authentic Alaska Native art. The Silver Hand insignia indicates that the artwork on which it appears is created by hand in Alaska by an individual Alaska Native artist. Only original contemporary and traditional Alaska Native artwork, not reproductions or manufactured work, may be identified and marketed with the Silver Hand insignia. To be eligible for a 2-year Silver Hand permit, an Alaska Native artist must be a full-time resident of Alaska, be at least 18 years old, and provide documentation of membership in a federally recognized Alaska Native tribe. The Silver Hand insignia may only be attached to original work that is produced in the State of Alaska.

The final rule requires that FWS Form 3–2484 (a simple certification which is not subject to the PRA) or a Silver Hand insignia accompany each Alaska Native article of handicraft or clothing that contains inedible migratory bird parts. It also requires all consignees, sellers, and purchasers to retain this documentation with each item and produce it upon the request of a law enforcement officer. The final rule also requires that artists maintain adequate records of the certification or Silver Hand insignia with each item and requires artists and sellers/consignees to provide the documentation to buyers. These

recordkeeping and third-party notification requirements are subject to the PRA and require OMB approval.

The public may request copies of a Form 3–2484 contained in this information collection by sending a request to the Service Information Collection Clearance Officer (see **ADDRESSES**).

Bureau of Ocean Energy Management

[Docket No. BOEM 2023–0037]

Notice of Intent To Prepare an Environmental Impact Statement for the Proposed Beacon Wind Project on the U.S. Outer Continental Shelf Offshore Massachusetts

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior.

ACTION: Notice of intent (NOI) to prepare an environmental impact statement (EIS); request for comments.

SUMMARY: Consistent with the regulations implementing the National Environmental Policy Act (NEPA), BOEM announces its intent to prepare an EIS for a construction and operations plan (COP) submitted by Beacon Wind LLC (Beacon Wind). This NOI initiates the public scoping and comment process under NEPA and also seeks public comments under section 106 of the National Historic Preservation Act (NHPA) and its implementing regulations. Beacon Wind proposes to construct and operate an offshore wind facility located in Renewable Energy Lease Area OCS–A 0520 (Lease Area), which is approximately 128,811 acres and 17 nautical miles (nm) south of Nantucket, Massachusetts, and 52 nm east of Montauk, New York. Beacon Wind, a joint venture owned by Equinor U.S. Holdings, Inc. and BP Wind Energy North America, Inc., proposes to develop the entire Lease Area in two
