

- whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and/or
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Written comments and recommendations for this information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering either the title of the information collection or the OMB Control Number 1140–0070. This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view Department of Justice, information collections currently under review by OMB.

DOJ seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOJ notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

Overview of This Information Collection

1. *Type of Information Collection:* Revision of a previously approved collection.
2. *Title of the Form/Collection:* Application for Explosives License or Permit.
3. *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* ATF F 5400.13/5400.16.
Component: Bureau of Alcohol, Tobacco, Firearms and Explosives, U.S. Department of Justice.
4. *Affected public who will be asked or required to respond, as well as a brief abstract:* **Affected Public:** Private Sector—business or other for-profit, Individuals or households.
Abstract: Each person (individual, partnership, corporation, or association)

applying for a Federal explosives license or permit must submit ATF Form 5400.13/5400.16. The information collected on the application is used to determine if the applicant is qualified to be a licensee or permittee under the provisions of the statute. The form will be submitted to ATF to determine whether the person who provided the information, is qualified to be issued a license or permit.

5. *Obligation to Respond:* Mandatory. The statutory requirements are implemented in 18 U.S.C. 843(a).

6. *Total Estimated Number of Respondents:* 10,200 respondents.

7. *Estimated Time per Respondent:* 1.5 hours.

8. *Frequency:* Once annually.

9. *Total Estimated Annual Time Burden:* 15,300 hours.

10. *Total Estimated Annual Other Costs Burden:* \$4,659.00.

If additional information is required, contact: John Carlson, Department Clearance Officer, Policy and Planning Staff, Justice Management Division, United States Department of Justice, Two Constitution Square, 145 N Street NE, 4W–218 Washington, DC 20530.

Dated: June 29, 2023.

John Carlson,

Department Clearance Officer for PRA, U.S. Department of Justice.

BILLING CODE 4410–FY–P

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request, National Database of Childcare Prices, Reinstatement With Change

AGENCY: Women’s Bureau, Department of Labor.

ACTION: Notice of information collection; request for comment.

SUMMARY: The Department of Labor (DOL), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents is properly assessed. Currently, the

Department of Labor is soliciting comments concerning the collection of data for the National Database of Childcare Prices. A copy of the proposed Information Collection Request (ICR) can be obtained by contacting the office listed below in the addressee section of this notice.

DATES: Written comments must be submitted to the office listed in the addressee section below on or before September 5, 2023.

ADDRESSES: You may submit comments by either one of the following methods:

Email: ndcp@dol.gov; *Mail or Courier:* U.S. Department of Labor, Women’s Bureau, Room S–3002, 200 Constitution Avenue NW, Washington, DC 20210.

Instructions: Please submit one copy of your comments by only one method. All submissions received must include the agency name and OMB Control Number identified above for this information collection. Comments, including any personal information provided, become a matter of public record. They will also be summarized and/or included in the request for OMB approval of the information collection request.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, contact Liana Christin Landivar by telephone at (202) 693–6713 or by email at ndcp@dol.gov.

SUPPLEMENTARY INFORMATION:

I. Background: This proposed information collection seeks to update the National Database of Childcare Prices (NDCP). The NDCP is the most comprehensive federal source of childcare prices at the county level. The NDCP was first made available to the public in 2022 and it currently provides data for the years 2008 through 2018. The NDCP is based on data collected by each state in their childcare market rate surveys (MRS). State-administered MRS are conducted by state human services or workforce development offices (*i.e.*, Lead Agencies) according to federal regulations to receive Child Care and Development Block Grants (CCDBG). MRS provide market prices of various types of child care (*e.g.*, center-based, home-based) by age of children (*e.g.*, infants, toddlers, preschoolers, school-age children) and by geography. MRS are used to establish reimbursement rates for childcare subsidies. MRS sample eligible centers and care providers in the priced market and obtain the full market price of care. MRS data are a rich source of local childcare price data. However, these data are not reported to the federal government and they are retained by the states. As a result, reporting metrics are not

standardized across states and some of the data is not accessible to the public.

MRS are currently collected in three-year cycles. The most current MRS data collection cycle reflects the years 2019 through 2021. Some states may have applied for waivers and conducted data collection or reporting activities in 2022 due to disruptions caused by the COVID-19 pandemic. This information collection would request MRS data for surveys conducted between 2019 and 2022 from all states and the District of Columbia. Data requested would have already been collected by each state to meet federal regulations; no new data collection obligation is created. The Department of Labor would reconcile measures for uniformity across the states and geography would be standardized at the county level to be able to combine these data for analysis with county characteristics that are publicly available from the American Community Survey. The resulting database (NDCP) would be evaluated to protect respondent confidentiality, implementing proper disclosure avoidance techniques in counties with small samples. The database would be made available to the public as a research tool to understand childcare prices at the county level and changes

in childcare prices over time. Section 2 of Public Law 66-259 that established the Women’s Bureau authorizes this information collection. See 29 U.S.C. 13.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

II. Desired Focus of Comments: This **Federal Register** Notice provides the opportunity to comment on the proposed data collection. The Department of Labor is particularly interested in comments that do the following:

- Evaluate whether the proposed collection of information is necessary for the proper performance functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s burden estimate of the

proposed information collection, including the validity of the methodology and assumptions;

- Enhance the quality, utility, and clarity of the information to be collected; and

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology—for example, permitting electronic submissions of responses.

III. Current Actions: At this time, the Department of Labor is requesting clearance to request market rate survey data collected by the states and the District of Columbia between 2019 and 2022 to update the National Database of Childcare Prices.

Type of Review: Reinstatement with Change.

OMB Control Number: 1290-0025.

Affected Public: State, Local, and Tribal Governments.

Comments submitted in response to this request will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

ESTIMATED ANNUAL BURDEN HOURS

Type of instrument (form/activity)	Number of respondents	Number of responses per respondent	Total number of responses	Average burden time per response (hours)	Estimated burden hours
Collection of market rate survey reports and data files ¹	51	1	51	2	102

¹ State government agencies (Lead Agencies) will submit electronic copies of market rate survey reports and data files they have available for the years 2019 through 2022.

Wendy Chun-Hoon,
 Director, Women’s Bureau, U.S. Department of Labor.

BILLING CODE 4510-HD-P

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Asbestos in Shipyards

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Occupational Safety & Health Administration (OSHA)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with

the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before August 7, 2023.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency’s estimates of the burden and

cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: Nicole Bouchet by telephone at 202-693-0213, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The Standard requires employers to train workers about the hazards of asbestos, to monitor worker exposure, to provide medical surveillance, and maintain accurate records of worker exposure to asbestos. These records will be used by employers, workers, and the Government to ensure that workers are
