

Abstract: The Department of Education (ED) collects Annual Performance Reports (APRs) from Educational Opportunity Centers (EOC) grantees under the authority of title IV, part A, subpart 2, division 1, sections 402A and 402B of the Higher Education Act of 1965, as amended, the program regulations in 34 CFR 644, and the Education Department General Administrative Regulations (EDGAR), in 34 CFR 74.51, 75.720, and 75.732. The information that grantees submit in their APRs allows ED to annually assess each grantee's progress in meeting their project's approved goals and objectives. The APR data that grantees submit are compared with the projects' approved objectives to determine the projects' accomplishments, to make decisions regarding whether funding should be continued, and to award "prior experience" points. The regulations for this program provide for awarding up to 15 points for prior experience (34 CR 644.22). During a competition for new grant awards, the prior experience points are added to the average of the peer reviewers' scores to arrive at a total score for each application. Funding recommendations and decisions are primarily based on the rank order of applications on the slate; therefore, assessment of prior experience points, based on data in the annual performance report, is a crucial part of the overall application process.

Further, this performance report form is the main source of data for the Department's response to the requirements of the Government Performance and Results Act (GPRA) for this program. In addition, the Department uses the annual performance reports to produce program level data for annual reporting, budget submissions to OMB, Congressional hearings and inquiries, and responding to inquiries from higher education interest groups and the general public.

EOC APRs are prepared and submitted by EOC grant projects. For each EOC grant project, the grant project director of record completes, or supervises the completion of the data submission process. The grant project director supervises the administration of an EOC grant. An EOC grant provides counseling and information on college admissions to qualified adults who want to enter or continue a program of postsecondary education. The program also provides services to improve the financial and economic literacy of participants. An important objective of the program is to counsel participants on financial aid options, including basic financial planning skills, and to assist in the application process. The goal of the

EOC program is to increase the number of adult participants who enroll in postsecondary education institutions.

The proposed revision to the APR entails replacement of Competitive Preference Priority (CPP) questions with new CPP questions of equal response time. In addition, the annual number of responses and total annual burden hours have been adjusted to reflect an increase in the size of the reporting universe.

DEPARTMENT OF EDUCATION

[Docket No.: ED-2023-SCC-0063]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Case Service Report (RSA-911)

AGENCY: Office of Special Education and Rehabilitative Services (OSERS), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing a revision of a currently approved information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before August 7, 2023.

ADDRESSES: Written comments and recommendations for proposed information collection requests should be submitted within 30 days of publication of this notice. Click on this link www.reginfo.gov/public/do/PRAMain to access the site. Find this information collection request (ICR) by selecting "Department of Education" under "Currently Under Review," then check the "Only Show ICR for Public Comment" checkbox. *Reginfo.gov* provides two links to view documents related to this information collection request. Information collection forms and instructions may be found by clicking on the "View Information Collection (IC) List" link. Supporting statements and other supporting documentation may be found by clicking on the "View Supporting Statement and Other Documents" link.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Christopher Pope, (202) 245-7375.

SUPPLEMENTARY INFORMATION: The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Case Service Report (RSA-911).

OMB Control Number: 1820-0508.

Type of Review: Revision of a currently approved ICR.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 312.

Total Estimated Number of Annual Burden Hours: 12,236,731.

Abstract: The Case Service Report (RSA-911) is used to collect individual level data on State Vocational Rehabilitation (VR) program participants on a quarterly basis. The data collected in this report are mandated by section 101(a)(10) and 607 of the Rehabilitation Act of 1973 (Act) and section 116(d) of the Workforce Innovation and Opportunity Act. In addition, the Rehabilitation Services Administration (RSA) uses data reported through this collection to support its other responsibilities under the Act. Section 14(a) of the Act calls for the evaluation of programs authorized under the Act, as well as an assessment of the programs' effectiveness in relation to cost. Many of these evaluations use RSA-911 data. RSA also uses data captured through the RSA-911 during the conduct of both the annual review and periodic on-site monitoring of VR agencies required by section 107 of the Act to examine the effectiveness of program performance. Other important management activities, such as the provision of technical assistance, program planning, and budget preparation and development, are greatly enhanced through the use of RSA-911 data. In addition, RSA uses RSA-911 data in the exchange of data under a data sharing agreement with the Social Security Administration and the

U.S. Department of Health and Human Services as required by section 131 of the Act. Finally, the RSA-911 is considered to be one of the most robust databases in describing the demographics of the disabled population in the country and as such is used widely in researchers' disability-related analyses and reports.

The current RSA-911 expires on 05/31/2024, which occurs during Program Year 2023 (07/01/2023-06/30/2024). Because RSA must collect the same performance data for the entirety of a Program Year, RSA must begin Program Year 2024 with approval of this proposed revision in place. Thus, RSA is proposing to extend with revisions the RSA-911 for three years. If this revision is approved, VR agencies will collect and report data under this collection for Program Years 2024 through 2026. (07/01/2024-06/30/2027).

Dated: June 29, 2023.

PRA Coordinator, Strategic Collections and Clearance Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.

Federal Energy Regulatory Commission

[Docket No. RD23-2-000]

North American Electric Reliability Corporation; Supplemental Notice of Joint Technical Conference

As announced in the Notice of Joint Technical Conference issued in this proceeding on May 30, 2023, the Federal Energy Regulatory Commission (Commission) and North American Electric Reliability Corporation (NERC) staff will convene a technical conference on August 10, 2023, from approximately 9:00 a.m. to 4:30 p.m. Eastern Time.

The purpose of this conference is to discuss physical security of the Bulk-Power System, including the adequacy of existing physical security controls, challenges, and solutions. The conference will include two parts and four panel discussions. Part 1 will address the effectiveness of Reliability Standard CIP-014-3 (Physical Security) and include two panels on the applicability of CIP-014-3 and minimum levels of physical protection. Part 2 will address solutions beyond Reliability Standard CIP-014-3 and

include two panels on physical security best practices and operational preparedness and planning a more resilient grid.

Attached to this Supplemental Notice is an agenda for the technical conference, which includes more detail for each panel. An additional supplemental notice will be issued with details on expected panelists. Only invited panelists and staff from the Commission and NERC will participate in the panel discussions. Interested parties may listen and observe, and written comments may be submitted after the conference in Docket No. RD23-2-000.

The conference will be held in-person at NERC's headquarters at 3353 Peachtree Road NE, Suite 600, North Tower, Atlanta, GA 30326. Information on travelling to NERC's Atlanta office is available here. The conference will be open for the public to attend, and there is no fee for attendance. It will be transcribed and webcast. Those observing via webcast may register here. Those who would like to attend in-person may register here. Space is limited for in-person attendance and therefore registration is required. In-person attendees are encouraged to ensure they have a confirmed in-person registration prior to finalizing any travel plans. Information on this conference will also be posted on the Calendar of Events on the Commission's website, www.ferc.gov, prior to the event.

Commission conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations, please send an email to accessibility@ferc.gov, call toll-free (866) 208-3372 (voice) or (202) 208-8659 (TTY), or send a fax to (202) 208-2106 with the required accommodations. The conference will also be transcribed. Transcripts will be available for a fee from Ace Reporting, (202) 347-3700.

For more information about this technical conference, please contact Terrance Clingan at Terrance.Clingan@ferc.gov or (202) 502-8823. For information related to logistics, please contact Lonnie Ratliff at Lonnie.Ratliff@nerc.net or Sarah McKinley at Sarah.McKinley@ferc.gov or (202) 502-8004.

Dated: June 29, 2023.
