

government's buying power. The business standards will be used as the foundation for common mission support services shared by Federal agencies.

OPM serves as the Human Capital Management (HCM) business standards lead on the Business Standards Council (BSC). The goal of the HCM business standards is to standardize Human Capital Management across the Federal government. The HCM business capabilities, service metrics, and standard data elements document the key activities, inputs, outputs, data elements, and other functional area intersections. OPM is seeking public feedback on these draft business standards, including comments on understandability of the standards, suggested changes, and usefulness of the draft standards to industry and agencies.

Guiding questions in standard development include:

- Do the draft business standards appropriately document the business processes covered?
- Are the draft business standards easy to understand?
- Will your organization be able to show how your solutions and/or services can meet these draft business standards?
- What would you change about the draft business standards? Is there anything missing?

Comments will be used in formulation of the final business standards.
