this administrative review, see the Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is included in the appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at https://access.trade.gov/public/FRNoticesListLayout.aspx.

Scope of the Order

The products covered by the Order are shipments of tapered roller bearings and parts thereof, finished and unfinished, from China; flange, take up cartridge, and hanger units incorporating tapered roller bearings; and tapered roller housings (except pillow blocks incorporating tapered rollers, with or without spindles, whether or not for automotive use. For a full description of the scope of the Order, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). For a full description of the methodology underlying our preliminary results, see the Preliminary Decision Memorandum.5

China-Wide Entity

C&U Group Shanghai Bearing Co., Ltd. (C&U Group), Hangzhou C&U Automotive Bearing Co., Ltd. (C&U Automotive), Hangzhou C&U Metallurgy Bearing Co., Ltd. (C&U Metallurgy), Huangshi C&U Bearing Co., Ltd. (Huangshi C&U), and Sichuan C&U Bearing Co., Ltd. (Sichuan C&U) did not submit separate rate applications or recertify their eligibility for a separate rate; therefore, Commerce preliminarily determines that these companies are not eligible for a separate rate and, as such, are a part of the China-wide entity.

Under Commerce’s policy regarding the conditional review of the China-wide entity, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the China-wide entity. Because no party requested a review of the China-wide entity and no review was initiated for the China-wide entity, the China-wide entity is not under review. Thus, the weighted-average dumping margin determined for the China-wide entity is not subject to change and continues to be 92.84 percent.6

Rate for Non-Examined Companies That Are Eligible for a Separate Rate

Commerce calculated an individual weighted-average dumping margin for Shanghai Tainai Bearing Co., Ltd. (Tainai), the only company individually examined in this administrative review. Because the only individually calculated weighted-average dumping margin is not zero, de minimis, or based entirely on facts otherwise available, the weighted-average dumping margin calculated for Tainai is the basis to determine the weighted-average dumping margin for the separate rate, non-examined companies, consistent with section 735(c)(5)(A) of the Act, which provides for the determination of the estimated weighted-average dumping margin for all other producers and exporters in an investigation.

As indicated in the “Preliminary Results of Review” section below, we preliminarily determine that a weighted-average dumping margin of 27.02 percent applies to Zhejiang Jingli Bearing Technology Co., Ltd. (Jingli), the only company not selected for individual examination that is eligible for a separate rate. For further information, see the Preliminary Decision Memorandum at “Weighted-Average Dumping Margin for the Separate Rate Companies.”

Preliminary Results of Review

Commerce preliminarily determines that the following weighted-average dumping margins exist for the period June 1, 2021, through May 31, 2022:

For the final results, if we continue to treat the C&U Group, C&U Automotive, C&U Metallurgy, Huangshi C&U, and Sichuan C&U as part of China-wide entity, we will instruct CBP to apply an ad valorem assessment rate of 92.84 percent to all entries of subject merchandise during the POR that were exported by these companies. For Jingli, the company that is receiving a separate rate and was not individually examined, its assessment rate will be equal to the weighted-average dumping margin determined in the final results of this review.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after date of publication of the final results of this review in the Federal Register. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) for the exporters listed above that have a separate rate, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review (except, if the rate is zero or de minimis, then a cash deposit rate of zero will be established for that company); (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above that are currently eligible for a separate rate, the cash deposit rate will continue to be equal to the exporter-specific weighted-average dumping margin published for the most recently completed segment of this proceeding; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the cash deposit rate established for the China-wide entity, 92.84 percent; and (4) for all exporters of subject merchandise that are not located in China and that are not eligible for a separate rate, the cash deposit rate will be the rate applicable to the Chinese exporter(s) that supplied that non-Chinese exporter.

These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results of review in accordance with sections 751(a)(l) and 777(f)(I)(l) of the Act, and 19 CFR 351.221(b)(4).

Dated: June 29, 2023.

Assistant Secretary for Enforcement and Compliance.
