

duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is not zero or *de minimis*. Where an importer-specific assessment rate is zero or *de minimis* in the final results of this review, or where the cash deposit rate is zero or *de minimis*, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties in accordance with 19 CFR 351.106(c)(2). If Commerce calculates margins above *de minimis* in the final results of this review, we intend to instruct CBP to take into account the “provisional measures deposit cap,” in accordance with 19 CFR 351.212(d). For the companies which were not selected for individual review, we will assign an assessment rate based on the review-specific average rate, calculated as noted in the “Preliminary Results of Review” section above. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review and for future deposits of estimated duties, where applicable.¹²

In accordance with Commerce’s “automatic assessment” practice, for entries of subject merchandise during the POR produced by Kiswire or Wei Dat for which these companies did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate established in the original less-than-fair-value (LTFV) investigation (*i.e.*, 5.13 percent),¹³ if there is no rate for the intermediate company(ies) involved in the transaction.¹⁴

We intend to issue instructions to CBP no earlier than 35 days after the publication date of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of the notice of final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for

consumption on or after the date of publication, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed in the final results of this review will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) if the exporter is not a firm covered in this review, or the original LTFV investigation, but the producer is, then the cash deposit rate will be the rate established for the most recently-completed segment of this proceeding for the producer of the merchandise; (3) the cash deposit rate for all other producers or exporters will continue to be 5.13 percent, the all-others rate established in the LTFV investigation.¹⁵ The cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

Commerce is issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Dated: June 30, 2023.

SUMMARY: The U.S. Department of Commerce’s International Trade Administration (ITA) includes the U.S. and Foreign Commercial Service (CS), which assists and advocates for U.S. businesses in international markets to foster U.S. economic prosperity. CS is seeking feedback from the general public—including businesses that are new to exporting or not currently exporting—on ways to modernize services for the 21st century. CS is reviewing its services to assess their effectiveness in meeting the needs of U.S. exporters and identify opportunities to innovate and enhance services offered, with the objective of driving U.S. innovation and global competitiveness by increasing U.S. exports and ensuring more U.S. regions benefit, as well as workers and businesses from underserved communities.

DATES: Comments must be received by 5 p.m. EDT, 30 days from publication, for consideration in the immediate review.
