Certified Cold-Drawn Mechanical Tubing of Carbon and Alloy Steel From Italy: Preliminary Results of Antidumping Duty Administrative Review; 2021–2022

AGENCY: Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is conducting an administrative review of the antidumping duty (AD) order on certain cold-drawn mechanical tubing of carbon and alloy steel (cold-drawn mechanical tubing) from Italy with respect to one exporter/producer of subject merchandise. The period of review (POR) is June 1, 2021, through May 31, 2022. Commerce preliminarily finds that sales of cold-drawn mechanical tubing from Italy were made at less than normal value (NV) during the POR. We invite interested parties to comment on these preliminary results.

SUPPLEMENTARY INFORMATION:

Background

On June 11, 2018, Commerce published the AD order on cold-drawn mechanical tubing from Italy. On August 9, 2022, Commerce initiated an administrative review of the Order, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). This administrative review covers one producer/exporter of the subject merchandise, Dalmine S.p.A.

On February 2, 2023, Commerce extended the deadline for the preliminary results until June 30, 2023.

For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.

Scope of the Order

The products covered by this Order are certain cold-drawn mechanical tubing of carbon and alloy steel from Italy. For a full description of the scope, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751(a) of the Act. Export price is calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying these preliminary results, see the Preliminary Decision Memorandum. A list of topics included in the Preliminary Decision Memorandum is included as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov. In addition, a complete version of the Preliminary Decision Memorandum is available at https://access.trade.gov/public/FNNoticesListLayout.aspx.

Preliminary Results of the Review

We preliminarily determine that the following weighted-average dumping margin exists for the period June 1, 2021, through May 31, 2022:

<table>
<thead>
<tr>
<th>Exporter/producer</th>
<th>Weighted-average dumping margin (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Dalmine S.p.A.</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Assessment Rates

Upon completion of the final results, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. Pursuant to 19 CFR 351.221(b)(1), if Dalmine’s weighted-average dumping margin is not zero or de minimis (i.e., less than 0.5 percent) for a full description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.

Assessment Rates

Upon completion of the final results, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. Pursuant to 19 CFR 351.221(b)(1), if Dalmine’s weighted-average dumping margin is not zero or de minimis (i.e., less than 0.5 percent) for a full description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.

in the final results of this review, we will calculate importer-specific assessment rates based on the ratio of the total amount of dumping calculated for the importer’s examined sales to the total entered value of those same sales. If Dalmine’s weighted-average dumping margin is zero or de minimis, or if an importer-specific assessment rate is zero or de minimis, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review and for future deposits of estimated duties, where applicable.  

In accordance with Commerce’s “automatic assessment” practice, for entries of subject merchandise during the POR produced by Dalmine for which it did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate established in the original less-than-fair-value (LTFV) investigation (i.e., 47.87 percent) if there is no rate for the intermediate company(ies) involved in the transaction. 

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the Federal Register. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP to not liquidate relevant entries until the time for parties to file a request for a statutory injunction has expire (i.e., within 90 days of publication).

**Cash Deposit Requirements**

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for Dalmine in the final results of review will be equal to the weighted-average dumping margin established in the final results of this administrative review except if the rate is less than 0.50 percent and, therefore, de minimis within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for merchandise exported by a company not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment in which it was reviewed; (3) if the exporter is not a firm covered in this review or the original LTFV investigation, but the producer is, then the cash deposit rate will be the rate established for the most recently-completed segment of this proceeding for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 47.87 percent, the all-others rate established in the LTFV investigation. These cash deposit requirements, when imposed, will remain in effect until further notice.

**Disclosure and Public Comment**

We intend to disclose the calculations performed to parties within five days after public announcement of the preliminary results or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(h). Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the last verification report is issued in this review. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than seven days after the date for filing case briefs. Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) a statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities. Case and rebuttal briefs should be filed using ACCESS and must be served on interested parties. Executive summaries should be limited to five pages total, including footnotes. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.

Interested parties who wish to request a hearing must do so within 30 days of publication of these preliminary results by submitting a written request to the Assistant Secretary, filed electronically via ACCESS. Requests should contain the party’s name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm the date and time of the hearing two days before the scheduled date. Parties are reminded that all briefs and hearing requests must be filed electronically using ACCESS and received successfully in their entirety by 5:00 p.m. Eastern Time on the due date.

**Verification**

As provided in section 782(i)(3) of the Act, on June 8–9, 2023, Commerce verified the information reported by Dalmine’s U.S. affiliate, Tenaris Global Services USA, at its offices in Houston, TX. Commerce intends to verify Dalmine’s remaining U.S. and home market sales information in Italy prior to the final results of this review.

**Final Results of Review**

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

**Notification to Importers**

This notification serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

**Notification to Interested Parties**

This administrative review and notice are issued and published in accordance with section 735(a)(2) of the Act and 19 CFR 351.303.

Notice of Scope Ruling Applications Filed in Antidumping and Countervailing Duty Proceedings

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) received scope ruling applications requesting that scope inquiries be conducted to determine whether identified products are covered by the scope of antidumping duty (AD) and/or countervailing duty (CVD) orders and that Commerce issue scope rulings pursuant to those inquiries. In accordance with Commerce’s regulations, we are notifying the public of the filing of the scope ruling applications listed below in the month of May 2023.

SUPPLEMENTARY INFORMATION:

Notice of Scope Ruling Applications

In accordance with 19 CFR 351.225(d)(3), we are notifying the public of the following scope ruling applications related to AD and CVD orders and findings filed in or around the month of May 2023. This notification includes, for each scope application: (1) identification of the AD and/or CVD orders at issue (19 CFR 351.225(c)(1)); (2) concise public descriptions of the products at issue, including the physical characteristics (including chemical, dimensional and technical characteristics) of the products (19 CFR 351.225(c)(2)(i)); (3) the countries where the products are produced and the countries from where the products are exported (19 CFR 351.225(c)(2)(ii)); (4) the full names of the applicants; and (5) the dates that the scope applications were filed with Commerce and the name of the ACCESS scope segment where the scope applications can be found.1 This notice does not include applications which have been rejected and not properly resubmitted. The scope ruling applications listed below are available on Commerce’s online e-filing and document management system, Antidumping and Countervailing Duty Electronic Service System (ACCESS), at https://access.trade.gov.
