

practice generally dictates that where a deadline falls on a weekend, Federal holiday, or other non-business day, the appropriate deadline is the next business day.⁸ Accordingly, if the 30th day after the filing of the application falls on a non-business day, the next business day will be considered the “updated” 30th day, and if the application is not rejected or a scope inquiry initiated by or on that particular business day, the application will be deemed accepted and a scope inquiry will be deemed initiated on the next business day which follows the “updated” 30th day.⁹

In accordance with 19 CFR 351.225(m)(2), if there are companion AD and CVD orders covering the same merchandise from the same country of origin, the scope inquiry will be conducted on the record of the AD proceeding. Further, please note that pursuant to 19 CFR 351.225(m)(1), Commerce may either apply a scope ruling to all products from the same country with the same relevant physical characteristics, (including chemical, dimensional, and technical characteristics) as the product at issue, on a country-wide basis, regardless of the producer, exporter, or importer of those products, or on a company-specific basis.

For further information on procedures for filing information with Commerce through ACCESS and participating in scope inquiries, please refer to the Filing Instructions section of the Scope Ruling Application Guide, at https://access.trade.gov/help/Scope_Ruling_Guidance.pdf. Interested parties, apart from the scope ruling applicant, who wish to participate in a scope inquiry and be added to the public service list for that segment of the proceeding must file an entry of appearance in accordance with 19 CFR 351.103(d)(1) and 19 CFR 351.225(n)(4). Interested parties are advised to refer to the case segment in ACCESS as well as 19 CFR 351.225(f) for further information on the scope inquiry procedures, including the timelines for the submission of comments.

the scope issue raised in the application in another segment of the proceeding (such as a circumvention inquiry under 19 CFR 351.226 or a covered merchandise inquiry under 19 CFR 351.227), it will notify the applicant that it will not initiate a scope inquiry, but will instead determine if the product is covered by the scope at issue in that alternative segment.

⁸ See *Notice of Clarification: Application of “Next Business Day” Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).

⁹ This structure maintains the intent of the applicable regulation, 19 CFR 351.225(d)(1), to allow day 30 and day 31 to be separate business days.

Please note that this notice of scope ruling applications filed in AD and CVD proceedings may be published before any potential initiation, or after the initiation, of a given scope inquiry based on a scope ruling application identified in this notice. Therefore, please refer to the case segment on ACCESS to determine whether a scope ruling application has been accepted or rejected and whether a scope inquiry has been initiated.

Interested parties who wish to be served scope ruling applications for a particular AD or CVD order may file a request to be included on the annual inquiry service list during the anniversary month of the publication of the AD or CVD order in accordance with 19 CFR 351.225(n) and Commerce’s procedures.¹⁰

Interested parties are invited to comment on the completeness of this monthly list of scope ruling applications received by Commerce. Any comments should be submitted to James Maeder, Deputy Assistant Secretary for AD/CVD Operations, Enforcement and Compliance, International Trade Administration, via email to CommerceCLU@trade.gov.

This notice of scope ruling applications filed in AD and CVD proceedings is published in accordance with 19 CFR 351.225(d)(3).

Dated: June 30, 2023.

Prestressed Concrete Steel Wire Strand From Malaysia: Preliminary Results of Antidumping Duty Administrative Review, 2020–2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that prestressed concrete steel wire strand (PC strand) from Malaysia was not sold in the United States at prices below normal value. The period of review (POR) is November 19, 2020, through May 31, 2022. Interested

parties are invited to comment on these preliminary results.

DATES: Applicable July 7, 2023.

FOR FURTHER INFORMATION CONTACT: Miranda Bourdeau or Samuel Frost, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2021 or (202) 482–8180, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 4, 2021, Commerce published in the **Federal Register** an antidumping duty order on PC strand from Malaysia.¹ On June 3, 2022, we published in the **Federal Register** a notice of opportunity to request an administrative review of the *Order*.² On August 9, 2022, based on timely requests for an administrative review, Commerce initiated an administrative review with respect to four companies.³ On August 26, 2022, Commerce selected Kiswire Sdn. Bhd. (Kiswire) and Wei Dat Steel Wire Sdn. Bhd. (Wei Dat) as mandatory respondents for individual examination.⁴

On February 17, 2023, Commerce extended the time limit for completing the preliminary results of this review until June 30, 2023.⁵ For a complete description of the events between the initiation of this review and these preliminary results, see the Preliminary Decision Memorandum

³ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 87 FR 48459 (August 9, 2022) (*Initiation Notice*). Although there are five entities listed in the *Initiation Notice*, one of these entities (*i.e.*, Kiswire Sdn. Bhd. (Kota Kiswire)) is part of another exporter/producer under review. Thus, Commerce only considers four of these entities to be companies covered by this administrative review. For further details, see Memorandum, “Decision Memorandum for the Preliminary Results of the Antidumping Duty Administrative Review of Prestressed Concrete Steel Wire Strand from Malaysia; 2020–2022,” dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

Scope of the Order

The merchandise covered by the scope of this *Order* is prestressed concrete steel wire strand. A complete description of the scope of the *Order* is in the Preliminary Decision Memorandum.⁶

Methodology

Commerce is conducting this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). We calculated export price in accordance with section 772(a) of the Act. Normal value is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying these preliminary results, see the Preliminary Decision Memorandum. See the appendix to this notice for a complete list of topics discussed in the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum is available at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Rate for Non-Examined Companies

The Act and Commerce’s regulations do not address the establishment of a rate to be applied to companies not selected for examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely {on the basis of facts available}.”

Where the dumping margin for individually examined respondents are all zero, *de minimis*, or based entirely on facts available, section 735(c)(5)(B) of the Act provides that Commerce may

use “any reasonable method to establish the estimated all-others rate for exporters and producers not individually investigated, including averaging the estimated weighted average dumping margins determined for the exporters and producers individually investigated.”

In this review, Commerce preliminarily determines that the estimated weighted-average dumping margins for both Kiswire and Wei Dat are zero percent. Therefore, in accordance with section 735(c)(5)(B) of the Act, we are preliminarily assigning Southern Steel Sdn. Bhd. and Southern PC Steel Sdn. Bhd., the two companies not selected for individual examination, a rate of zero percent, because we calculated rates of zero percent for both mandatory respondents.

Preliminary Results of the Review

Commerce preliminarily determines that the following estimated weighted-average dumping margins exist during the period November 19, 2020, through May 31, 2022:

Exporter/producer	Estimated weighted-average dumping margin (percent)
Kiswire Sdn. Bhd	0.00
Wei Dat Steel Wire Sdn. Bhd	0.00
Review-Specific Rate Applicable to the Following Non-Examined Companies	
Southern Steel Sdn. Bhd	0.00
Southern PC Steel Sdn. Bhd	0.00

Verification

As provided in section 782(i)(3) of the Act, Commerce intends to verify certain information reported by Kiswire prior to issuing its final results.

Disclosure and Public Comment

Commerce intends to disclose to interested parties the calculations performed for these preliminary results within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs containing issues pertaining to Kiswire to Commerce no later than seven days after the date on which the last verification report is issued in this administrative review. Interested parties may submit case briefs containing issues pertaining to Wei Dat to Commerce no later than 30 days after the publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than seven days after the date for filing the

applicable case briefs.⁷ Commerce modified certain of its requirements for servicing documents containing business proprietary information until further notice.⁸ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) a statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.⁹ Note that Commerce has temporarily modified certain portions of its requirements for serving documents containing business proprietary information, until further notice.¹⁰

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, filed electronically via ACCESS within 30 days of the date of publication of this notice. Requests should contain: (1) the party’s name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. An electronically-filed hearing request must be received successfully in its entirety by ACCESS by 5:00 p.m. Eastern Time on the established deadline.

Commerce intends to issue the final results of this administrative review, including the results of its analysis of issues raised in the case briefs, no later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act, unless otherwise extended.

Assessment Rates

Upon issuance of the final results of this administrative review, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.¹¹ If a respondent’s weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.5 percent) in the final results of this review, we will calculate importer-specific assessment rates based on the ratio of the total amount of dumping calculated for the importer’s examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). We intend to instruct CBP to assess antidumping

⁶ See the Preliminary Decision Memorandum at “Scope of the *Order*.”

duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is not zero or *de minimis*. Where an importer-specific assessment rate is zero or *de minimis* in the final results of this review, or where the cash deposit rate is zero or *de minimis*, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties in accordance with 19 CFR 351.106(c)(2). If Commerce calculates margins above *de minimis* in the final results of this review, we intend to instruct CBP to take into account the “provisional measures deposit cap,” in accordance with 19 CFR 351.212(d). For the companies which were not selected for individual review, we will assign an assessment rate based on the review-specific average rate, calculated as noted in the “Preliminary Results of Review” section above. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review and for future deposits of estimated duties, where applicable.¹²

In accordance with Commerce’s “automatic assessment” practice, for entries of subject merchandise during the POR produced by Kiswire or Wei Dat for which these companies did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate established in the original less-than-fair-value (LTFV) investigation (*i.e.*, 5.13 percent),¹³ if there is no rate for the intermediate company(ies) involved in the transaction.¹⁴

We intend to issue instructions to CBP no earlier than 35 days after the publication date of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of the notice of final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for

consumption on or after the date of publication, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed in the final results of this review will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) if the exporter is not a firm covered in this review, or the original LTFV investigation, but the producer is, then the cash deposit rate will be the rate established for the most recently-completed segment of this proceeding for the producer of the merchandise; (3) the cash deposit rate for all other producers or exporters will continue to be 5.13 percent, the all-others rate established in the LTFV investigation.¹⁵ The cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

Commerce is issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Dated: June 30, 2023.

Assistant Secretary for Enforcement and Compliance.

International Trade Administration

Opportunity To Comment on the Modernization of the Export Promotion Services and Assistance Delivered by the U.S. and Foreign Commercial Service

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Request for comments.

SUMMARY: The U.S. Department of Commerce’s International Trade Administration (ITA) includes the U.S. and Foreign Commercial Service (CS), which assists and advocates for U.S. businesses in international markets to foster U.S. economic prosperity. Utilizing its network of trade promotion and policy professionals located in 79 countries and 106 U.S. locations, CS promotes U.S. exports, especially among small and medium-sized enterprises; advances and protects U.S. commercial interests overseas; and attracts inward investment into the United States. CS is seeking feedback from the general public—including businesses that are new to exporting or not currently exporting—on ways to modernize services for the 21st century. CS is reviewing its services to assess their effectiveness in meeting the needs of U.S. exporters and identify opportunities to innovate and enhance services offered, with the objective of driving U.S. innovation and global competitiveness by increasing U.S. exports and ensuring more U.S. regions benefit, as well as workers and businesses from underserved communities.

DATES: Comments must be received by 5 p.m. EDT, 30 days from publication, for consideration in the immediate review.

ADDRESSES: Respondents are encouraged to provide feedback electronically at: <https://trade.gov/cs-innovate>. Respondents who do not wish to submit feedback via the website may submit written comments to the point of contact identified below.
