

Operations in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** For questions concerning this action, contact Mr. Donald S. Scata, Jr. or Ms. Krystyna Bednarczyk, Federal Aviation Administration, 800 Independence Ave. SW, Washington, DC 20591; telephone (202) 267-0606; email [NoisePolicyReview@faa.gov](mailto:NoisePolicyReview@faa.gov).

**SUPPLEMENTARY INFORMATION:** On May 1, 2023, the FAA published a request for comments in the **Federal Register** seeking public comments from interested individuals, entities, and other parties on our review of four key considerations of our civil aviation noise policy (88 FR 26641). The request for comments stated that the comment period would close on July 31, 2023. The FAA received requests to extend the comment period by members of the public, a city councilmember from a major metropolitan area, and from a consortium of nine industry groups representing national, regional, and ultra low-cost passenger carriers; the general aviation aircraft sector; cargo airlines; airport executives; and local, regional and state governing bodies that own and operate commercial airports in the United States and Canada. Some requestors stated that the scope of FAA's review is "extremely broad," "potential changes . . . would have significant implications for commercial airlines, airports, public air transport, and the FAA," and therefore requested additional time to evaluate the "complex issues and implications raised by these questions, and to formulate a comprehensive and well-reasoned response." Other requestors noted that the FAA's request for comments overlaps with efforts to meet and confer with Congressional representatives on the FAA Reauthorization Act of 2023 introduced by the U.S. House of Representatives' Transportation and Infrastructure Committee and to provide comments in response to the DOT's request for information on critical issues related to drafting a national advanced air mobility (AAM) strategy, which would be open for 60 days and close on July 17, 2023. 88 FR 31593 (May 17, 2023). Commenters noted that having a two complicated and technical **Federal Register** notices due at approximately the same time, while other related and time-sensitive matters also require the attention of requestors, would create undue hardship on the public. The requests for an extension ranged from 60 to 90 days. The FAA is granting an

extension of the comment period for the request for comments through September 29, 2023.

Issued in Washington, DC, on July 5, 2023.

## DEPARTMENT OF VETERANS AFFAIRS

### Privacy Act of 1974; System of Records

**AGENCY:** Board of Veterans' Appeals (Board), Department of Veterans Affairs (VA).

**ACTION:** Notice of a modified system of records.

**SUMMARY:** Pursuant to the Privacy Act of 1974, notice is hereby given that the Department of Veterans Affairs (VA) proposes to modify an existing system of records, "Veterans Appellate Records System—VA" (44VA01). This system is used by the Board of Veterans' Appeals (Board) to process and track appeals, hearing requests, and information related to appeals of benefits decisions issued by the Veterans Benefits Administration (VBA), Veterans Health Administration (VHA), and National Cemetery Administration (NCA).

**DATES:** Comments on this modified system of records must be received no later than 30 days after date of publication in the **Federal Register**. If no public comment is received during the period allowed for comment or unless otherwise published in the **Federal Register** by VA, the modified system of records will become effective a minimum of 30 days after date of publication in the **Federal Register**. If

VA receives public comments, VA shall review the comments to determine whether any changes to the notice are necessary.

**ADDRESSES:** Comments may be submitted through [www.Regulations.gov](http://www.Regulations.gov) or mailed to VA Privacy Service, 810 Vermont Avenue NW, (005R1A), Washington, DC 20420. Comments should indicate that they are submitted in response to "Veterans Appellate Records System—VA" (44VA01). Comments received will be available at [regulations.gov](http://regulations.gov) for public viewing, inspection or copies.

**FOR FURTHER INFORMATION CONTACT:** Kary Charlebois, [Kary.Charlebois@va.gov](mailto:Kary.Charlebois@va.gov), Chief, Privacy Act & FOIA, Board of Veterans' Appeals, Department of Veterans Affairs, 810 Vermont Avenue NW, Washington, DC 20420, (202) 382-2906.

**SUPPLEMENTARY INFORMATION:** The Board proposes to add records from two new IT systems to this system of records:

1. The first new IT system is Caseflow, which is the Board's appeals management system, used to track and process appeals adjudicated under the Veteran Appeals Improvement and Modernization Act of 2017 (AMA), or the modernized system.

2. The second new IT system is the Veterans Benefits Management System (VBMS). The Board utilizes the VBMS eFolder to store files related to appeals from non-VBMS business lines, such as the Veterans Health Administration (VHA). Storing the electronic files in VBMS allows for adjudication of the appeal utilizing Caseflow, which pulls from VBMS.

3. Routine use #3 has been renumbered as routine use #13 for disclosure for the development of a claimant's claim for VA benefits.
