July 6, 2023

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 27, 2023, Cboe BZX Exchange, Inc. ("Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe BZX Exchange, Inc. (the "Exchange" or "BZX") is filing with the Securities and Exchange Commission ("Commission" or "SEC") a proposed rule change to list and trade shares of the Principal Focused Blue Chip ETF (the "Fund"), a series of Principal Exchange-Traded Funds (the "Trust"), under Rule 14.11(m), Tracking Fund Shares.

The text of the proposed rule change is also available on the Exchange's website (http://markets.cboe.com/us/equities/regulation/rule_filings/bzx/), at the Exchange's Office of the Secretary,

and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange adopted BZX Rule 14.11(m) for the purpose of permitting the listing and trading, or pursuant to unlisted trading privileges ("UTP"), of Tracking Fund Shares,⁵ which are securities issued by an actively managed open-end management investment company.⁶ Exchange Rule

⁵ Rule 14.11(m)(3)(A) provides that the term "Tracking Fund Share" means a security that (i) represents an interest in an investment company registered under the Investment Company Act of 1940 ("Investment Company") organized as an open-end management investment company, that invests in a portfolio of securities selected by the Investment Company's investment adviser consistent with the Investment Company's investment objectives and policies; (ii) is issued in a specified aggregate minimum number in return for a deposit of a specified Tracking Basket or Custom Basket, as applicable, and/or a cash amount with a value equal to the next determined net asset value ("NAV"); (iii) when aggregated in the same specified minimum number, may be redeemed at a holder's request, which holder will be paid a specified Tracking Basket or Custom Basket, as applicable, and/or a cash amount with a value equal to the next determined net asset value; and (iv) the portfolio holdings for which are disclosed within at least 60 days following the end of every fiscal quarter. Rule 14.11(m)(3)(E) provides that the term "Tracking Basket" means the identities and quantities of the securities and other assets included in a basket that is designed to closely track the daily performance of the Fund Portfolio, as provided in the exemptive relief under the Investment Company Act of 1940 (the "1940 Act") applicable to a series of Tracking Fund Shares. Rule 14.11(m)(3)(F) provides that the term "Custom Basket" means a portfolio of securities that is different from the Tracking Basket and is otherwise consistent with the exemptive relief issued pursuant to the 1940 Act applicable to a series of Tracking Fund Shares.

14.11(m)(1)(A) requires the Exchange to file separate proposals under Section 19(b) of the Act before listing and trading any series of Tracking Fund Shares on the Exchange. Pursuant to this provision, the Exchange is submitting this proposal to list and trade shares (“Shares”) of Tracking Fund Shares of the Fund.

The Shares will be offered by the Trust, which is organized as a statutory trust under the laws of Delaware. The Trust is registered with the Commission as an open-end investment company and has filed a registration statement on behalf of the Fund on Form N-1A with the Commission.⁷ Principal Global Investors, LLC (the “Adviser”) will be the investment adviser to the Fund. State Street Bank and Trust Company is the administrator, custodian, and transfer agent for the Trust. ALPS Distributors, Inc. serves as the distributor for the Trust.

Rule 14.11(m)(2)(D) provides that, if the investment adviser to the

Rule 14.11(m) was later amended to provide for the use of Custom Baskets. See Securities Exchange Act Nos. 92626 (August 10, 2021) 86 FR 45792 (August 16, 2021) (SR-CboeBZX-2021-053) (Notice of Filing of a Proposed Rule Change To Amend Rule 14.11(m) (Tracking Fund Shares) To Provide for the Use of Custom Baskets Consistent With the Exemptive Relief Issued Pursuant to the Investment Company Act of 1940 Applicable to a Series of Tracking Fund Shares); and 93147 (September 28, 2021) 86 FR 54772 (October 4, 2021) (Order Granting Approval of a Proposed Rule Change To Amend Rule 14.11(m) (Tracking Fund Shares) To Provide for the Use of Custom Baskets Consistent With the Exemptive Relief Issued Pursuant to the Investment Company Act of 1940 Applicable to a Series of Tracking Fund Shares) (the “Subsequent Order”).

⁷ The Trust is registered under the 1940 Act. On April 6, 2023, the Trust filed a registration statement on Form N-1A relating to the Fund (File No. 811-23029) (the “Registration Statement”). The descriptions of the Fund and the Shares contained herein are based, in part, on information included in the Registration Statement. The Registration Statement is not yet effective and the Shares will not trade on the Exchange until such time that the Registration Statement is effective. The Fund is an actively-managed exchange-traded fund that operates pursuant to an exemptive order (File No. 812-15308) from the SEC issued on April 26, 2022 (the “Exemptive Order”). The Fund’s application for exemptive relief incorporated the conditions and requirements to an exemptive order from the SEC under the 1940 Act (15 U.S.C. 80a-1) to Fidelity Beach Street Trust (File No. 812-14364), issued on December 10, 2019. See Investment Company Act Release Nos. 33683 (November 14, 2019), 84 FR 64140 (November 20, 2019) (the application) and 33712 (December 10, 2019) (the exemptive order) (File No. 812-14364).

Investment Company issuing Tracking Fund Shares is registered as a broker-dealer or is affiliated with a broker-dealer, such investment adviser will erect and maintain a “fire wall” between the investment adviser and personnel of the broker-dealer or broker-dealer affiliate, as applicable, with respect to access to information concerning the composition of and/or changes to the Fund Portfolio,⁸ the Tracking Basket,⁹ and/or the Custom Basket,¹⁰ as applicable. Any person related to the investment adviser or Investment Company who makes decisions pertaining to the Investment Company’s Fund Portfolio, the Tracking Basket, and/or the Custom Basket or has access to nonpublic information regarding the Fund Portfolio, the Tracking Basket, and/or the Custom Basket, as applicable, or changes thereto must be subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the Fund Portfolio, the Tracking Basket, and/or the Custom Basket, as applicable, or changes thereto. Rule 14.11(m)(2)(E) provides that any person or entity, including a custodian, Reporting Authority,¹¹ distributor, or administrator, who has access to nonpublic information regarding the Fund Portfolio, the Tracking Basket, or the Custom Basket, as applicable, or changes thereto, must be subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the applicable Fund Portfolio, the Tracking Basket, or the Custom Basket, as applicable, or changes thereto. Moreover, if any such person or entity is registered as a broker-dealer or affiliated with a broker-dealer, such person or entity will erect and maintain a “fire wall” between the person or entity and the broker-dealer with respect to access to information concerning the composition and/or changes to such Fund Portfolio, Tracking Basket, or Custom Basket, as applicable.

The Adviser is not registered as a broker-dealer, but is affiliated with a broker-dealer.¹² The Adviser represents that a fire wall exists and will be maintained between the investment adviser and personnel of the broker-dealer or broker-dealer affiliate, as applicable, with respect to access to information concerning the composition of and/or changes to the Fund Portfolio,

the Tracking Basket, and/or the Custom Basket, as applicable. Specifically, the Adviser represents that the personnel who make decisions on the Fund Portfolio, Tracking Basket and/or Custom Basket, as applicable, or who have access to nonpublic information regarding the Fund Portfolio, the Tracking Basket, and/or the Custom Basket, as applicable, or changes thereto are subject to procedures designed to prevent the use and dissemination of material non-public information regarding such Fund Portfolio, Tracking Basket, and/or Custom Basket. In the event that (a) the Adviser becomes registered as a broker-dealer or newly affiliated with a broker-dealer; or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes newly affiliated with a broker-dealer it will implement and maintain a fire wall with respect to its relevant personnel or such broker-dealer affiliate, as applicable, regarding access to information concerning the composition and/or changes to the Fund Portfolio, the Tracking Basket, and/or the Custom Basket, and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such Fund Portfolio, Tracking Basket, and/or Custom Basket. Any person or entity, including a custodian, Reporting Authority, distributor, or administrator, who has access to nonpublic information regarding the Fund Portfolio, Tracking Basket, and/or Custom Basket, as applicable, or changes thereto, will be subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the applicable Fund Portfolio, the Tracking Basket, or the Custom Basket, as applicable, or changes thereto. Further, any such person or entity that is registered as a broker-dealer or affiliated with a broker-dealer must have erected and will maintain a “fire wall” between the person or entity and the broker-dealer with respect to access to information concerning the composition and/or changes to such Fund Portfolio, Tracking Basket, or Custom Basket, as applicable. The Fund intends to qualify each year as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended.

The Shares will conform to the initial and continued listing criteria under Rule 14.11(m) as well as all terms in the Exemptive Order. The Exchange represents that, for initial and continued listing, the Fund will be in compliance with Rule 10A-3 under the Act. A

minimum of 100,000 Shares of the Fund will be outstanding at the commencement of trading on the Exchange, and each creation unit size will be at least 20,000 shares. The Exchange will obtain a representation from the issuer of the Shares of the Fund that the NAV per Share of the Fund will be calculated daily and that each of the following will be made available to all market participants at the same time when disclosed: the net asset value, the Tracking Basket, the Fund Portfolio, and the Custom Basket, as applicable. Additionally, with respect to each Custom Basket utilized by a series of Tracking Fund Shares, each business day, before the opening of trading in the regular market session, the investment company shall make publicly available on its website¹³ the composition of any Custom Basket transacted on the previous business day, except a Custom Basket that differs from the applicable Tracking Basket only with respect to cash. The Fund's investments will be consistent with its investment objective and will not be used to enhance leverage.

Principal Focused Blue Chip ETF

The Fund's holdings will conform to the permissible investments as stated herein and as set forth in the Exemptive Relief and the holdings will be consistent with all requirements in the Exemptive Relief. Any foreign common stocks held by the Fund will be traded on an exchange that is a member of the Intermarket Surveillance Group ("ISG")¹⁴ or with which the Exchange has in place a comprehensive surveillance sharing agreement.

The Fund's investment objective is to seek to provide long-term growth of capital. The Fund seeks to achieve its investment objective by investing at least 80% of net assets, plus any borrowings for investment purposes, in equity securities of companies with large market capitalizations at the time of purchase that, in the opinion of the Adviser, display characteristics of a "blue chip" company. For this Fund, companies with large market capitalizations are those with market capitalizations similar to companies in the Russell 1000® Growth Index (as of April 30, 2023, this was between approximately \$659.2 million and \$2.7 trillion). In the Adviser's view, "blue

chip" companies typically display some or all of the following characteristics: (1) large, well-established and financially sound companies; (2) issuers with market capitalizations in the billions; (3) are considered market leaders or among the top three companies in its sector; and (4) commonly considered household names. The Fund tends to focus on securities of companies that show potential for growth of capital as well as an expectation for above-average earnings. In selecting securities in which to invest, the Adviser uses a bottom-up, fundamental process, focusing on a fundamental analysis of individual companies.

Trading Halts

Rule 14.11(m)(4)(B)(iv) provides that (a) the Exchange may consider all relevant factors in exercising its discretion to halt trading in a series of Tracking Fund Shares. Trading may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. These may include: (i) the extent to which trading is not occurring in the securities and/or the financial instruments composing the Tracking Basket, Custom Basket, or Fund Portfolio; or (ii) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present; and (b) if the Exchange becomes aware that one of the following is not being made available to all market participants at the same time: the net asset value, the Tracking Basket, the Custom Basket, or the Fund Portfolio with respect to a series of Tracking Fund Shares, then the Exchange will halt trading in such series until such time as the net asset value, the Tracking Basket, the Custom Basket, or the Fund Portfolio is available to all market participants, as applicable.

Trading Rules

The Exchange deems Tracking Fund Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities.¹⁵ The Exchange has appropriate rules to facilitate trading in Tracking Fund Shares during all trading sessions.

Tracking Basket for the Fund

For the Fund, the Tracking Basket will consist of a combination of Strategy Components,¹⁶ Representative ETFs,¹⁷ select securities from the universe from which the Fund's investments are selected, such as a broad-based market index, and cash and cash equivalents. The Exchange notes that the Tracking Basket methodology used by the Fund is substantively identical to a proposal previously approved by the Commission.¹⁸

Representative ETFs selected for inclusion in the Tracking Basket will be consistent with the Fund's objective and selected based on certain criteria, including, but not limited to, liquidity, assets under management, holding limits and compliance considerations. Representative ETFs can provide a useful mechanism to reflect the Fund's holdings' exposures within the Tracking Basket without revealing the Fund's exact positions. Intraday pricing information for all constituents of the Tracking Basket that are exchange-traded, which includes all eligible instruments except cash and cash equivalents, will be available on the exchanges on which they are traded and through subscription services. Intraday pricing information for cash equivalents will be available through subscription services and/or pricing services. The Exchange notes that the Fund's NAV will form the basis for creations and redemptions for the Fund and creations and redemptions will work in a manner substantively identical to that of series of Managed Fund Shares. The Adviser expects that the Shares of the Fund will generally be created and redeemed in-kind, with limited exceptions. The names and quantities of the instruments that constitute the basket of securities for creations and redemptions will be the same as the Fund's Tracking Basket, except to the extent purchases and redemptions are made entirely or in part on a cash basis. In addition, in accordance with the Exemptive Order, the Fund may determine to use Custom Baskets that differ from the Tracking Basket in that they include instruments that are not in the Tracking Basket, or are included in the Tracking Basket but in different weightings. In the event that the value of the Tracking Basket is not the same as the Fund's NAV, the creation and redemption baskets will

¹⁴ For a list of the current members of ISG, see www.isgportal.com. The Exchange notes that all components, except the cash and cash equivalent components, of the Fund will trade on markets that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

¹⁵ With respect to trading in Tracking Fund Shares, all of the BZX Member obligations relating to product description and prospectus delivery requirements will continue to apply in accordance with Exchange rules and federal securities laws, and the Exchange will continue to monitor its Members for compliance with such requirements.

consist of the securities included in the Tracking Basket plus or minus an amount of cash equal to the difference between the NAV and the value of the Tracking Basket, as further described below.

The Tracking Basket will be constructed utilizing a proprietary optimization process to minimize daily deviations in return of the Tracking Basket relative to the Fund and is used to facilitate the creation/redemption process and arbitrage. Typically, the Tracking Basket is expected to be rebalanced on schedule with the public disclosure of the Fund's holdings; however, a new optimized Tracking Basket may be generated as frequently as daily, and therefore, rebalancing may occur more frequently at the Adviser's discretion. In determining whether to rebalance a new optimized Tracking Basket, the Adviser will consider various factors, including liquidity of the securities in the Tracking Basket, tracking error, and the cost to create and trade the Tracking Basket. For example, if the Adviser determines that a new Tracking Basket would reduce the variability of return differentials between the Tracking Basket and the Fund when balanced against the cost to trade the new Tracking Basket, rebalancing may be appropriate. In addition to disclosure of the Tracking Basket, the Fund publishes the Tracking Basket Weight Overlap on its website on each business day before the commencement of trading in shares on the listing exchange. The Tracking Basket Weight Overlap is the percentage weight overlap between the holdings of the prior day's Tracking Basket compared to the holdings of the Fund that formed the basis for the Fund's calculation of NAV at the end of the prior business day. It is calculated by taking the lesser weight of each asset held in common between the Fund's portfolio and the Tracking Basket, and adding the totals. The Tracking Basket Weight Overlap is intended to provide investors with an understanding of the degree to which the Tracking Basket and the Fund's portfolio overlap and help investors evaluate the risk that the performance of the Tracking Basket may deviate from the performance of the portfolio holdings of the Fund.

As noted above, the Fund will also disclose the entirety of its portfolio holdings including the name, identifier, market value and weight of each security and instrument in the portfolio, at a minimum within at least 60 days following the end of every fiscal quarter. The Fund's website,¹⁹ at no charge, will

include additional quantitative information updated on a daily basis, including, on a per Share basis for the Fund, the prior business day's NAV and the closing price or bid/ask price at the time of calculation of such NAV, and a calculation of the premium or discount of the closing price or bid/ask price against such NAV. The website will also disclose the percentage weight overlap between the holdings of the Tracking Basket compared to the Fund Holdings for the prior business day and any information regarding the bid/ask spread for the Fund as may be required for other ETFs under Rule 6c-11 under the 1940 Act, as amended. With respect to each Custom Basket, each business day, before the opening of trading in the Regular Trading Hours,²⁰ the issuer shall make publicly available on its website the composition of any Custom Basket transacted on the previous business day, except a Custom Basket that differs from the applicable Tracking Basket only with respect to cash. Price information for the exchange-listed instruments held by the Fund, including both U.S. and non-U.S. listed equity securities and U.S. exchange-listed futures will be available through major market data vendors or securities exchanges listing and trading such securities. The Exchange notes that the concept of the Tracking Basket employed under this structure is designed to provide investors with the traditional benefits of ETFs while protecting the Fund from the potential for front running or free riding of portfolio transactions, which could adversely impact the performance of the Fund.

The Exchange believes that the particular instruments that may be included in the Fund's Fund Portfolio and Tracking Basket do not raise any concerns related to the Tracking Basket being able to closely track the NAV of the Fund because such instruments include only instruments that trade on an exchange contemporaneously with the Shares. In addition, the Fund's Tracking Basket will be optimized so that it reliably and consistently correlates to the performance of the Fund.

The Adviser anticipates that the returns between the Fund and its Tracking Basket will have a consistent relationship and that the deviation in the returns between the Fund and the Tracking Basket will be sufficiently small such that the Tracking Basket will provide authorized participants, arbitrageurs, and certain other market participants (collectively, "Market

Makers") with a reliable hedging vehicle that they can use to effectuate low-risk arbitrage trades in Fund Shares. The Exchange believes that the disclosures provided by the Fund will allow Market Makers to understand the relationship between the performance of the Fund and its Tracking Basket. Market Makers will be able to estimate the value of and hedge positions in the Fund's Shares, which the Exchange believes will facilitate the arbitrage process and help ensure that the Fund's Shares normally will trade at market prices close to their NAV. The Exchange also believes that competitive market making, where traders are looking to take advantage of differences in bid-ask spread, will aid in keeping spreads tight.

2. Statutory Basis

The Exchange believes that the proposal is consistent with Section 6(b) of the Act in general and Section 6(b)(5) of the Act in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange notes that a significant amount of information about the Fund and its Fund Portfolio will be publicly available at all times. The Fund will disclose the Tracking Basket, which is designed to closely track the daily performance of the Fund Portfolio, on a daily basis. With respect to each Custom Basket, each business day, before the opening of trading in the regular market session, the Fund shall make publicly available on its website the composition of any Custom Basket transacted on the previous business day, except a Custom Basket that differs from the applicable Tracking Basket only with respect to cash. The Fund will also disclose the entirety of its portfolio holdings including the name, identifier, market value and weight of each security and instrument in the portfolio, at a minimum within at least 60 days following the end of every fiscal quarter in a manner consistent with normal disclosure requirements otherwise applicable to open-end investment companies registered under the 1940 Act. The website will include additional quantitative information updated on a daily basis, including, on a per Share basis for the Fund, the prior business day's NAV and the closing price or bid/ask price at the time of calculation of

¹⁹ *Supra* note 13.

²⁰ See Rule 1.5(w).

such NAV, and a calculation of the premium or discount of the closing price or bid/ask price against such NAV. The website will also disclose the percentage weight overlap between the holdings of the Tracking Basket compared to the Fund Holdings for the prior business day and any information regarding the bid/ask spread for the Fund as may be required for other ETFs under Rule 6c-11 under the 1940 Act, as amended. Price information for the exchange-listed instruments held by the Fund, including both U.S. and non-U.S. listed equity securities and U.S. exchange-listed futures will be available through major market data vendors or securities exchanges listing and trading such securities.

The Exchange represents that the Shares of the Fund will comply with all other requirements applicable to Tracking Fund Shares, including the dissemination of key information such as the Tracking Basket, the Custom Basket, the Fund Portfolio, and NAV, suspension of trading or removal, trading halts, surveillance, minimum price variation for quoting and order entry, an information circular informing members of the special characteristics and risks associated with trading in the Shares, and firewalls as set forth in the Rules applicable to Tracking Fund Shares and the Tracking Fund Shares Approval Order. Moreover, U.S.-listed equity securities held by the Fund will trade on markets that are a member of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement. All statements and representations made in this filing regarding the description of the portfolio or reference assets, limitations on portfolio holdings or reference assets, dissemination and availability of reference asset (as applicable), or the applicability of Exchange listing rules specified in this filing shall constitute continued listing requirements for the Shares. The issuer has represented to the Exchange that it will advise the Exchange of any failure by the Fund or Shares to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Act, the Exchange will surveil for compliance with the continued listing requirements. FINRA conducts certain cross-market surveillances on behalf of the Exchange pursuant to a regulatory services agreement. The Exchange is responsible for FINRA's performance under this regulatory services agreement. If the Fund is not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures with

respect to the Fund under Exchange Rule 14.12.

The Exchange believes that the proposal is designed to prevent fraudulent and manipulative acts and practices in that the Rules relating to listing and trading of Tracking Fund Shares provide specific initial and continued listing criteria required to be met by such securities.

Rules 14.11(m)(4)(B)(iii) and (iv) provide that the Exchange will consider the suspension of trading in and will commence delisting proceedings for the Fund pursuant to Rule 14.12 under any of the circumstances described above and that the Exchange may consider all relevant factors in exercising its discretion to halt trading in a series of Tracking Fund Shares. Trading may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable.

Additionally, the Exchange believes that the requirements related to information protection enumerated under Rule 14.11(m)(2)(F) will act as a strong safeguard against any misuse and improper dissemination of information related to the Fund Portfolio, the Tracking Basket, and/or the Custom Basket or changes thereto. The requirement that any person or entity, including a custodian, Reporting Authority, distributor, or administrator, who has access to nonpublic information regarding the Fund Portfolio, Tracking Basket, and/or Custom Basket or changes thereto, must be subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the Fund Portfolio, Tracking Basket, and/or Custom Basket or changes thereto will act to prevent any individual or entity from sharing such information externally.

The Exchange believes that its surveillance procedures are adequate to properly monitor the trading of the Shares on the Exchange during all trading sessions and to deter and detect violations of Exchange rules and the applicable federal securities laws. Trading of the Shares through the Exchange will be subject to the Exchange's surveillance procedures for derivative products, including Tracking Fund Shares. If the Fund is not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under Exchange Rule 14.12. In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees. Any foreign common stocks held by the Fund will be traded on an

exchange that is a member of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement. All futures contracts that the Fund may invest in will be traded on a U.S. futures exchange. The Exchange or FINRA, on behalf of the Exchange, or both, will communicate as needed regarding trading in the Shares, underlying U.S. exchange-listed equity securities, and U.S. exchange-listed futures with other markets and other entities that are members of ISG, and the Exchange or FINRA, on behalf of the Exchange, or both, may obtain trading information regarding trading such instruments from such markets and other entities. In addition, the Exchange may obtain information regarding trading in the Shares, underlying equity securities, and U.S. exchange-listed futures from markets and other entities that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

As provided in Rule 14.11(m)(2)(C), the Adviser will upon request make available to the Exchange and/or FINRA, on behalf of the Exchange, the daily Fund Portfolio of the Fund. The Exchange believes that the ability to access the information on an as needed basis will provide it with sufficient information to perform the necessary regulatory functions associated with listing and trading the Shares on the Exchange, including the ability to monitor compliance with the initial and continued listing requirements as well as the ability to surveil for manipulation of the Shares.

In addition, Form N-PORT requires reporting of a fund's complete portfolio holdings on a position-by-position basis on a quarterly basis within 60 days after fiscal quarter end. Investors can obtain the Fund's Statement of Additional Information, its Shareholder Reports, its Form N-CSR and its Form N-CEN. The prospectus, Statement of Additional Information, and Shareholder Reports are available free upon request, and those documents and the Form N-PORT, Form N-CSR, and Form N-CEN may be viewed on-screen or downloaded from the Commission's website at www.sec.gov. The Exchange also notes that the Exemptive Relief provides that the Fund will comply with Regulation Fair Disclosure, including with respect to any Custom Basket, which prohibits selective disclosure of any material non-public information, which otherwise do not apply to issuers of Tracking Fund Shares.

Information regarding market price and trading volume of the Shares will be

continually available on a real-time basis throughout the day on brokers' computer screens and other electronic services. Information regarding the previous day's closing price and trading volume information for the Shares will be published daily in the financial section of newspapers. Quotation and last sale information for the Shares will be available via the CTA high-speed line. The Exchange deems Tracking Fund Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities.

For the above reasons, the Exchange believes that the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Act. Rather, the Exchange notes that the proposed rule change will facilitate the listing of a new series of Tracking Fund Shares, thus enhancing competition among both market participants and listing venues, to the benefit of investors and the marketplace.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act²¹ and Rule 19b-4(f)(6)²² thereunder.²³

²¹ 15 U.S.C. 78s(b)(3)(A).

²² 17 CFR 240.19b-4(f)(6).

²³ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange satisfied this requirement.

A proposed rule change filed under Rule 19b-4(f)(6)²⁴ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),²⁵ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may take effect upon filing and BZX may list the Shares as soon as practicable. The Commission has approved and noticed for immediate effectiveness proposed rule changes to permit listing and trading on the Exchange of Tracking Fund Shares similar to the Fund.²⁶ The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest because the proposed rule change does not raise any new or novel issues. Accordingly, the Commission waives the 30-day operative delay and designates the proposal operative upon filing.²⁷

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.
