Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the collection of information listed below. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB number.

Title: Rules Relating to the Operations and Activities of Commodity Pool Operators and Commodity Trading Advisors and to Monthly Reporting by Futures Commission Merchants (OMB control number 3038-0005). This is a request for extension of a currently approved information collection.

Abstract: The various collections of information required by part 4¹ of the Commission’s regulations were previously approved by OMB in accordance with the PRA and assigned OMB control number 3038-0005. The Commission offers the following summary of the renewal to the notice and the resulting estimated impact on existing burden hour estimates associated with this information collection.

The Commodity Exchange Act (CEA) empowers the Commission with the authority to require commodity pool operators (CPOs) and commodity trading advisors (CTAs) to maintain books and records and to file reports as required by the Commission.² The Commission also has the power to promulgate such regulations as it deems necessary to implement the purposes of

the CEA.³ It is pursuant to this authority that the Commission has promulgated the various compliance requirements for CPOs and CTAs in 17 CFR part 4. The reporting, filing, and recordkeeping requirements within part 4 of the Commission’s regulations were adopted to assist and inform customers, to establish customer protection initiatives for investors, to facilitate monitoring intermediary compliance with part 4 regulations by the Commission and its delegatee, the National Futures Association (NFA), and to enable the Commission to better monitor the market risks posed by its registrants. The information collections are necessary to enable the Commission and NFA to accomplish the purposes of both the CEA and the compliance regime set forth in part 4 of the Commission’s regulations.

With regard to the information collection discussed above, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission’s estimate of the burden of the proposed revision to the collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the further use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; e.g., permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the Commission’s regulations.⁴

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <https://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on

¹ 17 CFR 4.1-4.41.

² 7 U.S.C. 6n(3).

³ 7 U.S.C. 8a(5).

⁴ 17 CFR 145.9.

the merits of the Information Collection Request will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

Burden Statement: The respondent burden for this collection is estimated to be as follows:

Respondents/affected entities: (1) All persons filing reports required by Part 4 for, and (2) all principals of such persons.

Estimated number of respondents: 49,083.

Estimated number of exempt pools/reports per respondent: 8.8.

Estimated total annual burden on respondents: 432,325 hours.

(Authority: 44 U.S.C. 3501 *et seq.*)

ACTION: Request for information.

SUMMARY: The CFPB, an independent agency, HHS, and the Treasury (collectively, the agencies), are soliciting comments from the public and interested parties on medical credit cards, loans, and other financial products used to pay for health care. The agencies seek to understand the prevalence, nature, and impact of these products, including disparities across different demographic groups. The agencies also seek to understand the effects these products may have on patients and on the health care system. In particular, the agencies seek

comment on whether these products may allow health care providers to operate outside of a broad range of patient and consumer protections. The agencies also seek comment on whether these products may contribute to health care cost inflation, displace hospitals' provision of financial assistance, lead patients to pay inaccurate or inflated medical bills, increase the amount patients must pay due to financing costs, or otherwise harm patients' mental, physical, and financial well-being, including through downstream credit reporting and debt collection practices. In line with the agencies' work to lower health care costs and reduce the burden of medical debt, the agencies also seek comment on policy options to protect consumers from harm.

DATES: To be assured consideration, comments must be received at one of the addresses provided below by September 11, 2023.
