

organization, or your organization's clients. If you are able, please identify the name of the form, the form number, or provide a link to where the form is hosted.

When providing comments, please indicate the specific question number to which you are responding.

1. How can HUD reduce its public program administrative burden across HUD's public benefits programs? Specifically, is there information currently being collected by HUD or HUD program administrators (e.g., Public Housing Authorities, State and local governments, non-profit recipients of CDBG programs, Multifamily Housing owners, FHA lenders) that have no apparent use or benefit or can be streamlined? Additional prompts commenters' may wish to consider when developing their response to this question:

a. Are there eligibility requirements or questions on a form for a specific benefit or program that are particularly difficult to understand, respond to effectively, demonstrate initial compliance with, or maintain compliance with?

b. Does the form include documentation requirements that could be made simpler, less frequent, or more helpful or flexible to meet the ability of respondents to gather the documentation?

c. Does completing the form involve multiple touchpoints with either agency or third-party personnel, such as through calls to help lines, in-person visits or consultations, or solicitation of help from other non-profit, legal aid, private legal counsel, or social service agencies?

d. Are there significant discrepancies in how certain forms are implemented across States, localities, housing authorities, or other HUD program administrators responsible for collecting this information? Could HUD provide more standardized or template form or web application tools to reduce the need for non-Federal program administrators to develop their own forms or web applications?

e. Are there specific challenges that persons with physical, speech, other communication-related, or other disabilities face in these processes that HUD should further address? What strategies or tools might succeed in reducing burden for these groups?

f. Are there specific challenges that persons with limited English proficiency (LEP) face in these processes that HUD should further address? What strategies or tools might succeed in reducing burden for these groups?

g. What specific challenges or barriers are experienced by other vulnerable

sub-populations that may prevent individuals and entities from accessing benefits for which they are eligible? What strategies or tools might succeed in reducing burden for these groups?

2. Are there data currently collected by HUD or HUD program administrators that could be shared with other agencies or program administrators to reduce the information collection burden of those programs? Are there data currently collected by other programs or agencies that if shared with HUD or HUD's program administrators could reduce the information collection burden of HUD's programs? When responding, please be specific about HUD and other agency programs, including the form(s) used by HUD or the other agency and the specific data collected that could be leveraged.

3. Are there data collected by HUD that are not currently aggregated and shared publicly that should be aggregated and shared publicly to increase the value of those data being collected? Please be specific about which data, the form number on which it is collected, and how HUD might aggregate the data to be useful for the public.

4. How can HUD use artificial intelligence, machine learning, or other advanced data science tools to automate, augment, or otherwise streamline its various information collections and the processes they support? Please identify which collections or processes could be improved using these tools; how advanced data science tools could help to complete these forms or processes more quickly and without sacrificing accuracy or security or perpetuating bias against certain populations; and any estimated time or cost savings that could result from these improvements. Potential responses could include but are not limited to processes related to development approval, processing of multifamily mortgage insurance applications, and reviews of applications submitted in response to notices of funding opportunities.

5. Please provide any other input relating to how HUD can better understand, identify, and reduce the public program administrative burden associated with HUD's public benefits programs, including how HUD might better use technology to support data collection and data sharing.

Todd Richardson,

General Deputy Assistant Secretary, Office of Policy Development and Research.

Waivers and Alternative Requirements for Community Development Block Grant Disaster Recovery (CDBG-DR) and Community Development Block Grant Mitigation (CDBG-MIT) Grantees

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This notice governs Community Development Block Grant disaster recovery (CDBG-DR) and Community Development Block Grant mitigation (CDBG-MIT) funds awarded under several appropriations acts identified in the Table of Contents. This notice revises the period of performance and budget period for some grants and allows HUD to extend the period of performance and budget periods administratively for some grants.

DATES: Applicability Date: July 18, 2023.

FOR FURTHER INFORMATION CONTACT: Tennille Parker, Director, Office of Disaster Recovery, U.S. Department of Housing and Urban Development, 451 7th Street SW, Room 7282, Washington, DC 20410, telephone number 202-708-3587 (this is not a toll-free number). SUPPLEMENTARY INFORMATION:

Table of Contents

- I. Authority To Grant Waivers and Alternative Requirements
- II. Public Law 113-2 Statutory Extensions
- III. Public Law 114-113, 114-254, 115-31, 115-56, 115-123, 115-254, and 116-20 Waiver and Alternative Requirements

I. Authority to Grant Waivers and Alternative Requirements

Each of the appropriations acts cited in the Table of Contents authorize the Secretary to waive, or specify alternative requirements for, any provision of any statute or regulation that the Secretary administers in connection with the obligation by the Secretary, or use by the recipient, of grant funds, except for requirements related to fair housing, nondiscrimination, labor standards, and the environment. HUD may also exercise its regulatory waiver authority under 24 CFR 5.110, 91.600, and 570.5.

The waivers and alternative requirements in this notice are designed to create expediency for CDBG-DR and CDBG-MIT grantees related to extending expenditure deadlines. Allowing grantees the flexibility to receive extensions administratively will continue to support a swift recovery following eligible disasters, while ensuring that grantees have enough time to complete projects and that statutory requirements are met. Additionally, these waivers and alternative requirements are consistent with the in 2 CFR part 200 that Federal awards include a period of performance and a budget period. Based on these reasons, the Department has determined that good cause exists for the waiver and alternative requirement authorized in this notice, and that the waivers or alternative requirements are not
