Burden Statement: The Commission is revising its burden estimate for OMB control number 3038-0076 to account for the amendments described above. Specifically, the Commission believes that the burden under this clearance will increase because the 15 DCOs subject to these requirements will be required under § 39.24(b)(11) to create and maintain minutes of each RMC meeting, and under § 39.24(b)(12) to document and provide to the RMC, at a minimum, a summary of the topics discussed and the main points raised during each meeting of the RWG. The Commission estimates a DCO will spend an average of four hours creating minutes of each RMC meeting and four hours documenting a summary of the topics discussed and the main points raised during each meeting of the RWG, which includes attending the meeting, taking notes, and putting the notes into the required format following the meeting. The Commission estimates that a DCO's RMC and RWG will each need to hold an average of six meetings per year to satisfy the § 39.24(b)(11) and (12) requirements that a DCO's RMC and RWG address all matters that could materially affect the risk profile of the DCO. Based upon the above, the estimated hour burden for this collection is calculated as follows:

Estimated number of respondents: 15.²

Estimated number of reports per respondent: 18.

Average number of hours per report: 4.

Estimated gross annual reporting burden: 1,080.

There are no capital costs or operating and maintenance costs associated with this collection.

SUPPLEMENTARY INFORMATION: The Department of the Army plans to grant an exclusive license to TauMat, LLC in the following fields of use related to:

²The Commission notes that while new § 39.24(d) provides that a DCO may satisfy the requirements of paragraphs (b)(11), (b)(12), (c)(1)(iv), and (c)(3) by having rules that permit it to clear only fully collateralized positions, such DCOs are included in the total estimated number of respondents because these DCOs would still be required to develop and disclose governance arrangements required by the other provisions of § 39.24. The Commission's estimate is therefore conservative to the extent that these DCOs are not required to prepare and maintain minutes of each RMC meeting, and document and provide to the RMC, at a minimum, a summary of the topics discussed and the main points raised during each meeting of the RWG.
