

warranted and have combined the notice of initiation and the notice of preliminary results.¹⁴

In this CCR, pursuant to section 751(b) of the Act, Commerce conducted a successor-in-interest analysis. In making a successor-in-interest determination, Commerce examines several factors, including, but not limited to, changes in the following: (1) ownership and management; (2) production facilities; (3) supplier relationships; and (4) customer base.¹⁵ While no single factor or combination of factors will necessarily provide a dispositive indication of a successor-in-interest relationship, generally, Commerce will consider the new company to be the successor to the previous company if the new company's resulting operation is not materially dissimilar to that of its predecessor.¹⁶ Thus, if the record evidence demonstrates that, with respect to the production and sale of the subject merchandise, the new company operates as the same business entity as the predecessor company, Commerce may assign the new company the cash deposit rate of its predecessor.¹⁷

In accordance with 19 CFR 351.216, we preliminarily determine that AKC is the successor-in-interest to AKP. Record evidence, as submitted by AKC, indicates that AKC operates as essentially the same business entity as AKP with respect to the subject merchandise.¹⁸

For the complete successor-in-interest analysis, see the Preliminary Decision Memorandum. A list of the topics

discussed in the Preliminary Decision Memorandum is included as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. Final Results of Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) and countervailing duty (CVD) orders on multilayered wood flooring from the People’s Republic of China (China) would likely lead to the continuation or recurrence of dumping and countervailable subsidies, and material injury to an industry in the United States, Commerce is publishing a notice of continuation of these AD and CVD orders.

DATES: Applicable June 23, 2023.

FOR FURTHER INFORMATION CONTACT: Max Goldman (AD) or Jonathan Schueler (CVD), AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Ave. NW, Washington, DC 20230; telephone: (202) 482–0224 or (202) 482–9175, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 8, 2011, Commerce published in the **Federal Register** the AD and CVD orders on multilayered wood flooring from China.¹ On January 3, 2018, Commerce published a continuation of the *Orders*.² On December 1, 2022, the ITC instituted,³ and Commerce initiated,⁴ the second sunset reviews of the *Orders* pursuant to

section 751(c)(2) of the Tariff Act of 1930, as amended, (the Act) and 19 CFR 351.218(c). As a result of its reviews, Commerce determined that revocation of the *Orders* would likely lead to continuation of recurrence of dumping and countervailable subsidies, and therefore, notified the ITC of the magnitude of the margins of dumping and subsidy rates likely to prevail should these *Orders* be revoked.⁵

On June 23, 2023, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Orders* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable times.⁶

Multilayered wood flooring is often referred to by other terms, e.g., “engineered wood flooring” or “plywood flooring.” Regardless of the particular terminology, all products that meet the description set forth herein are intended for inclusion within the definition of subject merchandise.

All multilayered wood flooring is included within the definition of subject merchandise, without regard to: dimension (overall thickness, thickness of face ply, thickness of back ply, thickness of core, and thickness of inner plies; width; and length); wood species used for the face, back and inner veneers; core composition; and face grade. Multilayered wood flooring included within the definition of subject merchandise may be unfinished (*i.e.*, without a finally finished surface to protect the face veneer from wear and tear) or “prefinished” (*i.e.*, a coating applied to the face veneer, including, but not exclusively, oil or oil-modified

⁷ A “veneer” is a thin slice of wood, rotary cut, sliced or sawed from a log, bolt or flitch. Veneer is referred to as a ply when assembled.
