

a. Do these findings provide the information needed to make decisions about winter energy risks in New England? If not, what additional information is needed?

b. Are additional or continuous studies needed to assess New England electric and gas winter issues? If so, what analyses are needed and how often should this be conducted?

Panel 3: Path to Sustainable Solutions—Infrastructure

Please comment on what infrastructure is necessary to support reliable electric and gas system operations in New England. As part of these comments, please address the following:

a. Are those infrastructure projects currently being pursued? If not, why not?

b. What obstacles need to be addressed to allow new infrastructure to be placed timely into operation, and how are those obstacles currently being addressed?

c. What steps, if any, should the Commission, ISO-NE, the New England

states, and/or others take to address obstacles under their jurisdiction?

Panel 4: Path to Sustainable Solutions—Market Design

Please comment on what market reforms are necessary to support reliable electric and gas system operations in New England. As part of these comments, please address the following:

a. What proposals currently under consideration in the stakeholder process and in the ISO-NE work plan would be most helpful to address New England’s winter electric and gas system challenges?

i. Please specify which proposals under consideration are a priority for your organization and explain how, if possible, necessary market changes can be expedited.²

ii. At a high level, are there any major concerns with the current proposals under discussion that should be addressed?

b. Are there additional reforms that are not currently under consideration in the stakeholder process that are necessary for energy resources to

enhance fuel procurement strategies? If so, what other reforms should be considered? How should these market changes should be prioritized?

Closing Roundtable

In the Closing Roundtable, Commissioners and panelists discussed what was learned through the presentations and panels and considered next steps.

a. Please discuss what next steps, if any, you recommend coming out of the forum.

Dated: July 10, 2023.

Federal Energy Regulatory Commission

[Docket No. OR23-4-000]

HF Sinclair Refining & Marketing LLC, Valero Marketing and Supply Company v. SFPP, L.P.; Notice of Complaint

Take notice that on June 30, 2023, pursuant to Rule 206 of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission, 18 CFR 385.206 (2022), HF Sinclair Refining & Marketing LLC and Valero Marketing and Supply Company filed a complaint against SFPP, L.P. challenging the justness and reasonableness of the East Line (Tariff No. 197.19.0) index rates implemented for the period July 1, 2021, through February 28, 2022.

The Complainant certifies that copies of the complaint were served on the contacts listed for Respondents in the Commission's list of Corporate Officials.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020.
