General Description of Collection: This collection comprises the reporting requirements associated with 12 CFR part 381.¹ Section 381 implements the resolution planning requirements of section 165(d) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act),² which require certain financial companies (covered companies) to report periodically to the FDIC and the Board of Governors of the Federal Reserve System (Board) (together, the agencies) their plans for rapid and orderly resolution under the U.S. Bankruptcy Code³ in the event of material financial distress or failure. The goal of the Dodd-Frank Act resolution planning process is to help ensure that a covered company’s failure would not have serious adverse effects on financial stability in the United States. The resolution planning process requires covered companies to demonstrate that they have adequately assessed the challenges that their structures and business activities pose to a rapid and orderly resolution in the event of material financial distress or failure and that they have taken action to address those challenges, including through the development of capabilities appropriate to the covered company’s size and complexity.

There is no change in the method or substance of the collection. The 7,254-hour increase in burden hours is a result of an increase in the number of entities subject to the information collection.

Title: 46 CFR 515—Licensing, Financial Responsibility Requirements and General Duties for Ocean Transportation Intermediaries and Related Forms.

OMB Approval Number: 3072-0018 (Expires Dec 31, 2023).

Abstract: The Shipping Act of 1984 (the Act), 46 U.S.C. 40101-41309, as amended, provides that no person in the United States may advertise, hold oneself out, or act as an ocean transportation intermediary (OTI) unless that person holds a license issued by the Commission. The Commission shall issue an OTI license to any person that the Commission determines to be qualified by experience and character to act as an OTI. Further, no person may act as an OTI unless that person furnishes a bond, proof of insurance, or other surety in a form and amount determined by the Commission to insure financial responsibility. The

Commission has implemented the Act's OTI requirements in regulations contained in 46 CFR part 515, including financial responsibility Forms FMC-48, FMC-67, FMC-68, and FMC-69, Optional Rider Forms FMC-48A and FMC-69A, its related license application Form FMC-18, and the related foreign-based unlicensed NVOCC registration/renewal Form FMC-65. This update includes an increase in number of responses received. The burden estimated per response remains the same.

Current Actions: There are no changes to this information collection.

Type of Review: Extension.

Needs and Uses: The Commission uses information obtained under this part and through Form FMC-18 to determine the qualifications of OTIs and their compliance with the Act and regulations, and to enable the Commission to discharge its duties under the Act by ensuring that OTIs maintain acceptable evidence of financial responsibility. If the collection of information were not conducted, there would be no basis upon which the Commission could determine if applicants are qualified for licensing. The Commission would also not be able to effectively assess the compliance of foreign-based, unlicensed NVOCCs without the required registration information.

Frequency: This information will be collected on an ad hoc basis.

Type of Respondents: The types of respondents are persons desiring to obtain or maintain a license or registration to advertise, hold themselves out as, or act as an OTI. Under the Act, OTIs may be either an ocean freight forwarder, an NVOCC, or both.

Number of Annual Respondents: The 2020 notice stated that the number of respondents was 6,475. Due to an increase in the number of OTIs, the Commission estimates the new number of respondents as 10,130. The distribution of responses is as follows: 750 FMC-18 filings, 1,770 OTI License renewals, 5,160 FMC-48 filings, 50 FMC-69 filings, 12 FMC-48A filings, 1,560 FMC-65 registration filings, and 830 FMC-65 renewals. The Commission does not anticipate receiving any filings of FMC-67, FMC-68, or FMC-69A based on experience in recent years and the estimate for these forms is zero, but wishes to renew these forms.

Estimated Time per Response: The average time per response to complete application Form FMC-18 is 2 hours and to complete the triennial renewal is 10 minutes. The time to complete a financial responsibility form (FMC-48,

FMC-48A, FMC-67, FMC-68, FMC-69, or FMC-69A) averages 20 minutes. The time to complete Form FMC-65 to submit or renew a registration as a foreign-based, unlicensed NVOCC averages 15 minutes.

Total Annual Burden: 1,500 person-hours (Form FMC-18) + 1,720 person-hours (Form FMC-48) + 4 person-hours (Form FMC-48A) + 17 person-hours (Form FMC-69) + 598 person-hours (Form FMC 65 New/Renewal) + 295 person-hours (License Renewal) = 4,134 total person-hours. Total burden equals 4,134 hours.
