Needs and Uses: Section 831 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 1991 (Pub. L. 101–510, 10 U.S.C. 2302 Note, redesignated as 10 U.S.C. 4902) required DoD to establish the DoD Pilot Mentor-Protégé Program (the “Program”). Congress requires DoD to collect certain information from program participants in section 861, paragraph (b)(2), of Public Law 114–92. Thus, the need for this information collection is to comply with existing laws. DoD has incorporated these information collection requirements into the DFARS in section I–112 of Appendix I. Program participants agree to comply with these information collection requirements when they execute their mentor-protégé agreements, receiving the program’s benefits in consideration.

This information is necessary to ensure that participants are fulfilling their obligations under the mentor-protégé agreements and furthering the purpose of the Mentor-Protégé Program as required by section 18(d)(7) of the Small Business Act (15 U.S.C. 637(d)(7)). In accordance with 10 U.S.C. 4902, DoD uses the information to decide whether to approve continuation of the agreement. In addition, the information is necessary for program managers to direct developmental assistance to the most appropriate small business concerns and to ensure the program meets the Congressionally-mandated goal of enhancing the defense industrial base.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB

Number: Defense Organizational Climate Pulse (DOCP)—Version 1.0; OMB Control Number 0704–DOCP.

Type of Request: New.

Number of Respondents: 158,910.

Responses per Respondent: 1.

Annual Responses: 158,910.

Average Burden per Response: 7 minutes.

Annual Burden Hours: 18,539.5.

Needs and Uses: The Defense Organizational Climate Pulse (DOCP) is fielded in compliance with a DoD Instruction (DoDI) 6400.11. The information gathered from the DOCP will be used by commanders, prevention workforce personnel, equal opportunity officers (EOAs), survey administrators, and other leaders to assess changes in the unit’s command climate, gather additional information related to risk and protective factors measured on the DEOCS and/or other outcomes of interest (e.g., sexual assault, sexual harassment, racial/ethnic discrimination, suicide, readiness, retention, retaliation, and various forms of abuse). At the direction of President Biden, the Secretary of Defense ordered a 90-Day Independent Review Commission (IRC) on Sexual Assault in the Military. In recommendation 3.7a, the IRC suggested the Department of Defense establish “pulse survey” tool that would enable unit-level commanders to collect real-time climate data from Service members in their units between required administrations of the Defense Organizational Climate Survey (DEOCS), the command climate assessment tool used by the DoD (IRC–FULL–REPORT–FINAL–1923–7–1–21.PDF (defense.gov)). In response to IRC recommendation 3.7a, the Office of the Under Secretary of Defense for Personnel and Readiness issued a DoD Instruction (DoDI) 6400.11 (DoD Instruction 6400.11, “DoD Integrated Primary Prevention Policy for Prevention Workforce and Leaders,” December 20, 2022 (whs.mil)) that established the Defense Organizational Climate Pulse (DOCP) as a new survey tool intended to provide insight into targeted topics that are relevant to specific units.

A DOCP provides DoD leaders in active duty and Reserve component DoD

units and DoD civilian personnel organizations a means to assess concerns identified in the DEOCS on an as-needed annual basis. Also included in the DOCP population are active duty and Reserve component members of the Coast Guard and foreign national employees working for the DoD. The survey is web-based and is a census of the commander's unit. The survey includes core demographic questions and a pool of survey items that include topics related to (1) unit experiences, (2) ratings of leadership, and (3) personal experiences and/or behaviors.

The DOCP requirements (as noted in DoDI 6400.11), specifies that unit commanders may field only one DOCP annually. Based on the DOCP results, commanders, leaders, and their survey administrators will refine the action plans developed after the administration of a DEOCS to positively impact their organization's leadership climate. The survey results are provided to the commander/leader and their survey administrator. Survey responses could also be used in future analyses. Unit commanders and organizational leaders may choose to administer a DOCP 90 days after their most recent DEOCS. The DOCP is a voluntary data collection unit commanders may request. The annual population frame for the DOCP is anticipated to be a share of units/organizations that complete a DEOCS. Specifically, we anticipate a roughly 10% of DEOCS participants to take a DOCP. We estimate that 158,910 participants will complete a DOCP survey annually. Additionally, we anticipate a response rate of around 40% as seen with the DEOCS collection. The DOCP will be a confidential data collection.
