SUPPLEMENTARY INFORMATION:

Background

On July 25, 2016, Commerce published the antidumping duty order on CORE from Korea.¹ Commerce

¹ See *Certain Corrosion-Resistant Steel Products from India, Italy, the People's Republic of China, the Republic of Korea and Taiwan: Amended Final Affirmative Antidumping Determination for India and Taiwan, and Antidumping Duty Orders*, 81 FR 48390 (July 25, 2016) (*Order*); and *Certain Corrosion-Resistant Steel Products from India, Italy, the People's Republic of China, the Republic of Korea, and Taiwan: Notice of Correction to the Antidumping Duty Orders*, 81 FR 58475 (August 25, 2016).

initiated this administrative review on September 6, 2022.² This review covers eight companies,³ of which we selected Dongkuk and Hyundai as mandatory respondents.⁴

On March 22, 2023, we extended the deadline for the preliminary results of this review until July 21, 2023.⁵ For a detailed description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.⁶

Scope of the Order

The merchandise covered by the *Order* is CORE from Korea. For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). Export price and constructed export price are calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is attached as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

² See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 87 FR 54468 (September 6, 2022).

³ The eight companies are: Dongkuk Steel Mill Co., Ltd. (Dongkuk); Hyundai Steel Company (Hyundai); KG Dongbu Steel Co., Ltd.; POSCO; POSCO International Corporation; POSCO STEELEON CO., Ltd.; SeAH Coated Metal; and SeAH Steel Corporation.

⁴ See Memorandum, "Respondent Selection," dated October 4, 2022.

⁵ See Memorandum, "Extension of Deadline for Preliminary Results of 2021-2022 Antidumping Duty Administrative Review," dated March 22, 2023.

⁶ See Memorandum, "Decision Memorandum for Preliminary Results of the Administrative Review of the Antidumping Duty Order on Certain Corrosion-Resistant Steel Products from the Republic of Korea; 2021-2022," dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

Rate for Non-Examined Companies

The statute and Commerce's regulations do not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in an antidumping duty investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally "an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely {on the basis of facts available}."

However, where the dumping margins for individually examined respondents are all zero, *de minimis*, or based entirely on facts available, section 735(c)(5)(B) of the Act provides that Commerce may use "any reasonable method to establish the estimated all-others rate for exporters and producers not individually investigated, including averaging the estimated weighted-average dumping margins determined for the exporters and producers individually investigated." In this review, we have calculated weighted-average dumping margins for both Dongkuk and Hyundai, the mandatory respondents, that are zero. Thus, using section 735(c)(5)(B) of the Act as guidance, we are assigning to the companies not selected for individual examination, the zero percent rate calculated for the mandatory respondents.

Preliminary Results

We preliminarily determine the following weighted-average dumping margins for the period July 1, 2021, through June 30, 2022:

Exporter/producer	Weighted-average dumping margin (percent)
Dongkuk Steel Mill Co., Ltd ..	0.00
Hyundai Steel Company	0.00
KG Dongbu Steel Co., Ltd ...	0.00
POSCO	0.00
POSCO International Corporation	0.00
POSCO STEELEON Co., Ltd	0.00
SeAH Coated Metal	0.00
