I. Background

On August 16, 2022, The Biden Harris Administration and the United State Congress passed the Inflation Reduction Act of 2022 which authorized the New ERA Program. The goal of the New ERA Program is to provide financial assistance to Eligible Entities to achieve

the greatest reductions in GHG emissions through the cooperatives’ voluntary transformation of rural electric systems in a way that promotes resiliency and reliability of rural electric systems and affordability for their members.

On May 16, 2023, the Agency published a NOFO in the **Federal Register** (88 FR 31218) that solicited LOIs for applications under the New ERA Program and announced the application process as well as provided deadlines for applications from Eligible Entities. The NOFO also informed potential Applicants that the Agency would finalize the specific requirements of submitting an LOI through the on-line application window by a separate notice in the **Federal Register** and on the RUS website at <https://www.rd.usda.gov/programs-services/electric-programs/empowering-rural-america-new-era-program>. In response to stakeholder requests, RUS is extending the deadline for accepting LOI submissions from August 31, 2023, to September 15, 2023, to provide stakeholders more time to prepare their LOIs.

II. Letter of Interest Requirements and Submission

A. Letter of Interest Requirements

The Agency has added the requirement to submit an Application for Federal Assistance (SF 424) to the list of items needed for a complete LOI in order to accept the LOI’s through Grants.gov. In addition to the SF 424, Applicants will still be required to provide the information included in Section D.2.i. of the NOFO that published in the **Federal Register** on May 16, 2023, (88 FR 31218). The RUS New ERA website will include an LOI Guide at <https://www.rd.usda.gov/programs-services/electric-programs/empowering-rural-america-new-era-program>. The LOI Guide will provide details on the submission of the LOI on Grants.gov, including how to provide attachments. In addition, the LOI Guide will detail how Applicants should use the RUS geospatial mapping tool to draw the service areas associated with each New ERA project and then upload Shapefiles to Grants.gov as part of an LOI Application. The LOI Guide will also indicate where to attach the additional requirements for the LOI, such as a copy of the Applicant’s balance sheet and income statements.

Please note that RUS GFRs shall not provide strategic submission or strategic LOI advice, and Applicants are fully responsible for their submissions. Assistance may also be requested to Agency staff in the form of requests to speak at meetings, events, and conferences to explain program provisions and answer questions about this funding announcement.
