II. Background Information and Regulatory History

On March 6, 2023, the Henderson Business and Community Council notified the Coast Guard that it will be conducting a fireworks display from 9:30 through 10 p.m. on July 29, 2023, for the Christmas in July Celebration. The fireworks are to be launched from a barge in Henderson Bay approximately 1500 yards north of the town boat ramp located on the southern shore of Henderson Harbor in Henderson Harbor, NY. Hazards from fireworks displays include accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris. The Captain of the Port Buffalo (COTP) has determined that potential hazards associated with the fireworks to be used in this display would be a safety concern for anyone within a 140-yard radius of the barge. In response, on June 21, 2023, the Coast Guard published a notice of proposed rulemaking (NPRM) titled Safety Zone; Henderson Bay, Henderson Harbor, NY (88 FR 40134). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to this fireworks display. During the comment period that ended July 21, 2023, we received one comment that was in support of the rule.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable because immediate action is needed to respond to the potential safety hazards associated with the fireworks display.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Buffalo (COTP) has determined that potential hazards associated with the fireworks to be used in this July 29, 2023 display will be a safety concern for anyone within a 140-yard radius of the barge. The purpose of this rule is to ensure safety of vessels and the navigable waters in the safety zone before, during, and after the scheduled event.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received one comment in support of our NPRM published June 21, 2023. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule establishes a safety zone that will be enforced from 9 p.m. through 10:30 p.m. on July 29, 2023. The safety zone will cover all navigable waters within 140 yards of a barge in Henderson Harbor located approximately 1500-yards north of the town boat ramp located on the southern shore of Henderson Harbor in Henderson Harbor, NY. The duration of the zone is intended to ensure the safety of vessels and these navigable waters before, during, and after the scheduled 9 p.m. through 10:30 p.m. fireworks display. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, duration, and time-of-day of the safety zone. Vessel traffic would be able to safely transit around this safety zone which would impact a small designated area of Henderson Bay for less than 2 hour during the evening when vessel traffic is normally low. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners via VHF-FM marine channel 16 about the zone, and the rule would allow vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by

employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of Government. We have analyzed this rule under that order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have

determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone lasting 1.5 hours that would prohibit entry within 140 yards of a fireworks barge. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble. We prepare a preliminary REC for these types of field regulations because the DHS Instruction Manual (and U.S. Coast Guard Environmental Planning Implementing Procedures) direct that a REC be prepared for these specified field regulations when certain conditions apply—see L59(a), L60(a), and L60(d).

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

45 CFR Part 5b

RIN 0970-AC92

Privacy Act; Implementation

AGENCY: Office of Child Support Enforcement (OCSE), Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS or the Department).

ACTION: Final rule.

SUMMARY: HHS exempts certain records in an existing system of records maintained by OCSE within ACF from the accounting, access, and amendment requirements of the Privacy Act. The affected system of records is *OCSE Federal Case Registry of Child Support Orders, HHS/ACF/OCSE*, System No. 09-80-0385. Only case files marked with the Family Violence Indicator (FVI) will be exempted, to align with a restriction in section 453(b)(2) of the Social Security Act which prohibits disclosure of case files marked with the FVI to anyone other than a court or agent of a court, to avoid harm to the custodial parent or the child of such parent.

DATES: This rule is effective on July 28, 2023.

FOR FURTHER INFORMATION CONTACT: Tricia John, Policy Specialist, OCSE Division of Policy and Training, at ocse.dpt@acf.hhs.gov. Deaf and hearing-impaired individuals may call the Federal Dual Party Relay Service at 1-800-877-8339 between 8 a.m. and 7 p.m. Eastern Time.

SUPPLEMENTARY INFORMATION:

I. Statutory Authority

This rule is published under the authority granted to the Secretary of Health and Human Services by the Privacy Act (5 U.S.C. 552a(k)(2)), to allow the head of any agency to exempt a system of records from the access, amendment, or accountings of disclosures provisions of the Privacy Act (5 U.S.C. 552a(c)(3) and (d)(1) through (4)) “if the system of records is—investigatory material compiled for law enforcement purposes.” 5 U.S.C. 552a(k)(2)

II. Background

The Privacy Act of 1974, as amended, 5 U.S.C. 552a (hereafter abbreviated “Privacy Act” or “Act”), governs how the U.S. Government collects, maintains, uses, and disseminates records about individuals that are maintained in a “system of records.” A system of records is a group of any records under the control of an agency from which information about an individual is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual. See 5 U.S.C. 552a(a)(4) and (5).

Under the Privacy Act, individuals have access and amendment rights with respect to records about them in a federal agency system of records, and the right to seek an accounting of certain disclosures made of the records about them, but the Act permits certain types of systems of records (identified in subsections (j) and (k) of the Act) to be exempted from those, and other, requirements of the Act. Subsection (k)(2) permits the head of an agency to promulgate rules to exempt investigatory material compiled for law enforcement purposes from requirements including those listed in 5 U.S.C. 552a(c)(3) and (d)(1) through (4)—subject to a limitation stated in 5 U.S.C. 552a(k)(2). The limitation is that if, as a result of the agency’s maintenance of the material, the subject individual is denied any right, privilege,

or benefit that the individual would otherwise be entitled by federal law or for which the individual would otherwise be eligible, the exemptions will apply only to confidential source identifying material (*i.e.*, material that would reveal the identity of a source who furnished information to the Government under an express promise that the identity of the source would be held in confidence).

The exempted system, *OCSE Federal Case Registry of Child Support Orders, HHS/ACF/OCSE*, System No. 09-80-0385 (hereafter abbreviated “FCR”), is a Privacy Act system containing investigatory material compiled for law enforcement purposes. The system of records was established August 24, 1998 (see 63 FR 45080) and was last modified in full on September 13, 2022 (see 87 FR 56055). FCR records are compiled to assist states in administering programs under 42 U.S.C. 651 to 669b (title IV-D of the Social Security Act) to improve states’ abilities to locate parents and collect child support. OCSE is required to compare records transmitted to or maintained within the FCR to records maintained within HHS/ACF’s National Directory of New Hires and other federal agencies’ databases and to disclose information about the individuals within the records to state child support agencies or other authorized persons. The information in the FCR assists state child support agencies or other authorized persons to locate individuals who are involved in child support cases and their employment and asset information. The FCR also conducts FCR-to-FCR comparisons to locate information about individuals who are involved in child support cases in more than one state and provides the information to those states. Additional purposes of the FCR are specified in sections 453 and 463 of the Social Security Act (42 U.S.C. 653, 663) and include assisting states in administering programs under 42 U.S.C. 601 to 619 (title IV-A of the Social Security Act); assisting states in carrying out their responsibilities under child and family
