Federal Energy Regulatory Commission

[Docket No. ER23–2481–000]

Crystal Hill Solar, LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

This is a supplemental notice in the above-referenced proceeding of Crystal Hill Solar, LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is August 15, 2023.

The Commission encourages electronic submission of protests and

interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Abstract: This ICR describes the cost and burden associated with 40 CFR part 121, the regulations that implement Clean Water Act (CWA) section 401. Under section 401, a federal agency may not issue a permit or license that may result in any discharge into waters of the United States unless the certifying authority where the discharge would originate issues a section 401 water quality certification verifying that the discharge will comply with certain water quality requirements or waives the certification requirement. Certifying authorities are states, tribes with treatment as a state (TAS) authorization, and in limited circumstances, EPA. CWA section 401 requires project proponents to submit project-specific information to certifying authorities. Certifying authorities may act on project-specific information by either granting, granting with conditions, denying, or waiving section 401 certification. To demonstrate it has acted on the certification request, the certifying authority must provide a decision document to the relevant federal licensing or permitting agency. If the certifying authority fails or refuses to act on a certification request within a reasonable period of time (which shall not exceed one year) after receipt, the requirement to obtain certification is waived. EPA is also responsible for coordinating input from certain neighboring or downstream states and tribes affected by a discharge from a
