SUPPLEMENTARY INFORMATION:

Title: Export Fruit Regulations—Export Apple Act (7 CFR part 33) and the Export Grape and Plum Act (7 CFR part 35).

OMB Number: 0581–0143.

Expiration Date of Approval: September 30, 2023.

Type of Request: Request for Renewal of a Recordkeeping Burden.

Abstract: Fresh apples and grapes grown in the United States shipped to any foreign destination must meet minimum quality and other requirements established by regulations issued under the Export Apple Act (7 U.S.C. 581–590) and the Export Grape and Plum Act (7 U.S.C. 591–599) (Acts), which are found at 7 CFR parts 33 and 35, respectively. Both Acts were designed to promote foreign trade in the export of apples, grapes and plums grown in the United States; to protect the reputation of the American-grown commodities; and to prevent deception or misrepresentation of the quality of such products moving in foreign commerce. The Acts have been in effect since 1933 (apples) and 1960 (grapes). Currently, plums are not regulated under the Export Grape and Plum Act.

The Secretary of Agriculture is authorized to oversee the implementation of the Acts and issue regulations regarding that activity. Regulations issued under the Acts cover exports of fresh apples and grapes grown in the United States and shipped to foreign destinations, except for grapes shipped to Canada or Mexico and apples in bulk bins shipped to Canada. Certain limited quantity provisions may exempt some shipments from this information collection. Regulations issued under the Acts (7 CFR 33.11 for apples and 35.12 for grapes) require that the U.S. Department of Agriculture (USDA) officially inspect and certify that each export shipment of fresh apples and grapes complies with quality and shipping requirements effective under the Acts.

The information collection requirements in this request are essential to carry out the intent and administration of the Acts. The currently approved collection under OMB No. 0581–0143 authorizes the use of an Export Form Certificate (SC–205). Federal or Federal-State Inspection Program (FSIP) inspectors use the

Export Form Certificate to certify inspection of the shipment for exports bound for non-Canadian destinations. Procedures require shippers to maintain and provide, upon USDA's request, a paper or electronic copy of the SC–205 when needed for USDA to monitor compliance with regulations. Based on procedures amended in 2016 and approved by OMB for information collection purposes, carriers, which transport goods on behalf of shippers, are no longer required to maintain a copy of the SC–205.

Estimate of Burden: Public recordkeeping burden for this collection of information is estimated to average 0.058 hours per response.

Respondents (Recordkeepers): Apple and grape export shippers and carriers.

Estimated Number of Recordkeepers: 200 (150 shippers and carriers of exported apples and 50 shippers and carriers of exported grapes).

Estimated Total Annual Responses: 90,000.

Estimated Number of Responses per Recordkeeper: 775 for apples and 882 for grapes.

Estimated Total Annual Burden on Recordkeepers: 9,750 hours.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record. All comments received will be available for public inspection at the street address in the "Comment" section and can be viewed at: www.regulations.gov.

Steel Concrete Reinforcing Bar From the Republic of Turkey: Preliminary Results of Antidumping Duty Administrative Review; 2021–2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily finds that certain producers/exporters of steel concrete reinforcing bar (rebar) from the Republic of Turkey (Turkey) made sales of subject merchandise in the United States at prices below normal value (NV) during the period of review (POR) July 1, 2021, through June 30, 2022. We invite interested parties to comment on these preliminary results.

DATES: Applicable August 1, 2023.

FOR FURTHER INFORMATION CONTACT: Benito Ballesteros or Seth Brown, AD/CVD Operations, Office IX, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue

NW, Washington, DC 20230; telephone: (202) 482-4725 or (202) 482-0029, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 14, 2017, Commerce published in the **Federal Register** an antidumping duty order on rebar from Turkey.¹ On September 6, 2022, based on timely requests for review, Commerce initiated an administrative review of the *Order* covering seven companies, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).² On February 17, 2023, we extended the deadline for the preliminary results of this administrative review until July 28, 2023.³ For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.⁴

Scope of the Order

The merchandise covered by the *Order* is rebar from Turkey. For a full description of the scope, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with sections 751(a) of the Act. We calculated export price and constructed export price in accordance with section 772 of the Act. We calculated NV in accordance with section 773 of the Act.

For a full description of the methodology underlying these preliminary results, see the Preliminary Decision Memorandum. A list of topics included in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and

Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Preliminary Results of Review

We preliminarily determine the following weighted-average dumping margins exist for the period July 1, 2021, through June 30, 2022:

Exporter/producer	Weighted-average dumping margin (percent)
Colakoglu Metalurji A.S./ Colakoglu Dis Ticaret A.S.	0.00
Kaptan Demir Celik Endustrisi Ve Ticaret A.S./Kaptan Metal Dis Ticaret Ve Nakliyat A.S. ...	29.30
Companies Not Selected for Individual Review ⁵	29.30

Review-Specific Rate for Companies Not Selected for Individual Review

The Act and Commerce's regulations do not address the rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a less-than-fair value (LTFV) investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely on the basis of facts available.

For these preliminary results, because the rate calculated for Colakoglu Metalurji A.S./Colakoglu Dis Ticaret A.S. (collectively, Colakoglu) is zero, we have preliminarily assigned a dumping margin to these companies based on the rate calculated for Kaptan Demir Celik Endustrisi Ve Ticaret A.S./Kaptan Metal Dis Ticaret Ve Nakliyat A.S. (collectively, Kaptan).

⁵ The exporters and/or producers not selected for individual review are listed in Appendix II.

Disclosure and Public Comment

We intend to disclose the calculations performed in connection with these preliminary results to interested parties within five days after the date of publication of this notice in the **Federal Register**.⁶ Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than seven days after the date for filing case briefs.⁷ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) a statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.⁸ Case and rebuttal briefs should be filed using ACCESS.⁹ Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.¹⁰

Interested parties who wish to request a hearing must do so within 30 days of publication of these preliminary results by submitting a written request to the Assistant Secretary for Enforcement and Compliance using Enforcement and Compliance's ACCESS system.¹¹ Hearing requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations at the hearing will be limited to issues raised in the briefs.¹² If a request for a hearing is made, parties will be notified of the time and date for the hearing.¹³

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Assessment Rates

Upon completion of this administrative review, Commerce shall

⁶ See 19 CFR 351.224(b).

⁷ Commerce is exercising its discretion, under 19 CFR 351.309(d)(1), to alter the time limit for filing of rebuttal briefs.

determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. Pursuant to 19 CFR 351.212(b)(1), because both respondents reported the entered value for their U.S. sales, we calculated importer-specific *ad valorem* antidumping duty assessment rates based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of those same sales. Where either the respondent's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c), or an importer-specific rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Commerce's "automatic assessment" practice will apply to entries of subject merchandise during the POR produced by Colakoglu or Kaptan for which these companies did not know that the merchandise they sold to an intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. We will instruct CBP to liquidate those entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.¹⁴

For the companies which were not selected for individual review, we intend to assign an assessment rate based on the review-specific rate, calculated as noted in the "Review-Specific Rate for Companies Not Selected for Individual Review" section, above. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review and for future deposits of estimated duties, where applicable.¹⁵

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

¹⁴ For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

¹⁵ See section 751(a)(2)(C) of the Act.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed above will be equal to the weighted-average dumping margin established in the final results of this review, except if the rate is less than 0.50 percent and, therefore *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not covered by this review, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, a prior review, or the LTFV investigation, but the producer is, the cash deposit rate will be the rate established for the most recently-completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 3.90 percent, the all-others rate established in the LTFV investigation.¹⁶ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213 and 351.221(b)(4).

¹⁶ See *Order*, 87 FR at 935.

Dated: July 26, 2023.

Deputy Assistant Secretary for Enforcement and Compliance.

International Trade Administration

Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Advance Notification of Sunset Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

Background

Every five years, pursuant to the Tariff Act of 1930, as amended (the Act), the U.S. Department of Commerce (Commerce) and the International Trade Commission automatically initiate and conduct reviews to determine whether revocation of a countervailing or antidumping duty order or termination of an investigation suspended under section 704 or 734 of the Act would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy (as the case may be) and of material injury.

Upcoming Sunset Reviews for September 2023

Pursuant to section 751(c) of the Act, the following Sunset Reviews are scheduled for initiation in September 2023 and will appear in that month's *Notice of Initiation of Five-Year Sunset Reviews* (Sunset Review).
