### Request for Information

MARAD seeks advice and input from the public and U.S. entities who would be stakeholders participating in the Center or with competencies described above for the desired secretariat function. Please comment specifically on the following:

1. Prospective organizations for hosting the Center, detailed as follows:

(a) Preferably U.S. nonprofits, or qualities of such an organization that could serve as a potential host for undertaking the secretariat function of such a Center as described in Section 3543(e) of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023.

2. The Center's structure and organization, detailed as follows:

(a) The Center for Maritime Innovation will foster industry partnerships and active collaboration to find solutions to the most pressing maritime environmental issues in the U.S.

(b) The Center is envisioned to consist of a central executive committee that is guided by MARAD, supported by a non-profit organization to act as a secretariat, and comprised of key stakeholders primarily from the maritime industry (such as ship owners and port operators) but may include representatives from NGOs and academia.

(c) The Center would be responsible for identifying key focus areas of environmental concern to the U.S. maritime industry and developing, deploying, and administering dedicated working groups to address those subjects.

(d) The secretariat will be responsible for recruiting the Center's committee members, in consultation with MARAD, and for organizing, facilitating, and administration of the Center. Administration tasks may include hosting and facilitating meetings and workshops, identifying key issues for consideration by the committee, and facilitating the development of focus area working groups and the terms of reference that guide their activities.

3. The Center's method of work, detailed as follows:

(a) Once focus areas are determined by the Center, it will develop dedicated

working groups of experts and task them to break down a problem into components that can be further analyzed in order to develop recommendations. Experts will come from both the public and private sector and be matched to the level of need and ambition for specific projects. The central executive committee will assemble periodically to monitor the progress of the working groups and adjust their tasks and resources as needed and ensure that the work is aligned with the pace and substance of MARAD's relevant strategies. At appropriate intervals, the Center will meet to assess the overall effectiveness of the Center's work and discuss whether new focus areas and resources are needed.

4. Additional information on practical considerations that can inform implementation of the Center.

(Authority: 46 U.S.C. 50307; 49 CFR 1.93(a).)

By Order of the Maritime Administrator.

**SUPPLEMENTARY INFORMATION:**

**I. Statutory and Regulatory Provisions**

The legislative framework generally referred to as the Bank Secrecy Act (BSA) consists of the Currency and Foreign Transactions Reporting Act of 1970, as amended by the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (USA PATRIOT Act), Public Law 107–56 (October 26, 2001), and other legislation, including the Anti-Money Laundering Act of 2020 (AML Act).<sup>2</sup> The BSA is codified at 12 U.S.C. 1829b, 12 U.S.C. 1951–1960, and 31 U.S.C. 5311–5314 and 5316–5336, and notes thereto, with implementing regulations at 31 CFR chapter X.

The BSA authorizes the Secretary of the Treasury (the “Secretary”), *inter alia*, to require financial institutions to keep records and file reports that are determined to have a high degree of usefulness in criminal, tax, or regulatory matters, risk assessments or proceedings, or in the conduct of intelligence or counter-intelligence activities to protect against international terrorism, and to implement AML programs and compliance procedures.<sup>3</sup>

<sup>1</sup> Public Law 104–13, 44 U.S.C. 3506(c)(2)(A).

<sup>2</sup> The AML Act was enacted as Division F, sections 6001–6511, of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021, Public Law 116–283, 134 Stat. 3388 (2021).

<sup>3</sup> Section 358 of the USA PATRIOT Act expanded the purpose of the BSA, by including a reference to reports and records “that have a high degree of usefulness in intelligence or counterintelligence activities to protect against international terrorism.” Section 6101 of the AML Act further expanded the purpose of the BSA to cover such matters as preventing money laundering, tracking illicit funds, assessing risk, and establishing appropriate frameworks for information sharing.

Regulations implementing the BSA appear at 31 CFR chapter X. The authority of the Secretary to administer the BSA has been delegated to the Director of FinCEN.<sup>4</sup>

A FinCEN administrative ruling is a written ruling interpreting the relationship between the regulations implementing the BSA at 31 CFR chapter X and each situation for which such a ruling has been requested in conformity with the regulatory requirements.<sup>5</sup> The regulations implementing the procedures for requestors to submit, and for FinCEN to issue, administrative rulings appear in Part 1010, Subpart G—Administrative Rulings. Specifically, the regulations address the following: (a) how to submit a request for an administrative ruling (31 CFR 1010.711); (b) treatment of non-conforming requests (31 CFR 1010.712); (c) treatment of oral communications (31 CFR 1010.713); (d) withdrawal of administrative ruling requests (31 CFR 1010.714); (e) issuance of administrative rulings (31 CFR 1010.715); (e) modification and rescission of administrative rulings (31 CFR 1010.716); and (f) disclosure of administrative ruling (31 CFR 1010.717). An administrative ruling has precedential value, and may be relied upon by others similarly situated, only if FinCEN makes it available to the public through publication on the FinCEN website or other appropriate forum.<sup>6</sup>

**II. Paperwork Reduction Act of 1995**

*Title:* Administrative Rulings Regulations (Subpart G—31 CFR 1010.710 through 31 CFR 1010.717).

*OMB Control Number:* 1506–0050.

*Report Number:* Not applicable.

*Abstract:* FinCEN is issuing this notice to renew the OMB control number for the administrative rulings regulations.

*Affected Public:* Businesses or other for-profit institutions, non-profit institutions, and individuals.

*Type of Review:* Renewal without change of a currently approved information collection.

*Frequency:* As required.

*Estimated Number of Requests Annually:* 44 requests.<sup>7</sup>

*Estimated Recordkeeping Burden:* FinCEN receives on average 44

<sup>4</sup> Treasury Order 180–01 (Jan. 14, 2020).

<sup>5</sup> See 31 CFR 1010.715.

<sup>6</sup> *Id.* FinCEN's administrative rulings are collected on the FinCEN website at the following address: <https://www.fincen.gov/resources/statutes-regulations/administrative-rulings>.

<sup>7</sup> In 2020, 2021, and 2022 FinCEN received a total of 132 administrative ruling requests. 132 requests divided by 3 years equals 44 requests annually.

administrative ruling requests per year. FinCEN continues to estimate that it takes a requestor approximately two hours to draft and submit an administrative rule request to FinCEN.<sup>8</sup> This results in an estimated total annual burden of 88 hours (44 administrative ruling requests multiplied by two hours per request).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Records required to be retained under the BSA must be retained for five years.

*Request for Comments:* Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on: (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.
