

(e) *Show Cause Notice*. When the Director has reasonable cause to believe that a contractor has violated the equal opportunity clause the Director may issue a notice requiring the contractor to show cause, within 30 days, why monitoring, enforcement proceedings, or other appropriate action to ensure compliance should not be instituted. OFCCP may issue a Show Cause Notice without first issuing a Predetermination Notice or Notice of Violation when the contractor has failed to provide access to its premises for an on-site review or refused to provide access to witnesses, records, or other information. The Show Cause Notice will include each violation that OFCCP has identified at the time of issuance. Where OFCCP identifies additional violations after issuing a Show Cause Notice, OFCCP will modify or amend the Show Cause Notice.

(f) *Expedited conciliation option*. OFCCP may agree to waive the procedures set forth in paragraphs (a) and/or (b) of this section to enter directly into a conciliation agreement with a contractor. OFCCP may offer the contractor this expedited conciliation option, but may not require or insist that the contractor avail itself of the expedited conciliation option.

RIN 1625–AC51

Survival Craft Equipment-Update To Type Approval Requirements; Correction

AGENCY: Coast Guard, DHS.

ACTION: Final rule; correcting amendment.

SUMMARY: The Coast Guard is correcting a final rule published in the **Federal Register** on November 14, 2022. The final rule updated type approval

requirements for certain types of survival craft equipment. The final rule had a typographical error in one of the sections. This document corrects that error.

DATES: Effective August 4, 2023.

FOR FURTHER INFORMATION CONTACT: For information about this document call or email Ms. Stephanie Groleau, Lifesaving & Fire Safety Division (CG–ENG–4), Coast Guard; telephone 202–372–1381, email *Stephanie.M.Groleau@uscg.mil*.

SUPPLEMENTARY INFORMATION: On November 14, 2022, the Coast Guard published a final rule titled “Survival Craft Equipment-Update to Type Approval Requirements” at 87 FR 68270. The final rule updated type approval requirements for certain types of survival craft equipment, including hatchets. The final rule contained a spelling error in the regulatory text of 46 CFR 169.527(c)(4) where “Hatch” was used instead of “Hatchet”. This document corrects that error and adopts the correct spelling for § 169.527(c)(4).

We find good cause under provisions in 5 U.S.C. 553(d)(3) to make this correction effective upon publication because delaying the effective date is unnecessary and contrary to the public interest. Waiting 30 days after publication to correct the error within the final rule is unnecessary and contrary to the public’s interest in having access to accurate and current regulations. The November 14, 2022, final rule preamble discussion indicated the changes were intended for hatchets, but the spelling was inaccurate.

[Docket No. 221215–0272; RTID 0648–XD196]

Fisheries of the Northeastern United States; Atlantic Bluefish Fishery; Quota Transfers From VA to NC and RI

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notification of quota transfers.

SUMMARY: NMFS announces that the Commonwealth of Virginia is transferring a portion of its 2023 commercial bluefish quota to the States of North Carolina and Rhode Island. These adjustments to the 2023 fishing year quota are necessary to comply with the Atlantic Bluefish Fishery Management Plan quota transfer provisions. This announcement informs the public of the revised 2023 commercial bluefish quotas for Virginia, North Carolina, and Rhode Island.

DATES: Effective August 3, 2023, through December 31, 2023.

FOR FURTHER INFORMATION CONTACT: Laura Deighan, Fishery Management Specialist, (978) 281–9184.

SUPPLEMENTARY INFORMATION: Regulations governing the Atlantic bluefish fishery are found in 50 CFR 648.160 through 648.167. These regulations require annual specification of a commercial quota that is apportioned among the coastal states from Maine through Florida. The process to set the annual commercial quota and the percent allocated to each state is described in § 648.162, and the final 2023 allocations were published on December 21, 2022 (87 FR 78011).

The final rule implementing Amendment 1 to the Bluefish Fishery Management Plan (FMP), as published in the **Federal Register** on July 26, 2000 (65 FR 45844), provided a mechanism for transferring bluefish commercial quota from one state to another. Two or more states, under mutual agreement and with the concurrence of the NMFS Greater Atlantic Regional Administrator,

can request approval to transfer or combine bluefish commercial quota under § 648.162(e)(1)(i) through (iii). The Regional Administrator must approve any such transfer based on the criteria in § 648.162(e). In evaluating requests to transfer a quota or combine quotas, the Regional Administrator shall consider whether: The transfer or combinations would preclude the overall annual quota from being fully harvested; the transfer addresses an unforeseen variation or contingency in the fishery; and the transfer is consistent with the objectives of the FMP and the Magnuson-Stevens Fishery

Conservation and Management Act (Magnuson-Stevens Act). The Regional Administrator has determined these three criteria have been met for the transfers approved in this notification.

Virginia is transferring 55,000 lb (24,948 kg) to North Carolina and 25,000 lb (11,340 kg) to Rhode Island through mutual agreements of the States. These transfers were requested to ensure that North Carolina and Rhode Island would not exceed their 2023 State quotas. The revised bluefish quotas for 2023 are: Virginia, 355,625 lb (161,309 kg); North Carolina, 1,429,077 lb (648,218 kg); and Rhode Island, 351,165 lb (159,286 kg).

Classification

NMFS issues this action pursuant to section 305(d) of the Magnuson-Stevens Act. This action is required by 50 CFR 648.162(e)(1)(i) through (iii), which was issued pursuant to section 304(b), and is exempted from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 1, 2023.
