

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water) Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR 165 801 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 46 U.S.C. 70034, 70051, 70124; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 00170.1, Revision No. 01.3

■ 2. Add § 100.T08–0256 to read as follows:

§ 165.T08–0256 Safety Zone; Ohio River MM 469.5–470.5 and Licking River MM 0.0 to 0.3, Cincinnati, OH.

(a) *Regulated area.* This section applies to the following area: Ohio River Mile Marker 469.5—Miler Marker 470.5, extending the entire river and the Licking River from Mile Marker 0.0—Mile Marker 0.3, extending the entire river.

(b) *Definitions.* As used in this section, designated representative means a Coast Guard Patrol Commander, including a Coast Guard coxswain, petty officer, or other officer operating a Coast Guard vessel and a Federal, State, and local officer designated by or assisting the Captain of the Port Sector Ohio Valley (COTP) in the enforcement of the safety zone.

(c) *Regulations.* (1) This rule establishes a safety zone from noon through 5 p.m. on August 12, 2023. The safety zone will cover all navigable waters from Miler Marker 469.5—Mile Marker 470.5 of the Ohio River and Mile Marker 0.0—Mile Marker 0.3 of the Licking River. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

(2) To seek permission to enter, contact the COTP or the COTP's representative by contacting the Patrol Commander via VHF–FM radio channel 16 or phone at 1–800–253–7465. Those in the safety zone must comply with all lawful orders or directions given to them by the COTP or the COTP's designated representative.

(d) *Enforcement period.* This section will be enforced from noon through 5 p.m. on August 12, 2023.

Dated: July 31, 2023.

H.R. Mattern,

Captain, U.S. Coast Guard, Captain of the Port Sector Ohio Valley.

BILLING CODE 9110–04–P

DEPARTMENT OF HOMELAND SECURITY**Coast Guard****33 CFR Part 165**

[Docket No. USCG–2023–0641]

Security Zones; Seattle's Seafair Fleet Week Moving Vessels, Puget Sound, WA

AGENCY: Coast Guard, DHS.

ACTION: Notification of enforcement of regulation.

SUMMARY: The Coast Guard will enforce Seattle's Seafair Fleet Week Moving Vessels security zones from August 1 through August 7, 2023 to ensure the security of the vessels from sabotage or other subversive acts during Seafair Fleet Week Parade of Ships. Our regulation for marine events within the Thirteenth Coast Guard District identifies the regulated area for this event in Seattle, WA. During the enforcement period, no person or vessel may enter or remain in the security zones without the permission of the Captain of the Port (COTP), Puget Sound or his designated representative. The COTP has granted general permission for vessels to enter the outer 400 yards of the security zones as long as those vessels within the outer 400 yards of the security zones operate at the minimum speed necessary to maintain course unless required to maintain speed by the navigation rules.

DATES: The regulations in 33 CFR 165.1333 will be enforced for the security zones identified in the **SUPPLEMENTARY INFORMATION** section below for the dates and times specified.

FOR FURTHER INFORMATION CONTACT: If you have questions about this notification of enforcement, call or email MST1 Steve Barnett, Sector Puget Sound Waterways Management Division, U.S. Coast Guard; telephone 206–217–6051, email SectorPugetSoundWWM@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the security zones for Seattle's Seafair Fleet Week Moving Vessels in 33 CFR 165.1333 for the regulated areas in the Elliott Bay from 11:30 a.m. on August 1, 2023, through 5 p.m. on August 7, 2023. This action

is being taken to ensure the security of the vessels from sabotage or other subversive acts during this event. Our regulation for marine events within the Thirteenth Coast Guard District, § 165.1333, specifies the location of the regulated area in the Puget Sound around the participating vessels designated in this notice.

During the enforcement period, as reflected in § 165.1333, no person or vessel may enter or remain in the security zones without the permission of the COTP or a designated representative. The COTP may be assisted by other federal, state or local agencies with the enforcement of the security zones. For 2023, the following areas are § 165.1333 security zones: all navigable waters within 500 yards of USS BARRY (DDG–52), USCGC HENRY BLAKE (WLM–563), USCGC ROBERT WARD (WPC–1130), USCGC WAHOO (WPB–87345), HMCS YELLOWKNIFE (MM–706), HMCS EDMONTON (MM–703), HMCS NANAIMO (MM–702), while each such vessel is in the Sector Puget Sound COTP Zone.

The COTP has granted general permission for vessels to enter the outer 400 yards of the security zones as long as those vessels within the outer 400 yards of the security zones operate at the minimum speed necessary to maintain course unless required to maintain speed by the navigation rules. All vessel operators who desire to enter the inner 100 yards of the security zones or transit the outer 400 yards at greater than minimum speed necessary to maintain course must obtain permission from the COTP or a designated representative by contacting the on-scene patrol craft on VHF Ch 13 or Ch 16. Requests must include the reason why movement within this area is necessary. Vessel operators granted permission to enter the security zones will be escorted by the on-scene patrol craft until they are outside of the security zones.

Due to a change in participating vessels, the Coast Guard will provide the maritime community with advanced actual notification of these security zones via the Local Notice to Mariners and marine information broadcasts before the start of the event. In the event that there are additional changes to the participating vessels, due to operational requirements, the Coast Guard will provide actual notice for any additional designated participating vessels not covered in this notice.

Members of the public may contact Sector Puget Sound COTP at 206–217–6002 for an up-to-date list of designated participating vessels.

If the COTP determines that the security zones need not be enforced for the full duration stated in this notice of enforcement, a Broadcast Notice to Mariners may be used to grant general permission to enter all portions of the regulated areas.

Dated: July 31, 2023.

M.A. McDonnell,

Captain, U.S. Coast Guard, Captain of the Port Sector Puget Sound.

BILLING CODE 9110-04-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R04-OAR-2022-0892; EPA-R04-OAR-2022-0851; FRL-10928-02-R4]

Air Plan Approval; Florida; Revision of Excess Emissions Provisions and Emission Standards; Amendments to Stationary Sources—Emission Standards

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving State Implementation Plan (SIP) revisions submitted by the State of Florida on November 22, 2016, and supplemented on September 30, 2022, through the Florida Department of Environmental Protection (FDEP). The November 22, 2016, SIP revision is in response to EPA's SIP Call published on June 12, 2015, concerning excess emissions during startup, shutdown, and malfunction (SSM) events. The September 30, 2022, supplemental SIP revision addresses additional SSM-related rule amendments identified by the State and the addition of source specific sulfur dioxide (SO₂) and nitrogen oxide (NO_x) emission limits. EPA is approving these SIP revisions and finds that they correct the deficiencies identified in the June 12, 2015, SIP Call. EPA is also approving a portion of a SIP revision submitted by FDEP on April 1, 2022, which modifies provisions that regulate emissions of SO₂, NO_x, and visible emissions and modifies requirements for major stationary sources of volatile organic compounds (VOC) and NO_x.

DATES: This rule is effective September 5, 2023.

ADDRESSES: EPA has established dockets for these actions under Docket Identification Nos. EPA-R04-OAR-2022-0892 and EPA-R04-OAR-2022-

0851. All documents in the dockets are listed on the www.regulations.gov website. Although listed in the index, some information may not be publicly available, i.e., Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through www.regulations.gov or in hard copy at the Air Regulatory Management Section, Air Planning and Implementation Branch, Air and Radiation Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303-8960. EPA requests that, if at all possible, you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday 8:30 a.m. to 4:30 p.m., excluding Federal holidays.

FOR FURTHER INFORMATION CONTACT: Joel Huey, Manager, Multi-Air Pollutant Coordination Section, Air Planning and Implementation Branch, Air and Radiation Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303-8960. The telephone number is (404) 562-9104. Mr. Huey can also be reached via electronic mail at huey.joel@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Background

a. Florida's November 22, 2016, and September 30, 2022, SIP Submissions

On November 22, 2016, FDEP submitted a revision to the Florida SIP (referred to hereinafter as Florida's "Excess Emissions Rule SIP Revision") in response to EPA's June 12, 2015, action titled "State Implementation Plans: Response to Petition for Rulemaking; Restatement and Update of EPA's SSM Policy Applicable to SIPs; Findings of Substantial Inadequacy; and SIP Calls to Amend Provisions Applying to Excess Emissions During Periods of Startup, Shutdown, and Malfunction" ("2015 SSM SIP Action"). See 80 FR 33839 (June 12, 2015). In the Excess Emissions Rule SIP Revision, FDEP requests EPA approval of the following changes to the Florida SIP: (1) Removal of Florida Administrative Code Rule (referred to hereinafter referred as "Rule") 62-210.700(4) with the addition of equivalent language to Rules 62-210.700(1) and (2); (2) amendment of Rule 62-210.700(3) to revise the particulate matter (PM) limits applicable during boiler cleaning (soot blowing)

and load changes by removing the statement that excess emissions during these periods "shall be permitted," removing the exemption for pollutants other than PM and visible emissions, and removing a specific allowance for visible emissions which exceed 60 percent opacity for up to four six-minute periods during the 3-hour period of excess emissions allowed for soot blowing or load change; (3) addition of Rule 62-210.700(6), which states that Rules 62-210.700(1) and (2) shall not apply after May 22, 2018, to either category-specific or unit-specific limits that have been incorporated into Florida's SIP; and (4) addition of Rule 62-210.700(7), which states that after the State's effective date of the rule change (October 23, 2016), Rules 62-210.700(1) and (2) shall not apply to new permit-specific emission limits established pursuant to Florida's Prevention of Significant Deterioration (PSD) and Nonattainment New Source Review (NNSR) regulations (Rules 62-212.400 and 62-210.500). The Excess Emissions Rule SIP revision includes information demonstrating that these changes will not interfere with any applicable requirement concerning attainment of any National Ambient Air Quality Standards (NAAQS) and reasonable further progress (RFP), or with any other applicable requirement of the Clean Air Act (CAA or Act).

On September 30, 2022, FDEP submitted a supplemental revision (referred to hereinafter as Florida's "Supplemental SSM SIP Revision") to the State's November 22, 2016, Excess Emissions Rule SIP Revision. In the Supplemental SSM SIP Revision, FDEP includes alternative SIP emission limits for those SIP emission limits that it identified as "problematic" if applied continuously and several changes to language throughout Chapter 62-296. The State requests EPA approval of the following changes: (1) Amendment of existing Rule 62-296.405, "Fossil Fuel Steam Generators with More Than 250 Million Btu Per Hour Heat Input," and Rule 62-296.570, "Reasonably Available Control Technology (RACT)—Requirements for Major VOC- and NO_x-Emitting Facilities," to clarify how emissions are calculated, including during periods of startup, shutdown, and malfunction; (2) addition of emissions-unit-specific SO₂ and NO_x emission limits for certain sulfuric acid plants (SAPs) and nitric acid plants (NAPs) in Florida; (3) removal of SO₂ emission limits in Rule 62-296.402, "Sulfuric Acid Plants"; and (4) removal of NO_x emission limits in Rule 62-296.408, "Nitric Acid Plants." The
