#### Risk Management Agency

*Title:* Subpart U-Ineligibility for Programs under the Federal Crop Insurance Act.

*OMB Control Number:* 0563–0085.

*Summary of Collection:* FCIC is a wholly-owned Government corporation created February 16, 1938 (7 U.S.C. 1501). The program was amended previously, but Public Law 96–365, dated September 26, 1980, provided for nationwide expansion of a comprehensive crop insurance program. The Federal Crop Insurance Act (Act), as amended in later years, further expanded the role of the crop insurance program to be the principal tool for risk management by producers of agricultural commodities. The Act further required that the crop insurance program operate on an actuarially sound basis. To meet these goals, existing crop programs must be improved and expanded, new crop products developed, and new insurance concepts studied for possible implementation. Meeting these goals requires the collection of a wide range of information (data elements). These data elements are used in part to determine insurance coverage, premiums, subsidies, payments, and indemnities. It creates an information database used to support continued development and improvements in crop insurance products available to producers and which meet the goal of a sound insurance program. The Act was again amended on June 20, 2000, by Public Law 106–224 which mandates changes to crop insurance regulations, provides for independent review of crop

insurance products by persons experienced as actuaries and in underwriting, and gives contracting authority for the development of new products.

*Need and Use of the Information:* The purpose of collecting the information is to ensure persons that are ineligible for benefits under the Federal crop insurance program are accurately identified as such and do not obtain benefits to which they are not eligible. A person can become ineligible for benefits for three reasons: (1) Debt on unpaid premium or overpaid indemnity (information provided by AIP); (2) Debt on unpaid CAT fee (information provided by AIP); and (3) Debarment/disqualification/suspension, including but not limited to judgement, civil fines, etc. The Federal Crop Insurance Corporation and AIPs use the information collected to determine whether a person seeking to obtain Federal crop insurance coverage are ineligible for such coverage according to the statutory/regulatory mandates identified. Failure to collect the applicable information could result in unearned Federal benefits being issued.

*Description of Respondents:* Businesses or other for-profits.

*Number of Respondents:* 14.

*Frequency of Responses:* On occasions; Annually.

*Total Burden Hours:* 2,207.

### Census Bureau

[Docket Number 230728–0178]

RIN 0607–XC070

#### Annual Integrated Economic Survey

**AGENCY:** Census Bureau, Department of Commerce.

**ACTION:** Notice of determination.

**SUMMARY:** Notice is hereby given that the Bureau of the Census (Census Bureau) is conducting the Annual Integrated Economic Survey (AIES). We have determined that data to be collected in this survey are needed to aid the efficient performance of essential governmental functions and have significant application to the needs of businesses, organizations, and the public. The AIES will provide the only comprehensive national and subnational data on business revenues,

expenses, and assets on an annual basis. The data derived from this survey are not publicly available from nongovernmental or other governmental sources.

**ADDRESSES:** The Census Bureau will make available the reporting instructions to the organizations included in the surveys. Additional copies are available upon written request to the Director, U.S. Census Bureau, 4600 Silver Hill Road, Washington, DC 20233–0101.

**FOR FURTHER INFORMATION CONTACT:** Nick Orsini, Associate Director for Economic Programs, Telephone: 301–763–1858; Email: [Nick.Orsini@census.gov](mailto:Nick.Orsini@census.gov).

**SUPPLEMENTARY INFORMATION:** In an effort to improve measurements of the economy in the United States, the Census Bureau will conduct the Annual Integrated Economic Survey (AIES). The AIES is a new survey designed to combine several existing Census Bureau annual survey collections to reduce respondent burden and simultaneously increase data quality and operational efficiencies. The AIES integrates and replaces the following existing annual collections: the Annual Retail Trade Survey (ARTS) (Office of Management and Budget (OMB) control number 0607–0013), the Annual Wholesale Trade Survey (AWTS) (OMB control number 0607–0195), the Service Annual Survey (SAS) (OMB control number 0607–0422), the Annual Survey of Manufactures (ASM) (OMB control number 0607–0449), the Annual Capital Expenditures Survey (ACES) (OMB control number 0607–0782), the Manufacturer’s Unfilled Orders Survey (M3UFO) (OMB control number 0607–0561), and the Report of Organization (OMB control number 0607–0444).

The Census Bureau plans to conduct the AIES on an annual basis, beginning with a preparatory 2022 AIES dress rehearsal (collected in calendar year 2023) and the full-scale AIES implementation beginning in survey year 2023 (collected in calendar year 2024). The 2022 AIES dress rehearsal will be a small-scale collection that will mimic the collection instrument and procedures planned for the full-scale 2023 AIES. The 2022 AIES dress rehearsal will allow the Census Bureau to examine patterns of response and to determine what additional support respondents will need in future collections. To minimize the burden imposed on companies already in one or more of the seven annual surveys that the AIES will replace, responses submitted for the 2022 AIES dress rehearsal will fulfill survey year 2022 reporting requirements for the
