[Notice: 23–084]

Information Collection: NASA Small Business Mentor Protégé Program

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Reinstatement of expired information collection.

SUMMARY: NASA is proposing to amend the NASA Federal Acquisition Regulation Supplement (NFS) to reflect updates to NASA's Mentor Protégé Program (MPP) including: the requirement of Small Business Specialists' concurrence on the signed letter of endorsement; requirements associated with credit received towards subcontracting goals; the change of the MPP reporting requirement from semi-annually to annually; identified the NASA Mentor Protégé Program Office; and clerical, semantic improvements. NASA also proposes to amend the NFS language to reflect the annual negotiation of its small business percentage goals. Lastly, the NFS will be amended to emphasize collaboration amongst representatives from the Office of Small Business Programs, Office of Procurement, and Program Offices to reduce barriers to entry and to opportunities for all small business concerns and Historically Black Colleges and Universities or Minority Institutions.

DATES: Comments are due by September 7, 2023.

ADDRESSES: Written comments and recommendations for this information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. SUPPLEMENTARY INFORMATION:**1. Abstract**

NASA is proposing to revise the NFS to add new text that: requires concurrence of the Small Business Specialist on the signed letter of endorsement for the MPP; adds requirements associated with credit received towards subcontracting goals; changes the reporting requirement from semi-annually to annually; and makes clerical and other semantic improvements. This proposed rule contains information collection requirements requiring the approval of the Office of Management and Budget

(OMB) under the Paperwork Reduction Act (44 U.S.C. chapter 35). As part of this proposed rule, NASA is also requesting comments on the reinstatement with change of a collection, OMB 2700–0078, *NASA Mentor-Protégé Program Small Business and Small Disadvantaged Business Concerns Report*.

NASA, in coordination with its Office of Small Business Programs, initiated this proposed rule and is proposing to reinstate this collection to decrease the collection requirement from semi-annual to annual. NASA conducts semi-annual Mentor Protégé performance reviews, which are more effective in tracking milestones over the life of the agreement than the submission of semi-annual reports. This change will reduce the reporting requirement on small businesses from semi-annual to annual and still capture necessary information from the semi-annual performance reviews.

7. Methods of Collection

NASA uses electronic methods to collect information from collection respondents.
