*Authority:* 38 U.S.C. 5902; 38 CFR 14.628.

*Title:* Requirements for Recognition as a VA Accredited Organization.

*OMB Control Number:* 2900-0850.

*Type of Review:* Extension of a currently approved collection.

*Abstract:* In order for an organization to provide representation to claimants before VA regarding claims for VA benefits, the organization must be recognized by VA for that purpose. Section 5902(a) of title 38, United States Code, authorizes VA to recognize organizations for the limited purpose of ensuring competent representation of veterans in claims for benefits administered by VA. VA implemented this authority in 38 CFR 14.628. An organization must apply for VA recognition, supplying information as specified in section 14.628 to demonstrate that it satisfies the legal requirements for recognition. (Organizations may provide services to veterans without VA recognition if the services do not include the preparation, presentation, and prosecution of claims for VA benefits.) The information submitted by the organizations in conjunction with a request for recognition is used by VA in reviewing accreditation applications to determine whether organizations meet the requirements for VA recognition under section 14.628. VA relies on this information to ensure that it is granting recognition only to organizations that can provide long-term, competent representation to VA claimants.

*Affected Public:* Individuals, not-for-profit institutions, and State, local, or Tribal governments.

*Estimated Annual Burden:* 50 hours.

*Estimated Average Burden per Respondent:* 5 hours.

*Frequency of Response:* One time.

*Estimated Number of Respondents:* 10.

By direction of the Secretary.

**AGENCY:** Department of Veterans Affairs.

**ACTION:** Notice of public listening sessions.

**SUMMARY:** The Department of Veterans Affairs (VA) is announcing a series of five virtual listening sessions for stakeholders to provide input on known state variances for health care occupations. Each session will start at 2:00 p.m., Eastern Daylight Time (EDT) and adjourn at 4:30 p.m. EDT and focus on a preset list of occupations grouped by service type. **ADDRESSES:** All sessions will be held virtually using Webex. Individuals interested in attending listening sessions, whether to verbally present a comment or listen in, must register for each session in advance. (See additional registration information below).

**FOR FURTHER INFORMATION CONTACT:** Ethan Kalett, Office of Regulations, Appeals and Policy (10BRAP), Veterans Health Administration, Department of Veterans Affairs, 810 Vermont Avenue NW, Washington, DC 20420, at 202-461-0500. This is not a toll-free number.

**SUPPLEMENTARY INFORMATION:** On November 12, 2020, VA published an

interim final rule confirming that VA health care professionals may practice their health care profession consistent with the scope and requirements of their VA employment, notwithstanding any State license, registration, certification or other State requirements that unduly interfere with their practice. 38 CFR 17.419; 85 FR 71838. Specifically, this rulemaking confirmed VA's current practice of allowing VA health care professionals to deliver health care services in a state other than the health care professional's State of licensure, registration, certification or other State requirement, thereby enhancing beneficiaries' access to critical VA health care services. The rulemaking also confirmed VA's authority to establish national standards of practice for its health care professionals which would standardize a health care professional's practice in all VA medical facilities.

The purpose of these listening sessions is to offer individuals an opportunity to share their research, input and comments on variance between State licenses and scopes of practices for health care occupations, and their recommendations on what should be included in VA's national standard of practice. Listening sessions exclude occupations where VA has already requested a formal feedback period for their proposed VA national standard of practice on the **Federal Register**. <https://www.va.gov/STANDARDSOFPRACTICE/federalregister.asp>.

**Registration:** Individuals interested in attending must register with Webex for each listening session. Any individual who wishes to verbally participate should indicate their intention upon registration to ensure time is allotted accordingly, however, it is not required to complete registration. Individuals that indicate interest in presenting a comment will receive a confirmation message 2 business days prior to each respective session. If an individual wishes to display materials during their presentation, they may be submitted to VA the Monday prior to the session.

Efforts will be made to accommodate all individuals who wish to offer a verbal comment. However, VA will give priority to those who registered in advance of each session. The length of time allotted for individuals to provide verbal comments during the session will be subject to the number of registrants to ensure ample time is allotted. To accommodate a large number of attendees, video will be disabled during the listening session and mics will be muted until a presenter's allotted time. In the event there is not enough time during the session, VA will request written submissions.

**Note:** VA will not share proposals or address feedback received during listening sessions. Suggestions made through these listening sessions will be used to improve and inform the content included in VA's proposed national standards of practice. All VA proposals for each VA national standard of practice will occur through the **Federal Register**, as noted above, to ensure appropriate public notification and full opportunity for participation. No VA national standard of practice will be issued in VA policy before VA has provided a proposal through the **Federal Register**.

**Special Accommodations:** Request for any accommodation should be received by VA no later than 2 weeks before the scheduled listening session at the address indicated in the **FOR FURTHER INFORMATION CONTACT** section of this notice.
