

TABLE 1—LIST OF TEST SITES TO BE INCLUDED IN TUVAM’S NRTL SCOPE OF RECOGNITION—Continued

TUVAM site name	Address	Country
Taipei	7F, No 37, Section 2, Zhongyang, South Road, Beitou District, 11270 Taipei City, Taiwan.	Taiwan.
Singapore	No. 15 International Business Park Singapore 609937	Singapore.
Guangzhou	5F/8F (East), Communication Building, 163 Pingyun Road, Huangpu Avenue West, Guangzhou, 510656, Guangdong Province.	China.

OSHA has preliminarily determined that it is appropriate to review this application under the SNAP Transition Policy. TUVAM’s application was timely submitted under that policy, and OSHA preliminarily finds that the SNAP sites in TUVAM’s application met all other preconditions of eligibility for conversion to recognized sites under the policy (See SNAP Transition Policy, part III 1.a–g, 85 FR at 75047). OSHA also preliminarily decided that it was not necessary to conduct on-site reviews in connection with TUVAM’s expansion application, based on historical assessment records and supporting documentation submitted by TUVAM. Moreover, OSHA staff performed assessments of several TUVAM facilities included in the SNAP conversion application from June 2020 to November 2022, and, while assessors found some nonconformances with the requirements of 29 CFR 1910.7, TUVAM addressed these issues sufficiently. OSHA staff has preliminarily determined that OSHA should grant the application and grant recognition to the nine sites requested in the application.

III. Preliminary Finding on the Application

TUVAM submitted an acceptable application for expansion of its scope of recognition. OSHA’s review of the application file and pertinent documentation indicates that TUVAM can meet the requirements prescribed by 29 CFR 1910.7 for expanding its recognition to include the addition of the nine additional test sites for NRTL testing and certification. This preliminary finding does not constitute an interim or temporary approval of TUVAM’s application.

OSHA seeks public comment on this preliminary determination.

IV. Public Participation

OSHA welcomes public comment as to whether TUVAM meets the requirements of 29 CFR 1910.7 for expansion of recognition as a NRTL. Comments should consist of pertinent written documents and exhibits.

Commenters needing more time to comment must submit a request in

writing, stating the reasons for the request by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer time period. OSHA may deny a request for an extension if it is not adequately justified.

To review copies of the exhibit identified in this notice, as well as comments submitted to the docket, contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor. These materials also are generally available online at <https://www.regulations.gov> under Docket No. OSHA–2007–0043 (for further information, see the “Docket” heading in the section of this notice titled **ADDRESSES**).

OSHA staff will review all comments to the docket submitted in a timely manner. After addressing the issues raised by these comments, staff will make a recommendation to the Assistant Secretary of Labor for Occupational Safety and Health on whether to grant TUVAM’s application for expansion of the scope of recognition. The Assistant Secretary will make the final decision on granting the application. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of the final decision in the **Federal Register**.

IV. Authority and Signature

James S. Frederick, Deputy Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW, Washington, DC 20210, authorized the preparation of this notice. SUPPLEMENTARY INFORMATION:

I. Notice of the Application for Expansion

OSHA is providing notice that CSA Group Testing & Certification, Inc. (CSA), is applying for an expansion of current recognition as a NRTL. CSA requests the addition of sixteen test sites to its NRTL scope of recognition.

OSHA recognition of a NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition. Each NRTL's scope of recognition includes (1) the type of products the NRTL may test, with each type specified by the applicable test standard and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL's scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The agency processes applications by a NRTL for initial recognition, as well as for an expansion or renewal of recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides the preliminary finding. In the second notice, the agency provides the final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that

scope. OSHA maintains an informational web page for each NRTL, including CSA, which details that NRTL's scope of recognition. These pages are available from the OSHA website at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

CSA currently has six facilities (sites) recognized by OSHA for product testing and certification, with the headquarters located at: CSA Group Testing & Certification, Inc., 178 Rexdale Boulevard, Etobicoke, Ontario M9W 1R3. A complete list of CSA's scope of recognition is available at <https://www.osha.gov/nationally-recognized-testing-laboratory-program/csa>.

II. General Background on the Application

CSA submitted an application, dated December 15, 2020 (OSHA-2006-0042-0034), requesting the conversion of sixteen existing Satellite Notification Acceptance Program (SNAP) sites to recognized sites under the NRTL Policy for Transitioning to Satellite Notification and Acceptance Program Termination (SNAP Transition Policy) published in the **Federal Register** on November 24, 2020 (85 FR 75042), as amended by a June 22, 2022 Memorandum from James S. Frederick, Deputy Assistant Secretary for Occupational Safety and Health, to Regional Administrators and Executive Staff, titled "Second Revision to the Nationally Recognized Testing Laboratory (NRTL) Policy for Transitioning to Satellite Notification and Acceptance Program (SNAP) Termination."

Table 1, below, lists the sixteen sites that CSA's application requested for inclusion in the NRTL's expanded scope of recognition:

TABLE 1—LIST OF TEST SITES TO BE INCLUDED IN CSA'S NRTL SCOPE OF RECOGNITION—Continued

CSA site name	Address	Country
CSA Group Frankfurt	Weismullerstr. 45, 60314 Frankfurt, Germany	Germany.

OSHA has preliminarily determined that it is appropriate to review this application under the SNAP Transition Policy. CSA's application was timely submitted under that policy, and OSHA preliminarily finds that the SNAP sites in CSA's application met all other preconditions of eligibility for conversion to recognized sites under the policy (See SNAP Termination Policy, part III 1.a–g, 85 FR at 75047). OSHA also preliminarily decided that it was not necessary to conduct on-site reviews in connection with CSA's expansion application, based on historical assessment records and supporting documentation submitted by CSA. Moreover, OSHA staff performed assessments of several CSA facilities included in the SNAP conversion application from June 2020 to November 2022, and, while assessors found some nonconformances with the requirements of 29 CFR 1910.7, CSA addressed these issues sufficiently. OSHA staff has preliminarily determined that OSHA should grant the application and grant recognition to the sixteen sites requested in the application.

III. Preliminary Finding on the Application

CSA submitted an acceptable application for expansion of its scope of recognition. OSHA's review of the application files and pertinent documentation indicates that CSA can meet the requirements prescribed by 29 CFR 1910.7 for expanding its recognition to include the addition of the sixteen additional test sites for NRTL testing and certification. This preliminary finding does not constitute an interim or temporary approval of CSA's application.

OSHA seeks public comment on this preliminary determination.

IV. Public Participation

OSHA welcomes public comment as to whether CSA meets the requirements of 29 CFR 1910.7 for expansion of recognition as a NRTL. Comments should consist of pertinent written documents and exhibits.

Commenters needing more time to comment must submit a request in writing, stating the reasons for the request by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer time period. OSHA may deny a

request for an extension if it is not adequately justified.

To review copies of the exhibit identified in this notice, as well as comments submitted to the docket, contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor. These materials also are generally available online at <https://www.regulations.gov> under Docket No. OSHA–2006–0042 (for further information, see the “Docket” heading in the section of this notice titled **ADDRESSES**).

OSHA staff will review all comments to the docket submitted in a timely manner. After addressing the issues raised by these comments, staff will make a recommendation to the Assistant Secretary of Labor for Occupational Safety and Health on whether to grant CSA's application for expansion of the scope of recognition. The Assistant Secretary will make the final decision on granting the application. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of the final decision in the **Federal Register**.
