

751(a)(2)(C) of the Act: (1) the cash deposit rate for the respondents will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by a company not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review or the original investigation but the producer is, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 6.05 percent, the all-others rate established in the less-than-fair-value investigation.¹² These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of countervailing duties.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

Commerce is issuing and publishing the final results of this review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 351.221(b)(5).

Dated: August 10, 2023.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

Background

On July 6, 2023, we published a notice of receipt of application from University of Massachusetts Dartmouth School for Marine Science and Technology (SMASST) for an incidental take permit pursuant to the Endangered Species Act of 1973, as amended (ESA). In that notice we made the incidental take permit application available for public comment. The permit application is for the incidental take of ESA-listed sturgeon and sea turtles associated with the otherwise lawful fisheries survey activities within and adjacent to the Massachusetts/Rhode Island Wind Energy Area.

We received two requests to extend the public comment period by 15 and 30 calendar days in order to provide the public with additional time to gather relevant information and adequately comment on the application in a meaningful and constructive manner. We considered the requests and concluded that a 15-day extension should allow sufficient time for

responders to submit comments without significantly delaying the completion of our review. We are therefore reopening the public comment period from August 16, 2023, to August 31, 2023. Comments previously submitted do not need to be resubmitted.

Authority: The authority for this action is the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*).

Dated: August 10, 2023.

*Chief, Marine Mammal and Sea Turtle
 Division, Office of Protected Resources,
