Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People's Republic of China: Notice of Correction to the Final Results, and Amended Final Results of Countervailing Duty Administrative Review; 2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On July 11, 2023, the U.S. Department of Commerce (Commerce) published in the **Federal Register** the final results and partial rescission of the administrative review of the countervailing duty (CVD) order on crystalline silicon photovoltaic cells, whether or not assembled into modules (solar cells), from the People's Republic of China (China), covering the period of review (POR) January 1, 2020, through December 31, 2020. That notice inadvertently contained an incorrect rate for Jinko Solar Import and Export Co., Ltd. Further, Commerce is amending the final results to correct ministerial errors in the calculations for Risen Energy Co., Ltd.

DATES: Applicable August 17, 2023.

FOR FURTHER INFORMATION CONTACT: Lingjun Wang, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3642.

SUPPLEMENTARY INFORMATION:

Correction

In the **Federal Register** of July 11, 2023, in FR Doc. 2023-14563, on page 44109, in the Producer/exporter and Subsidy rate (percent *ad valorem*) table, for Jinko Solar Import and Export Co., Ltd., correct the subsidy rate from 10.33 to 10.34.

Background

Commerce published the final results of this review on July 11, 2023.¹ On July 5, 2023, the American Alliance for Solar Manufacturing (the Alliance) and Risen Energy Co., Ltd. (Risen) each filed a

ministerial error comment.² No party filed a rebuttal comment. We are amending the *Final Results* to correct ministerial errors raised by the Alliance and Risen.

Legal Framework

A ministerial error, as defined in section 751(h) of the Tariff Act of 1930, as amended (the Act), includes “errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which the administering authority considers ministerial.”³ With respect to final results of administrative reviews, 19 CFR 351.224(e) provides that Commerce “will analyze any comments received and if appropriate, correct any ministerial error by amending . . . the final results of review”

Ministerial Error

Commerce determines that, in accordance with section 751(h) of the Act and 19 CFR 351.224(f), it made ministerial errors in the *Final Results*. Pursuant to 19 CFR 351.224(e), Commerce is amending the *Final Results* to reflect the corrections of these ministerial errors in the calculation of the countervailable subsidy rate for Risen from 14.27 percent to 18.95 percent.⁴ For a detailed discussion of Commerce's analysis, see the Ministerial Error Allegations Memorandum.⁵ As a result of these changes, the rate for the non-examined companies, which is the weighted average of Jinko and Risen's amended final rates using their publicly ranged sales values, changes from 12.61 percent to 15.33 percent.⁶

Amended Final Results of Review

As a result of correcting the ministerial errors described above, Commerce determines the following net countervailable subsidy rates for the POR, January 1, 2020, through December 31, 2020:

² See the Alliance's Letter, “Ministerial Error Allegations,” dated July 5, 2023, and Risen's Letter, “Ministerial Error Comments,” dated July 5, 2023.

³ See 19 CFR 351.224(f).

⁴ See Ministerial Error Allegations Memorandum; see also Memorandum, “Amended Final Countervailable Subsidy Rate Calculation for Risen Energy Co., Ltd.,” dated concurrently with this notice (Risen Amended Final Calculation Memorandum).
