Abstract: The Service’s Office of Law Enforcement at the Federal Law Enforcement Training Centers (FLETC) coordinates and conducts training for Service special agents, wildlife inspectors, and administrative staff, as well as for State, Tribal, and foreign individuals responsible for wildlife and habitat protection. Over the past decade, there have been substantial increases in the numbers of programs and individuals trained, hours of training provided, and numbers of training sites.

The Training and Development Unit (TDU) at FLETC collects the required information necessary to administer training programs as authorized by the following:

- Bald and Golden Eagle Protection Act (16 U.S.C. 668-668c);
- Lacey Act (18 U.S.C. 42-43; 16 U.S.C. 3371-3378);
- National Wildlife Refuge System Administration Act (16 U.S.C 668dd-668ee);
- Migratory Bird Hunting Stamp Act (16 U.S.C. 718-718h);
- Migratory Bird Treaty Act (16 U.S.C. 703-712);
- Endangered Species Act (16 U.S.C. 1531-1543);
- Marine Mammal Protection Act (16 U.S.C. 1361-1407);
- Refuge Recreation Act (16 U.S.C. 460k-460k-4);

- Tariff Act of 1930 (19 U.S.C. 1202–1527);
- Uniform Federal Crime Reporting Act (28 U.S.C. 534);
- USA PATRIOT Act of 2001 (Pub. L. 107–56);
- USA PATRIOT Improvement and Reauthorization Act of 2005 (Pub. L. 109–177);
- Intelligence Reform and Terrorism Prevention Act of 2004 (Pub. L. 108–458);
- Homeland Security Act of 2002 (Pub. L. 107–296);
- Homeland Security Presidential Directive 12—Policy for a Common Identification Standard for Federal Employees and Contractors; and
- Criminal Intelligence Systems Operating Policies, 28 CFR part 23.

The TDU collects the below listed information from prospective domestic trainees requesting attendance in a training program:

- Applicant’s full legal name, contact, and identifying information;
- Emergency contact name and phone number;
- Photograph;
- Biography;
- Highest education level; and
- Law enforcement affiliation information, to include title/rank, experience, and agency contacts.

Course participants automatically receive the post-course evaluation form soliciting provide feedback on the following:

- Length of experience;
- Program length;
- Overall ratings;
- Content, presentation, and course materials;
- Labs, practical exercises, and written exams;

- Program outcomes; and
 - General comments.
- We use the information collected to administratively record, track, and manage training records of domestic and foreign students affiliated with law enforcement agencies who attend training offered by the Service. The information also allows us to verify the records of previous attendees (upon official inquiry only) by name, country of origin, or specific identifying number.

Proposed Revisions

The Service is proposing to revise this information collection as follows:

1. *(Discontinue) Account Registration (Foreign Students):* We will request OMB approval to discontinue the previously approved information collection associated with the registration of international students attending TDU training. The State Department coordinates the vetting process for all prospective students. The State Department relies on the host country to vet the prospective students and uses a certification process for final selections which is exempt from the requirements of the PRA. Therefore, they do not have a control number for their selection/registration process.

The Service does not collect registration information for international students; therefore, we will request OMB approve our request to discontinue this specific information collection within OMB Control No. 1018–0180. Approval of this request to discontinue the information collection associated with registration of international students will result in an annual burden decrease of 1,000 responses and 250 burden hours. We

will continue to request OMB approval of the burden associated with international students completing the course evaluations.

2. *(New) Pre-Course Evaluation:* We also propose to request OMB approval of the pre-test administered prior to the start of training. The pre-test gauges the participant’s knowledge on topics such as adaptive leadership, adaptive challenges, use of intervention techniques, how to manage disequilibrium while exercising leadership, the use of interpretation during the diagnostic process, and systems thinking.

The public may request copies of the pre- or post-course evaluations contained in this information collection by sending a request to the Service Information Collection Clearance Officer (see **ADDRESSES**).
