# Expansion of Nuclear Nonproliferation Controls on the People's Republic of China and Macau; Correction

**AGENCY:** Bureau of Industry and Security, Commerce.

**ACTION:** Correcting amendment.

**SUMMARY:** The Bureau of Industry and Security (BIS) is correcting a final rule, *Expansion of Nuclear Nonproliferation Controls on the People's Republic of* 

China and Macau, that appeared in the Federal Register on August 14, 2023. That rule intended to amend the Export Administration Regulations (EAR) by adding additional nuclear

nonproliferation controls on China and Macau. There was an inadvertent error in one of the regulatory instructions for that rule; this final rule corrects that inadvertent error.

**DATES:** Effective August 17, 2023, and applicable beginning August 11, 2023.

### SUPPLEMENTARY INFORMATION:

### I. Background

Originally authorized by the Consolidated and Further Continuing Appropriations Act, 2012 (Pub. L. 122– 55, approved November 18, 2011) (2012) Appropriations Act) and later amended, RAD allows for the conversion of assistance of public housing properties, Rent Supplement (Rent Supp), Rental Assistance (RAP), Moderate Rehabilitation (Mod Rehab), Mod Rehab Single Room Occupancy (SRO), Section 202 Project Rental Assistance Contract (202 PRAC), and Section 811 Project Rental Assistance Contract (811 PRAC) programs (collectively, "covered programs") to long-term, renewable assistance under Section 8.1 The most recent version of the RAD notice is H-2019-09/PIH-2019-23 (HA), located at https://www.hud.gov/sites/dfiles/ OCHCO/documents/2019-09hsgn.pdf.

### II. Key Changes Made to RAD

The following highlights key changes to RAD that are included in the RAD Supplemental Notice (the Notice):

1. RAD for PRAC Initial Contract Rent Setting. The Consolidated Appropriations Acts, 2022 and 2023, each provided \$6 million to support preservation transactions of housing for the elderly originally developed with a

Section 202 Capital Advance and assisted with a Project Rental Assistance Contract (PRAC). HUD is implementing this provision of the Consolidated Appropriations Acts, 2022 and 2023 in Section I of the Notice by allowing additional rent-setting flexibilities to promote and incentivize projects where the conversion supports long-term preservation by enhancing climate resiliency, energy and water efficiency, and the design of housing appropriate for the elderly to age-in-place. It further implements waiver authority provided in the Consolidated Appropriations Acts, 2022 and 2023 to ensure the continuation of resident services previously provided at Section 202 PRAC properties that are converting through RAD and to avoid reductions in rental revenue at such properties.

2. Resident Engagement. Section II of the Notice amends the Resident Engagement requirements for PHAs to ensure that the residents are better informed and engaged in the RAD conversion process and that HUD can adequately monitor resident engagement. The Notice enhances the descriptions of resident engagement that must be submitted with the RAD application and modifies the resident meeting requirements to provide for more frequent and meaningful updates to residents.

3. Energy Efficiency and Climate Resilience. Section III of the Notice amends the RAD Notice, Rev-4 to raise the minimum energy efficiency standards applicable to new construction activities by reference to updated energy codes incorporating higher, cost-effective standards and requires PHAs to participate in climate resilience planning.

4. Harmonizing Kadon Policies in RAD Conversions. Section IV of the Notice amends the RAD Notice, Rev-4 to ensure that all projects converting assistance under RAD are evaluated for radon. RAD Notice, Rev-4 introduced requirements for radon testing for properties converting under RAD but exempted certain scenarios from the requirement. It also inadvertently omitted Mod Rehab conversions from the requirement. HUD's subsequent amendments to Chapter 9 of the MAP Guide further narrowed the exempted scenarios. Through the Notice, HUD is eliminating the remaining exemptions, subjecting all Converting Projects to radon testing requirements.
5. Treatment of Zero-HAP families.

5. Treatment of Zero-HAP families. Section V of the Notice amends the treatment of families whose total tenant payment (TTP) exceeds the Gross Rent on the RAD HAP Contract including families present at the time of

<sup>&</sup>lt;sup>1</sup> The RAD statutory requirements were amended by the Consolidated Appropriations Act, 2014 (Pub. L. 113-76, approved January 17, 2014), the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235, approved December 16, 2014), the Consolidated Appropriations Act, 2016 (Pub. L. 114-113, approved December 18, 2015), the Consolidated Appropriations Act, 2017 (Pub. L. 115-31, approved May 5, 2017), the Consolidated Appropriations Act, 2018 (Pub. L. 115-141, approved March 23, 2018), and the Consolidated Appropriations Act, 2022 (Pub. L. 117-103, approved March 15, 2022). The statutory provisions of the 2012 Appropriations Act pertaining to RAD, as amended, are referred to collectively as the "RAD Statute" in this document.
