*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were solicited or received with respect to the proposed rule change.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The Exchange has filed the proposed rule change pursuant to section 19(b)(3)(A)(iii) of the Act<sup>22</sup> and Rule 19b-4(f)(6) thereunder.<sup>23</sup> Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to section 19(b)(3)(A) of the Act<sup>24</sup> and Rule 19b-4(f)(6)(iii) thereunder.<sup>25</sup>

A proposed rule change filed under Rule 19b-4(f)(6)<sup>26</sup> normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),<sup>27</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange stated that it anticipates that it will be technologically ready to implement the Program within 30 days of the date of filing, and a waiver of the 30-day operative delay would allow the Exchange to provide beneficial price improvement opportunities to retail investors as soon as practicable. Further, the Exchange stated that waiver of the operative delay would encourage

competition for retail order flow among execution venues. The Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest because it would allow the Exchange to implement its Program to provide retail investors with price improvement opportunities and compete with other execution venues for retail order flow. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.<sup>28</sup>

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under section 19(b)(2)(B)<sup>29</sup> of the Act to determine whether the proposed rule change should be approved or disapproved.
