

(iii) the seller/exporter no longer being allowed to participate in the certification process.

K. I understand that agents of the seller/exporter, such as freight forwarding companies or brokers, are not permitted to make this certification.

L. This certification was completed and signed, and a copy of the certification was provided to the importer, on, or prior to, the date of shipment if the shipment date is after the date of publication of the notice of Commerce's preliminary determination of circumvention in the **Federal Register**. If the shipment date is on or before the date of publication of the notice of Commerce's preliminary determination of circumvention in the **Federal Register**, this certification was completed and signed, and a copy of the certification was provided to the importer, by no later than 45 days after publication of the notice of Commerce's preliminary determination of circumvention in the **Federal Register**.

M. I am aware that U.S. law (including, but not limited to, 18 U.S.C. 1001) imposes criminal sanctions on individuals who knowingly and willfully make materially false statements to the U.S. government.

National Institute of Standards and Technology

Manufacturing Extension Partnership Advisory Board

AGENCY: National Institute of Standards and Technology, Commerce

ACTION: Notice of open meeting.

SUMMARY: The National Institute of Standards and Technology (NIST) announces that the Manufacturing Extension Partnership (MEP) Advisory Board will hold an open meeting on Wednesday, September 13, 2023.

DATES: The meeting will be held on Wednesday, September 13, 2023, from 10 a.m. to 5:30 p.m. Eastern Time.

ADDRESSES: The meeting will be held in person at the Buffalo Niagara Convention Center, 153 Franklin St., Buffalo, NY 14202. Please note admittance instructions in the **SUPPLEMENTARY INFORMATION** section below. Interested parties should be sure to check the NIST MEP Advisory Board website for the most up-to-date information at <http://www.nist.gov/mep/about/advisory-board>.

FOR FURTHER INFORMATION CONTACT: Cheryl L. Gendron, Hollings Manufacturing Extension Partnership

Program, National Institute of Standards and Technology, 100 Bureau Drive, Mail Stop 4800, Gaithersburg, Maryland 20899-4800; telephone number 301-975-2785; email: cheryl.gendron@nist.gov.

SUPPLEMENTARY INFORMATION: The MEP Advisory Board is authorized under 15 U.S.C. 278k(m), in accordance with the provisions of the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C. 1001 *et seq.* The Hollings Manufacturing Extension Partnership Program (Program) is a unique program consisting of Centers in all 50 states and Puerto Rico with partnerships at the federal, state and local levels. By statute, the MEP Advisory Board provides the NIST Director with: (1) advice on the activities, plans and policies of the Program; (2) assessments of the soundness of the plans and strategies of the Program; and (3) assessments of current performance against the plans of the Program.

Background information on the MEP Advisory Board is available at <http://www.nist.gov/mep/about/advisory-board>.

Pursuant to the Federal Advisory Committee Act, as amended, 5 U.S.C. 1001 *et seq.*, notice is hereby given that the MEP Advisory Board will hold an open meeting on Wednesday, September 13, 2023, from 10 a.m. to 5:30 p.m. Eastern Time. The meeting will be open to the public. The meeting agenda will include an update on the MEP programmatic operations, as well as provide guidance and advice on current activities related to the current MEP National Network™ 2023-2027 Strategic Plan. The agenda may change to accommodate Board business. The final agenda will be posted on the MEP Advisory Board website at <http://www.nist.gov/mep/about/advisory-board>.

Individuals and representatives of organizations who would like to offer comments and suggestions related to the MEP Advisory Board's business are invited to request a place on the agenda. Approximately 20 minutes will be reserved for public comments at the end of the meeting. Speaking times will be assigned on a first-come, first-served basis. The amount of time per speaker will be determined by the number of requests received but is likely to be no more than three to five minutes each. Requests must be submitted by email to cheryl.gendron@nist.gov and must be received by Wednesday, September 6, 2023, to be considered. The exact time for public comments will be included in the final agenda that will be posted on the MEP Advisory Board website at

<http://www.nist.gov/mep/about/advisory-board>. Questions from the public will not be considered during this period. Speakers who wish to expand upon their oral statements, those who wished to speak but could not be accommodated on the agenda or those who are/were unable to attend the meeting are invited to submit written statements by email to cheryl.gendron@nist.gov.

Admittance Instructions: All wishing to attend the MEP Advisory Board meeting must submit their name, organization, email address and phone number to Cheryl Gendron (Cheryl.Gendron@nist.gov or 301-975-2785) no later than Wednesday, September 6, 2023, 5 p.m. Eastern Time. In person seating is limited and will be available on a first-come, first-served basis. Detailed instructions on how to join the meeting will be sent to registered attendees.

Alicia Chambers,

NIST Executive Secretariat.

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

A Preliminary Update From the Internet of Things Federal Working Group

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice; request for comment.

SUMMARY: The National Institute of Standards and Technology (NIST) seeks comments on the document *A Preliminary Update from the Internet of Things Federal Working Group* (Preliminary Update). The Preliminary Update was developed from input from the Federal Working Group and public information presented at the NIST IoT Advisory Board. It is intended to document the current state of the IoT Federal Working Group's approach to addressing the reporting requirements in the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Pub. L. 116-283).

DATES: Comments in response to this notice must be received by 5:00 p.m. Eastern time on September 25, 2023.

ADDRESSES: Written comments may be submitted by mail to Barbara Cuthill, National Institute of Standards and Technology, 100 Bureau Drive, Stop 2000, Gaithersburg, MD 20899. Electronic submissions may be sent to iotfwg@nist.gov, and may be in any of

the following formats: HTML, ASCII, Word, RTF, or PDF.

The Preliminary Update is available electronically from the NIST website at: IoT Federal Working Group | NIST.

FOR FURTHER INFORMATION CONTACT: For questions about this notice, contact: Barbara Cuthill, U.S. Department of Commerce, NIST, MS 2000, 100 Bureau Drive, Gaithersburg, MD 20899, telephone (301) 975-3273, email IoTFWG@nist.gov. Please direct media inquiries to NIST's Public Affairs Office at (301) 975-NIST.

SUPPLEMENTARY INFORMATION: In January, 2020, the Congress enacted the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Pub. L. 116-283). Section 9204(b)(5) of this act established the Internet of Things Federal Working Group (IoTFWG) with NIST as the convener of the working group. The specific duties assigned to the IoTFWG are:

Duties.—The working group shall—

(A) identify any Federal regulations, statutes, grant practices, budgetary or jurisdictional challenges, and other sector-specific policies that are inhibiting, or could inhibit, the development or deployment of the Internet of Things;

(B) consider policies or programs that encourage and improve coordination among Federal agencies that have responsibilities that are relevant to the objectives of this section;

(C) consider any findings or recommendations made by the IoT Advisory Board and, where appropriate, act to implement those recommendations;

(D) examine—

(i) how Federal agencies can benefit from utilizing the Internet of Things;

(ii) the use of Internet of Things technology by Federal agencies as of the date on which the working group performs the examination;

(iii) the preparedness and ability of Federal agencies to adopt Internet of Things technology as of the date on which the working group performs the examination and in the future; and

(iv) any additional security measures that Federal agencies may need to take to—

(I) safely and securely use the Internet of Things, including measures that ensure the security of critical infrastructure; and

(II) enhance the resiliency of Federal systems against cyber threats to the Internet of Things; and

(E) in carrying out the examinations required under subclauses (I) and (II) of subparagraph (D)(iv), ensure to the

maximum extent possible the coordination of the current and future activities of the Federal Government relating to security with respect to the Internet of Things.

The Preliminary Update as presented, is intended to obtain broad comments and feedback to help the IoTFWG build recommendations for future federal actions to encourage the development and deployment of the Internet of Things.

Request for Comments

NIST seeks public comments on the Preliminary Update electronically from the NIST website at: IoT Federal Working Group | NIST. Written comments may be submitted by mail to Barbara Cuthill, National Institute of Standards and Technology, 100 Bureau Drive, Stop 2000, Gaithersburg, MD 20899. Electronic submissions may be sent to iotfwg@nist.gov.

Authority: 15 U.S.C. 272(b), (c), & (e); 15 U.S.C. 278g-3.

Alicia Chambers,

NIST Executive Secretariat.

BILLING CODE 3510-13-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

[Docket No. 230814-0193]

Request for Comments on Draft FIPS-203, Draft FIPS-204, and Draft FIPS-205

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice; request for comments.

SUMMARY: The National Institute of Standards and Technology (NIST) requests comments on three draft Federal Information Processing Standards (FIPS): FIPS 203, Module-Lattice-Based Key-Encapsulation Mechanism Standard, FIPS 204, Module-Lattice-Based Digital Signature Standard, and FIPS 205, Stateless Hash-based Digital Signature Standard. These proposed standards specify key establishment and digital signature schemes that are designed to resist future attacks by quantum computers, which threaten the security of current standards. The three algorithms specified in these standards are each derived from different submissions in the NIST post-quantum cryptography standardization project (see: <https://csrc.nist.gov/Projects/post-quantum-cryptography/post-quantum-cryptography-standardization>).

DATES: Comments on FIPS 203, FIPS 204, or FIPS 205 must be received on or before November 22, 2023.

ADDRESSES: The drafts of FIPS 203, FIPS 204, and FIPS 205 are available for review and comment on the NIST Computer Security Resource Center website at <https://csrc.nist.gov> and at www.regulations.gov. Comments on FIPS 203 may be sent electronically to FIPS-203-comments@nist.gov with "Comment on FIPS 203" in the subject line or submitted via www.regulations.gov. Comments on FIPS 204 may be sent electronically to FIPS-204-comments@nist.gov with "Comment on FIPS 204" in the subject line or via www.regulations.gov. Comments on FIPS 205 may be sent electronically to FIPS-205-comments@nist.gov with "Comment on FIPS 205" in the subject line or via www.regulations.gov. Written comments may also be submitted by mail to Information Technology Laboratory, ATTN: FIPS Comments, National Institute of Standards and Technology, 100 Bureau Drive, Mail Stop 8930, Gaithersburg, MD 20899-8930.

All relevant comments received by the deadline will be published electronically at <https://csrc.nist.gov> and www.regulations.gov without change or redaction, so commenters should not include information they do not wish to be posted (e.g., personal or confidential business information). Comments that contain profanity, vulgarity, threats, or other inappropriate language or content will not be posted or considered. After the comment period closes, NIST will analyze the comments, make changes to the documents as appropriate, and then propose the drafts FIPS 203, FIPS 204, and FIPS 205 to the Secretary of Commerce for approval.

FOR FURTHER INFORMATION CONTACT: Dr. Dustin Moody, National Institute of Standards and Technology, 100 Bureau Drive, Mail Stop 8930, Gaithersburg, MD 20899-8930, email: Dustin.Moody@nist.gov, phone: (301) 975-8136.

SUPPLEMENTARY INFORMATION: Over the past several years, there has been steady progress toward building quantum computers. The security of many commonly used public-key cryptosystems would be at risk if large-scale quantum computers were ever realized. In particular, this would include key-establishment schemes and digital signatures that are based on integer factorization and discrete logarithms (both over finite fields and elliptic curves). As a result, in 2017, the National Institute of Standards and Technology (NIST) initiated a public
