SUPPLEMENTARY INFORMATION:**Background**

On July 20, 2020, Commerce published in the **Federal Register** AD and CVD orders on U.S. imports of collated staples from China.¹ On December 14, 2022, pursuant to section 781(b) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.226(d)(1)(ii), Commerce initiated country-wide circumvention inquiries to determine whether imports of collated staples, completed in Thailand and Vietnam (collectively, the third countries), using inputs (*i.e.*, steel wire and wire bands) manufactured in China, are circumventing the *Orders* and, accordingly, should be covered by the

scope of the *Orders*.² On March 3 and 7, 2023, Commerce selected two respondents from each of the examined third countries as the mandatory respondents in these circumvention inquiries.³

On May 11, 2023, Commerce extended the deadline for issuing the preliminary determinations in these circumvention inquiries by 88 days, until August 18, 2023.⁴ For a complete description of the events that followed the initiation of these circumvention inquiries, *see* the Preliminary Decision Memoranda.⁵ The topics included in the Preliminary Decision Memoranda are identified in Appendix I of this notice. The Preliminary Decision Memoranda are public documents and are on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memoranda can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Orders

The merchandise covered by the *Orders* is certain collated steel staples. For a full description of the scope of the *Orders*, *see* the Preliminary Decision Memoranda.

Merchandise Subject to the Circumvention Inquiries

These circumvention inquiries cover collated staples, assembled or completed in Thailand using Chinese-origin steel wire and/or wire bands, and in Vietnam using Chinese-origin wire bands, that are subsequently exported from Thailand and Vietnam to the United States (inquiry merchandise).

Methodology

Commerce made these preliminary circumvention determinations in accordance with section 781(b) of the Act and 19 CFR 351.226. For a full description of the methodology underlying the preliminary determinations, *see* the Preliminary Decision Memoranda.

Preliminary Circumvention Determinations

We preliminarily determine that collated staples, assembled or completed in Thailand by the entities identified in Appendix II of this notice, using Chinese-origin steel wire, and/or wire bands, that are subsequently exported from Thailand to the United States, are circumventing the *Orders*. For a detailed explanation of our determinations with respect to the entities identified in Appendix II, *see* the Preliminary Decision Memorandum for Thailand.

We also preliminarily determine that collated staples, assembled or completed in Vietnam by the entities identified in Appendix II of this notice, using Chinese-origin wire bands, that are subsequently exported from Vietnam to the United States, are circumventing the *Orders*. For a detailed explanation of our determinations with respect to the entities identified in Appendix II, *see* the Preliminary Decision Memorandum for Vietnam and the “Use of Adverse Facts Available” section, below.

As detailed in the Preliminary Decision Memoranda, we also preliminarily determine that U.S. imports of inquiry merchandise exported from Thailand and Vietnam are circumventing the *Orders* on a country-wide basis.

See the “Suspension of Liquidation and Cash Deposit Requirements” section below for details regarding suspension of liquidation and cash deposit requirements. *See* the “Certification” and “Certification Requirements” sections below for details regarding the use of certifications for inquiry merchandise exported from Thailand and/or Vietnam.

Use of Adverse Facts Available

Pursuant to section 776(a) of the Act, if necessary information is not available on the record, or an interested party withholds requested information, fails to provide requested information by the deadline or in the form and manner requested, or significantly impedes a proceeding, Commerce shall use the facts otherwise available in reaching the applicable determination. Moreover, pursuant to section 776(b) of the Act,

Commerce may use inferences adverse to the interests of an interested party in selecting from among the facts otherwise available if the party fails to cooperate by not acting to the best of its ability to provide requested information.

For purposes of respondent selection, Commerce requested information from certain companies in Vietnam related to the quantity and value (Q&V) of their exports during the inquiry period. In these Q&V questionnaires, Commerce explained that, if the company to which Commerce issued the questionnaire failed to respond to the questionnaire, or failed to provide the requested information, Commerce may find that the company failed to cooperate by not acting to the best of its ability to comply with the request for information, and may use an inference that is adverse to the company's interests in selecting from the facts otherwise available. Two companies to which Commerce issued the Q&V questionnaire in the Vietnam inquiry (*i.e.*, Meihotech Vietnam Inc. (Meihotech) and Weifang Wenhe Pneumatic Tools Co., Ltd. (Weifang Wenhe)) received, but failed to timely respond to, the Q&V questionnaire.

Therefore, we preliminarily find that necessary information is not available on the record and that Meihotech and Weifang Wenhe withheld requested information, failed to provide requested information by the deadline or in the form and manner requested, and significantly impeded the inquiry. Moreover, we find that these companies failed to cooperate to the best of their ability to provide the requested Q&V information because they did not timely respond to Commerce's Q&V questionnaire. Consequently, we relied upon adverse inferences with respect to Meihotech and Weifang Wenhe in selecting from among the facts otherwise available on the record, pursuant to sections 776(a) and (b) of the Act. For details regarding the adverse facts available relied upon in our decision, *see* the Preliminary Decision Memorandum for Vietnam.

Therefore, we preliminarily determine that Meihotech and Weifang Wenhe exported inquiry merchandise and that U.S. entries of that merchandise are circumventing the *Orders*. Additionally, we are preliminarily precluding Meihotech and Weifang Wenhe from participating in the certification program that we are establishing for exports of collated staples from Vietnam.

U.S. entries of inquiry merchandise made on or after December 14, 2022, that are ineligible for certification based on the failure of Meihotech and Weifang Wenhe to cooperate, or for other

reasons, shall remain subject to suspension of liquidation until final assessment instructions on those entries are issued, whether by automatic liquidation instructions, or by instructions pursuant to the final results of an administrative review.⁶ Interested parties that wish to have their suspended entries, if any, reviewed, and their ineligibility for the certification program re-evaluated, should request an administrative review of the relevant suspended entries during the next anniversary month of these *Orders* (*i.e.*, July 2024).⁷

Suspension of Liquidation and Cash Deposit Requirements

Based on the preliminary affirmative country-wide determinations of circumvention for Thailand and Vietnam, and the preliminary affirmative determinations of circumvention for the companies identified in Appendix II, in accordance with 19 CFR 351.226(l)(2), we will direct U.S. Customs and Border Protection (CBP) to suspend liquidation and require a cash deposit of estimated duties on unliquidated entries of collated staples, assembled or completed in Thailand using Chinese-origin steel wire and/or wire bands, and in Vietnam using Chinese-origin wire bands, that were entered, or withdrawn from warehouse, for consumption on or after December 21, 2022, the date of publication of the *Initiation Notice*.⁸

For exporters of the collated staples that have a company-specific cash deposit rate under the *Collated Staples AD Order* and/or *Collated Staples CVD Order*, the cash deposit rate will be the company-specific AD and/or CVD cash deposit rate established for that company in the most recently completed segment of the collated staples proceedings. For exporters of collated staples that do not have a company-specific cash deposit rate under the *Collated Staples AD Order* and/or *Collated Staples CVD Order*, the cash deposit rate will be the company-specific cash deposit rate established under the *Collated Staples AD Order* and/or *Collated Staples CVD Order* for the company that exported the steel wire and/or wire bands to the producer/exporter in Thailand and for the company that exported the wire bands to the producer/exporter in Vietnam

⁶ Commerce continues to consider the process by which companies may demonstrate eligibility for the certification program in future segments of the collated staples proceedings. Commerce encourages interested parties to provide comments on this topic in their case briefs.

⁸ See 19 CFR 351.226(l)(2)(ii).

that were incorporated in the imported collated staples.

If neither the exporter of the collated staples from Thailand, nor the Chinese exporter of the steel wire and/or wire bands has a company-specific cash deposit rate, the AD cash deposit rate will be the China-wide rate (112.01 percent), and the CVD cash deposit rate will be the "all-others" rate (12.32 percent).

If neither the exporter of the collated staples from Vietnam, nor the Chinese exporter of the wire bands, has a company-specific cash deposit rate, the AD cash deposit rate will be the China-wide rate (112.01 percent), and the CVD cash deposit rate will be the "all-others" rate (12.32 percent). Commerce has established the following third-country case numbers in the Automated Commercial Environment (ACE) for such entries: Thailand A-549-112/C-549-113; Vietnam A-552-112/C-552-113. The suspension of liquidation will remain in effect until further notice.

Certified Entries

Entries for which the importer and exporter have met the certification requirements described below and in Appendices III and IV to this notice will not be subject to suspension of liquidation, or the cash deposit requirements described above. Failure to comply with the applicable requisite certification requirements may result in the merchandise being subject to antidumping and countervailing duties.

Certifications

In order to administer the preliminary country-wide and company-specific affirmative determinations of circumvention for Thailand and Vietnam, Commerce has established importer and exporter certifications. These certifications will permit importers and exporters to establish that specific entries of collated staples from Thailand and Vietnam are not subject to suspension of liquidation or the collection of cash deposits pursuant to these preliminary country-wide affirmative determinations of circumvention because the merchandise meets the component content requirements described in the certification (*see* Appendix III (for Thailand) and Appendix IV (for Vietnam) to this notice). Because Meihotech and Weifang Wenhe were non-cooperative, they are not eligible to use the certifications described above.⁹

⁹ See Preliminary Decision Memorandum for Vietnam at "Use of Facts Available with Adverse Inferences," and, *e.g.*, *Anti-circumvention Inquiry of the Antidumping Duty Order on Certain Pasta from Italy: Affirmative Preliminary Determination of*

Importers and exporters that claim that an entry of collated staples is not subject to suspension of liquidation or the collection of cash deposits based on the inputs used to manufacture such merchandise must complete the applicable certification and meet the certification and documentation requirements described below, as well as the requirements identified in the applicable certification.

Certification Requirements

Importers are required to complete and maintain the applicable importer certification, and maintain a copy of the applicable exporter certification, and retain all supporting documentation for both certifications. With the exception of the entries described below, the importer certification must be completed, signed, and dated by the time the entry summary is filed for the relevant entry. The importer, or the importer's agent, must submit both the importer's certification and the exporter's certification to CBP as part of the entry process by uploading them into the document imaging system (DIS) in ACE. Where the importer uses a broker to facilitate the entry process, it should obtain the entry summary number from the broker. Agents of the importer, such as brokers, however, are not permitted to certify on behalf of the importer.

Exporters are required to complete and maintain the applicable exporter certification and provide the importer with a copy of that certification and all supporting documentation (e.g., invoice, purchase order, production records, etc.). With the exception of the entries described below, the exporter certification must be completed, signed, and dated by the time of shipment of the relevant entries. The exporter certification must be completed by the party selling the collated staples that were manufactured in Thailand or Vietnam to the United States.

Additionally, the claims made in the certifications and any supporting documentation are subject to verification by Commerce and/or CBP. Importers and exporters are required to maintain the certifications and supporting documentation until the later of: (1) the date that is five years after the latest entry date of the entries covered by the certification; or (2) the date that is three years after the

conclusion of any litigation in United States courts regarding such entries.

For all collated staples from Thailand and Vietnam that were entered, or withdrawn from warehouse, for consumption during the period December 2022 (i.e., the date of publication of the *Initiation Notice*, through the date of publication of these preliminary determinations in the **Federal Register**, where the entry has not been liquidated (and entries for which liquidation has not become final), the relevant certification should be completed and signed as soon as practicable, but not later than 45 days after the date of publication of these preliminary determinations in the **Federal Register**. For such entries, importers and exporters each have the option to complete a blanket certification covering multiple entries, individual certifications for each entry, or a combination thereof. The exporter must provide the importer with a copy of the exporter certification within 45 days of the date of publication of these preliminary determinations in the **Federal Register**.

For unliquidated entries (and entries for which liquidation has not become final) of collated staples that were declared as non-AD/CVD type entries (e.g., type 01) and entered, or withdrawn from warehouse, for consumption in the United States during the period December 21, 2022 (the date of publication of the *Initiation Notice*) through the date of publication of these preliminary determinations in the **Federal Register**, for which none of the above certifications may be made, importers must file a Post Summary Correction with CBP, in accordance with CBP's regulations, regarding conversion of such entries from non-AD/CVD type entries to AD/CVD type entries (e.g., type 01 to type 03). Importers should report those AD/CVD type entries using the following third-country case numbers: Thailand A-549-112/C-549-113; Vietnam A-552-112/C-552-113. Other third-country case numbers may be established following the process described above. The importer should pay cash deposits on those entries consistent with the regulations governing post summary corrections that require payment of additional duties.

If it is determined that an importer and/or exporter has not met the certification and/or related documentation requirements for certain entries, Commerce intends to instruct CBP to suspend, pursuant to these preliminary country-wide affirmative determinations of circumvention and

the *Orders*,¹⁰ all unliquidated entries for which these requirements were not met and to require the importer to post applicable AD and CVD cash deposits equal to the rates noted above.

Interested parties may comment in their case briefs on these certification requirements, and on the certification language contained in the appendices to this notice.

Public Comment

Case briefs or other written comments for a particular country should be submitted to the Assistant Secretary for Enforcement and Compliance no later than 14 days after the issuance of these preliminary determinations.¹¹ Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than seven days after the deadline for case briefs.¹² Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in these circumvention inquiries are encouraged to submit with each argument: (1) a statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.¹³

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing for a particular country, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice in the **Federal Register**. Requests should contain: (1) the requesting party's name, address, and telephone number; (2) the number of individuals from the requesting party that will attend the hearing and whether any of those individuals is a foreign national; and (3) a list of the issues that the party intends to discuss at the hearing. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date of the hearing.

U.S. International Trade Commission Notification

Consistent with section 781(e) of the Act, Commerce will notify the U.S. International Trade Commission (ITC) of these preliminary determinations to include the merchandise subject to these circumvention inquiries within the *Orders*. Pursuant to section 781(e) of

the Act, the ITC may request consultations concerning Commerce’s proposed inclusion of the inquiry merchandise.
